Disney Channel's Extraordinary Girls Christina H. Hodel, 2024-03-12 Between 2001 and 2011 Disney Channel produced several sitcoms aimed at tweens that featured female protagonists with extraordinary abilities e.g. celebrity and super magical powers In this book Christina H. Hodel argues that while male counterparts in similar programs openly displayed their extraordinariness the female characters in these programs were often forced into hiding and secrecy which significantly diminished their agency She analyzes sitcom episodes commentary in magazine articles and web based discussions of these series to examine how they portrayed female youths and the impact it had on its adolescent viewers Combining close readings of dialogue and action with socioeconomic and historical contextual insights Hodel sheds new light on the attitudes of the creators of these programs mostly white middle aged Western heterosexual males and the long term impact on women today Ultimately her analysis shows these blockbuster sitcoms reveal that despite Disney's progress toward creating empowered girls the network was and still is locked into tradition This book is of interest to scholars of Disney studies cultural studies television studies and gender studies

Home Sweet Home Elizabeth Patton, Mimi Choi, 2014-01-23 Coeditors Elizabeth Patton and Mimi Choi argue that an in depth examination of media images of housework from the mid nineteenth century to the early twenty first century is long overdue Modern depictions often imply that certain concerns can be resolved through excessive domesticity reflecting some of the complicated and unfinished issues of second wave feminism *Home Sweet Home Perspectives on Housework and Modern Relationships* reveals how widespread the cultural image of perfect housewives and the invisibility of household labor were in the past and remain today In this collection of essays contributors explore the construction of women as homemakers and the erasure of household labor from the middle class home in popular representations of housework They concentrate on such matters as the impact of second wave feminism on families and gender relations of popular culture especially in film television magazines and advertising on our views of what constitutes home life and gender relations and of changing views of sexuality and masculinity within the domestic sphere *Home Sweet Home* will interest students and scholars of gender cultural media and communication studies sociology and American history and appeal to anyone curious about housework gender relations and popular culture
