Educators Guide To Violence In Schools:

An Educator's Guide to Violence in Schools Eric M. Roher,2010-06 *Everyday School Violence* Sarah E. Daly,2018

The book aims to discuss the issue of small scale school violence While school shootings and safety are of the utmost concern among teachers students parents and the public many children suffer the effects of everyday violence that affect the learning environment and the sense of safety in schools Such violence can include bullying threats fistfights theft weapon carrying and more It offers an overview of aggression and violence including its theoretical causes and presentations especially in the context of development and schools It also outlines the effects of violence on schools and students The publication is particularly unique in that it will encourage the reader to slow down the violence and evaluate it frame by frame This technique used by the author in consultation has been effective in preparing school employees to address issues of violence encouraging them to evaluate their own willingness to intervene and identifying their own strengths and limitations By insisting that they have a plan of action the hope is that they will be better prepared when faced with student conflict even in the absence of a school plan Finally the book discusses basic program design and implementation practices to assist school administrators and professionals to create a tailored program to specifically address their own schools needs

Students Can Help Keep Schools Safe Julie Federico,2014-02-18

Students Can Help Keep Schools Safe is a timely book that addresses a subject we wish was non existent The message of this book enables children to be aware of potential danger as well as how to communicate and respond in a time of crisis Darrell Scott Founder and President of Rachels Challenge All schools are safe havens for students but it is critically important for students to report threatening behavior from classmates and to take proper steps when their safety is at risk from outside intruders This book shares some ideas on how to make school environments safer Michael Kehoe Chief of Police Newtown Connecticut While we continue to work on building a safer and more aware society this kind of book is important

The Bad Guys Julie Federico,2013-07-09

The Bad Guys is a timely book that addresses a subject we wish was non existent The message of this book enables children to be aware of potential danger as well as how to communicate and respond in a time of crisis Darrell Scott Founder and President of Rachels Challenge All schools are safe havens for students but it is critically important for

students to report threatening behavior from classmates and to take proper steps when their safety is at risk from outside intruders This book shares some ideas on how to make school environments safer Michael Kehoe Chief of Police Newtown Connecticut While we continue to work on building a safer and more aware society this kind of book is important The Bad Guys begins teaching kids what is normal to see at school and what is not and what they should do if they hear or see something that does not seem normal in the context of school safety Laura Fronckiewicz Moms Demand Action for Gun Sense in America Colorado Chapter Co Leader The Bad Guys A Students Teachers Guide to School Safety and Violence Prevention is a much needed guide to promote school safety and violence prevention This book directs students on recognizing potential danger and preparation if such an event occurs The book offers students a pro active approach to violence prevention As a supplement staff members are supported by a teachers guide for educators and bonus student journal section Parents and educators will appreciate the simple nonthreatening language that creates a school safety message that every child must hear This book has the potential to save many lives *Seeking Safer Schools* Gerald W. Boyd, 2000 This book examines some of the causes of violence in schools It discusses school violence over the past 30 years and tracks the most common directions student violence takes The text emphasizes the importance of partnerships in reducing violence with students parents God the community and law enforcement and looks at ways to improve these relationships It describes how educators may improve campus safety by calling on people technology planning training and the law It also emphasizes that the economic costs involved in enhancing student safety need not be excessive through the careful use of people technology facilities the law training and practice schools can significantly heighten their students safety However since the unthinkable sometimes happens in the best schools ways that educators should react to an armed assault are likewise discussed along with an outline of tactics that can significantly improve the chances of survival The book concludes with suggestions for a long term solution to on campus violence and offers thoughts derived from the author s many years of observing firsthand the escalation of violence in the U S Two appendices provide further information on sexual harassment policies and the penal code RJM **EFFECTIVE RESPONSE TO SCHOOL VIOLENCE** Tony L. Jones, 2001-01-01 This timely and comprehensive guide is designed to meet the security response needs of both educators and law enforcement personnel by detailing how an effective response plan can be developed to deal with the issue of school violence By implementing the guidelines detailed in this book those in responsible positions can help prevent the incalculable costs of death facility destruction disruption of operations negative public perception and the resulting embarrassment that these acts cause The information presented will help reduce the amount of collateral damage to the threat area and adjacent areas It is designed to expand the effectiveness and performance of special response police forces fire department personnel medical aid personnel and ancillary support personnel as well as provide a comprehensive guide to school administrators and other educators who are concerned with school safety issues The main idea behind this book is the principle of saving lives when all other proactive means have failed

It focuses on the elements of rapid containment area control and the re securing of the affected area The author emphasizes that time is an essential factor the longer the perpetrators remain active the higher the likelihood that additional people will be killed In addition the book is designed to generate a detailed analysis of possible contingency plans for respective emergency responders An analysis is also included that is site specific and which will help to streamline the planning efforts of all emergency responders thus heightening personnel survivability and mission success It is a must read for those who are responsible for school safety and security
