

# Dividend Yield

## What is a Good Dividend Yield?

The dividend yield is a bit like Goldilocks's porridge – it can't be too hot or cold; instead, it must be just right. A "good" payout rate can vary depending on the company and sector.

## How is it Determined?

- Consider the stock sector.
- Analyze the company balance sheet.
- Calculate the company's dividend payout ratio (DPR).
- Review the company's dividend history.
