

Edgehill 1642

First battle of the English Civil War

Keith Roberts & John Tincey • Illustrated by Graham Turner

Edgehill 1642 The First Battle Of The English Civil War

KJ Lindholm-Leary

Edgehill 1642 The First Battle Of The English Civil War:

Edgehill 1642 John Tincey, Keith Roberts, 2005 This book tells how on 23 October 1642 the Royalist and Parliamentary Armies met at Edgehill for their first major engagement The battle did not prove decisive and the stage was set for a prolonged and bloody civil war

The English Civil War Peter Gaunt, 2014-05-09 Sir God hath taken away your eldest son by a cannon shot It brake his leg We were necessitated to have it cut off whereof he died In one of the most famous and moving letters of the Civil War Oliver Cromwell told his brother in law that on 2 July 1644 Parliament had won an emphatic victory over a Royalist army commanded by King Charles I's nephew Prince Rupert on rolling moorland west of York But that battle Marston Moor had also slain his own nephew the recipient's firstborn In this vividly narrated history of the deadly conflict that engulfed the nation during the 1640s Peter Gaunt shows that with the exception of World War I the death rate was higher than any other contest in which Britain has participated Numerous towns and villages were garrisoned attacked damaged or wrecked The landscape was profoundly altered Yet amidst all the blood and killing the fighting was also a catalyst for profound social change and innovation Charting major battles raids and engagements the author uses rich contemporary accounts to explore the life changing experience of war for those involved whether musketeers at Cheriton dragoons at Edgehill or Cromwell's disciplined Ironsides at Naseby 1645

The English Civil War Nick Lipscombe, 2020-09-17 The English Civil War is a joy to behold a thing of beauty this will be the civil war atlas against which all others will be judged and the battle maps in particular will quickly become the benchmark for all future civil war maps Professor Martyn Bennett Department of History Languages and Global Studies Nottingham Trent University The English Civil Wars 1638-51 comprised the deadliest conflict ever fought on British soil in which brother took up arms against brother father fought against son and towns cities and villages fortified themselves in the cause of Royalists or Parliamentarians Although much historical attention has focused on the events in England and the key battles of Edgehill Marston Moor and Naseby this was a conflict that engulfed the entirety of the Three Kingdoms and led to a trial and execution that profoundly shaped the British monarchy and Parliament This beautifully presented atlas tells the whole story of Britain's revolutionary civil war from the earliest skirmishes of the Bishops Wars in 1639-40 through to 1651 when Charles II's defeat at Worcester crushed the Royalist cause leading to a decade of Stuart exile Each map is supported by a detailed text providing a complete explanation of the complex and fluctuating conflict that ultimately meant that the Crown would always be answerable to Parliament

Edgehill From the keyhole Edwin Alfred Walford, 2014-07-21 The Battle of Edgehill of 22 October 1642 was the first great engagement of the English Civil War It was fought in the open fields between the villages of Radway and Kineton in Warwickshire At the end of the day although neither side at Edgehill could claim a decisive victory the result was that Charles won in so far as the road to London was now open to him However Charles did not take advantage of his opportunity His natural caution asserted itself and by the time his troops reached Reading Essex had regained London and a

fresh force of men prevented any further royalist advance Charles never again had so clear an opportunity to take London as he did after Edgehill New Unpublished finest colour plates A Brief Guide To British Battlefields David Clark,2015-02-26 A very readable work of reference offering a survey in chronological order from AD 84 to 1746 of the major battles which have taken place on British soil from the Roman occupation to Culloden the last battle fought on British soil In this way the book can be read as a continuous narrative while each entry also stands alone as a self contained guide The battles are grouped into relevant sections such as the Wars of the Roses the English Civil Wars and the Jacobite Rebellions within broader historical periods Each period is prefaced by a presentation of the nature of warfare and is enhanced by a feature article of specialist interest Every entry includes a narrative of events leading up to the battle a vivid description of the battle itself and an assessment of the long and short term consequences In addition there is useful information for visits including precise identification of the location details of access to and features of each site The book is illustrated throughout with maps and a plate section *The English Civil War* Martyn Bennett,2009-11-02 The English Civil War was a series of armed conflicts and political upheavals which spanned the British Isles in the mid seventeenth century It was fought on a wide range of religious political and racial issues and succeeded in dividing the traditional loyalties of class friendship and family ties within all four kingdoms This unprecedented period of disruption resulted in far reaching political revolution the re evaluation of political representation and social structure and ultimately laid the foundations of the British constitution we know today In *The English Civil War* Martyn Bennett introduces the reader to the main debates surrounding the Civil War from the St Giles riots in Edinburgh in 1637 to the restoration of Charles II in May 1660 Complete with biographies of the key personalities and descriptions of events battles and military institutions Bennett covers the run up to the conflict the wars themselves and the aftermath This comprehensive A Z companion to the history of the civil wars provides all the facts and figures that an armchair general would ever need *Battle Of Edgehill, 1642, In The English Civil Wars* André Geraque Kiffer,2023-08-03 The English Civil Wars between 1642 and 1651 were a series of political machinations between Parliamentarians the Roundheads and Royalists the Gentlemen mainly over the form of governance in England and issues of religious freedom The inconclusive outcome of the Battle of Edgehill on 23 October 1642 prevented any faction from gaining a quicker victory in the war In the battle simulation we will try to correct the failures presented in the historical analysis testing improvements in the maneuvers And then we will see which maneuver will prevail both being instructed with the best and with the maximum effort **First Battle of Newbury** John Barratt,2005-03-01 Late summer 1643 saw the Royalists in the English Civil War at the height of their military success After three months of almost unbroken victories the king s forces had gained control of much of the north and west of England whilst Prince Rupert s seemingly invincible cavalry raided out from Oxford to the outskirts of London Parliament s stronghold In July the wave of Royalist successes climaxed with the storming of Bristol It seemed that one more success might be sufficient to topple the Parliamentary leadership and lead to peace In a move to

consolidate their position prior to a final advance on London in August the Royalists laid siege to Gloucester However an anticipated easy success met with stern resistance until the garrison was eventually relieved by Parliament's principal remaining field army under the Earl of Essex But Essex now deep in hostile territory faced the difficult task of getting back safely to London A race with the king's forces ensued culminating in Essex's road being barred at Newbury Cut off from his base Essex had to stand and fight in a battle whose loss would mean the destruction of his army and in all probability total defeat for the Parliamentary cause On September 20 1643 some 30 000 men met outside Newbury in one of the largest battles of the English Civil War John Barratt's history the first detailed study of the battle of Newbury for over a century reveals a new interpretation of the battle and discovers the real reason why the Royalists lost

Famous Battles of the Early Modern Period Chris McNab, 2017-12-15 In Europe the early modern period lasted roughly from the fifteenth century to the eighteenth century During this time European nations expanded around the world and clashed in the process This book demonstrates how successful military campaigns determined the European nations that would become superpowers The book includes timelines maps and full color photographs to create a vivid portrait of some of history's most decisive battles

European War and Diplomacy, 1337-1815 William Young, 2003-10 The history of international relations and warfare of early modern Europe has gained popularity in recent years This bibliography provides a valuable listing of books dissertations and journal articles in the English language for scholars and general readers interested in diplomatic relations and warfare from the Hundred Years War to the Napoleonic Wars

The Making Of The British Army Allan Mallinson, 2009-11-10 Edgehill 1642 Surveying the disastrous scene in the aftermath of the first battle of the English Civil War Oliver Cromwell realized that war could no longer be waged in the old feudal way there had to be system and discipline and therefore eventually a standing professional army From the New Model Army of Cromwell's distant vision former soldier Allan Mallinson shows us the people and events that have shaped the British army we know today How Marlborough's momentous victory at Blenheim is linked to Wellington's at Waterloo how the desperate fight at Rorke's Drift in 1879 underpinned the heroism of the airborne forces at Arnhem in 1944 and why Montgomery's momentous victory at El Alamein mattered long after the Second World War was over From the British Army's origins at the battle of Edgehill to the recent conflict in Afghanistan The Making of the British Army is history at its most relevant and most dramatic

The Works of Aphra Behn: v. 1: Poetry Janet Todd, 2018-10-24 Aphra Behn 1640 1689 was one of the most successful dramatists of the Restoration theatre and a popular poet This is the first volume in a set of seven which comprises a complete edition of all her works This volume is a collection of her poetry
