What Is the Good Life? Luc Ferry, 2005-06-15 Has inquiry into the meaning of life become outmoded in a universe where the otherworldliness of religion no longer speaks to us as it once did or as Nietzsche proposed where we are now the creators of our own value Has the ancient question of the good life disappeared another victim of the technological world For Luc Ferry the answer to both questions is a resounding no In *What Is the Good Life* Ferry argues that the question of the meaning of life on which much philosophical debate throughout the centuries has rested has not vanished but at the very least the question is posed differently today Ferry points out the pressures in our secularized world that tend to reduce the idea of a successful life or good life to one of wealth career satisfaction and prestige Without deserting the secular presuppositions of our world he shows that we can give ourselves a richer sense of life s possibilities The good life consists of harmonizing life s different forces in a way that enables one to achieve a sense of personal satisfaction in the realization of one s creative abilities *California 2009*, 2008-11-18 Includes information on hotels and resorts restaurants beaches walking and driving tours nighttime entertainment shopping and sights of interest
