evil in daily life Beside presenting the first full scale monograph on the Evil Eye in the Bible and the biblical communities volumes 3 and 4 the volumes summarize a century of research since the milestone two volume study of Siegfried Seligmann *Der böse Blick und Verwandtes* 1910 and they describe the ecological historical social and cultural contexts within which the biblical texts are best understood Throughout the study the Evil Eye in antiquity is treated not as an instance of vulgar superstition or deluded magic but as a physiological psychological and moral phenomenon whose operation was deemed explicable on rational grounds
