Gorbachev's Russia and American Foreign Policy Seweryn Bialer, Michael Mandelbaum, 1988 The New Russia Mikhail Gorbachev, 2016-06-08 After years of rapprochement the relationship between Russia and the West is more strained now than it has been in the past 25 years Putin s motives his reasons for seeking confrontation with the West remain for many a mystery Not for Mikhail Gorbachev In this new work Russia s elder statesman draws on his wealth of knowledge and experience to reveal the development of Putin s regime and the intentions behind it He argues that Putin has significantly diminished the achievements of perestroika and is part of an over centralized system that presents a precarious future for Russia Faced with this Gorbachev advocates a radical reform of politics and a new fostering of pluralism and social democracy Gorbachev s insightful analysis moves beyond internal politics to address wider problems in the region including the Ukraine conflict as well as the global challenges of poverty and climate change Above all else he insists that solutions are to be found by returning to the atmosphere of dialogue and cooperation which was so instrumental in ending the Cold War This book represents the summation of Gorbachev s thinking on the course that Russia has taken since 1991 and stands as a

Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology Russia's Bitter Path to Modernity Alexander Chubarov, 2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia The Fragile Empire One of the key factors to Russia s distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia s Soviet development within Russia s own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former s mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states
