*Educational Psychology* Stephen N. Elliott, Thomas R. Kratochwill, Joan Cook Littlefield, 2000-05-01 Educational Psychology Effective Teaching Effective Learning arms students with the current practical knowledge they need to become effective teachers The applied focus unique case study approach and real life context of the text give your students the important skills they need to become tomorrow s teachers for diverse classrooms and students Effective teaching requires more than straightforward teaching methods teachers need to know their students well and able to adapt their teaching style to a particular classroom and individual students The result effective learning Educational Psychology Effective Teaching Effective Learning provides more actual tools for future teachers than any other educational psychology text It arms students with current practical knowledge gives them excellent coverage of traditional and emerging topics in educational psychology offers a balanced theoretical orientation cognitive social and behavioral and consistently uses classroom examples to illustrate how these theories work The text provides excellent coverage of both traditional and emerging topics in educational psychology from a multi author team with complementary areas of expertise allowing for more overall depth and breadth In the third edition a new unique case study approach links text concepts and strategies to the actual practice of teaching Each section of the text begins with a case that is carried throughout the section s four chapters To help students problem solve in the classroom each chapter contains Case Notes and ends with ideas for improving the case situation Case Reflections Following each section is a feature called Teacher s Case Conference which offers informed discussion by real teachers The third edition greatly increases coverage of constructivism in chapters 2 7 and 8 The number of chapters has been reduced from 15 to 13 and an appendix on research methods has been added The strong applied focus of the text now uses five new themes for effective teaching running throughout the book communication motivation assessment learning and time A new feature TIPS Teaching Interaction Principles and Strategies provides over 100 brief summaries of key teaching principles throughout the text

Educational Psychology Robert E. Slavin, 2006 Slavin writes in such a way that concepts are very clear and examples illustrating the concepts are engaging and relevant Karen Huxtable Jester University of Texas at Dallas For the teacher candidate who is often encountering this material for the first time the tables organization and formatting of the chapters make this text eminently accessible Richard Battaglia California Lutheran University The major strength of this text is its relevance to effective teaching Slavin touches on various approaches and types of teaching and the consistent message of intentional teaching is evident Joshua S Smith University at Albany This edition continues to have in depth practical coverage with a focus on the intentional teacher It presents up to the minute research that a reflective intentional teacher can apply The eighth edition of this popular text from renowned educational psychologist Robert Slavin translates theory into practices that teachers can use in their classrooms and focuses on the concept of intentionality An intentional teacher according to Slavin is one who constantly reflects on his or her practice and makes instructional decisions

based on a clear conception of how these practices affect students To help readers become intentional teachers the author models best practices through classroom examples and offers questions to guide the reader New to This Edition NEW Teaching Dilemmas in all chapters introduce controversial issues of practice and ask students to reflect on their own beliefs with Reflective Questions NEW Certification Pointers throughout the text note text content likely to appear on state certification tests NEW Personal Reflections describe chapter related events from the author s own experience helping students relate to the text as the product of a real author s work Updated throughout with important new coverage on programs for English language learners Chapter 4 technology and No Child Left Behind Chapter 9 to keep students abreast of current trends and issues NEW IDEA updates are included in Chapter 12 NEW certification guides for state specific tests in California Texas New York and Florida as well as a general certification guide based on Praxis are available free with the text so that students can readily keep and use this text to prepare for their state certification tests Please visit the companion web site for this book at [www.ablongman.com/slavin8e](http://www.ablongman.com/slavin8e) to find practice quizzes web links activities and more Package this text with MyLabSchool a powerful set of online tools that bring the classroom to life See the inside cover and visit [www.mylabschool.com](http://www.mylabschool.com) for more information
