Owen,2002-11-19 Not all casualties of war die on the battlefield In the wake of World War II Yugoslavia purged its territory of the ethnic Germans who had formed a part of its human mosaic Tarrred with their ethnic origins and the conscription of their fighting age men into the Waffen SS the Volksdeutsche as these settlers were called were rounded up at the war s end and herded into concentration camps Those who were not murdered or did not die from the harsh conditions were expelled from the village homes their families had known and loved for three hundred years Nine years old when she entered the concentration camp in 1945 author Luisa Lang Owen survived the persecution of the Danube Swabians eventually finding herself in America where she made a new life for herself a life that nonetheless held within it the memories and lessons of the atrocities she had experienced in her homeland Like thousands of other Germans in the Danube Valley at the end of the war Luisa and her family were chased from their home lodged in a sheep stall and resettled in camps with other Germans from her village Shorn of their possessions given little food or fuel pressed into hard labor beaten by guards and separated from their families many despaired and many died Luisa barely survived as others succumbed to malnutrition disease and exposure Her haunting memoir provides a window into the ethnic cleansing that preceded the recent exterminations in Bosnia and Kosovo by fifty years an episode of horrors that has not appeared as even a footnote in descriptions of the more recent atrocities practiced in that region Her testament as a casualty of war bears historic witness and gives insight into the personal experiences of ethnic cleansing It stands as witness to a massive crime that has been conveniently forgotten a corrective to a bit of neglect that did away with its victims as a people and a personal depiction of what ethnic cleansing is really about The problem was not just that they did not want us to have or to be Luisa Lang Owen writes they wanted us not to have been

Southampton at War, 1939-45 John J. Eddleston,2017-06-30 In the Great War of 1914 1918 Southampton played a vital role in the war effort Designated as Port Number One it saw hundreds of thousands of men and many tons of equipment sail for the fields of Belgium and France The Second World War was a completely different type of war Hitlers blitzkrieg tactics led to a more mobile war and arguably for the first time airpower played a crucial role Whoever had superiority in the air had a massive advantage in any particular theater or battle This does not however mean that Southamptons role was relegated to a minor one Southamptons men still enlisted in their hundreds Her women took over roles in factories on buses and trams and many of them also served in the armed forces Her citizens formed defense groups and helped to watch for the enemy invasion and those same citizens suffered greatly when the bombs fell The Southampton Blitz claimed many lives and this perhaps was the greatest difference the town saw in this second global conflagration It is true that her citizens had also served in the Great War but now through the efforts of the Luftwaffe these men women and children were now also in the front line Hitler once described Germanys plans as total war The phrase is certainly apt when one considered how the towns and cities of Britain suffered during the Nazi supremacy One of those towns was Southampton a town that once again just 20 short years after she had given so much had to brace herself for long years of war in which every single person had their role to play And once again Southampton and her citizens were not found wanting

The Peculiar Sanity of War Celia Malone Kingsbury,2002 During wartime paranoia gossip and rumor become accepted forms of behavior and dominant literary tropes The Peculiar Sanity of War examines the impact of war hysteria on definitions of sanity and on standards of behavior during World War I Drawing upon Joseph Conrad s comprehensive understanding of war s impact on soldiers and civilians alike and extending Michel Foucault s construction of madness and reason Kingsbury expands the definition of war neurosis to include peculiar sanity at home as well as on the front lines While other investigations of World War I consider shell shock to be the only definable war madness Kingsbury is the first to build a powerful argument around the insanity of the home front s vilification of the enemy Ultimately Kingsbury s study establishes

peculiar sanity among civilians and soldiers as an inevitable response to war's madness The Peculiar Sanity of War begins by locating the roots of war mania in Edwardian hypocrisy then moves on to examine the way propaganda operates in nontraditional texts such as housekeeping guides and in the novels of Joseph Conrad Ford Madox Ford H G Wells Rebecca West Edith Wharton Willa Cather Rudyard Kipling Virginia Woolf and H D Celia Kingsbury's eloquent and moving book brings together war and madness in unexpected ways Beginning with a phrase from Joseph Conrad she diagnoses the condition of a culture gone awry a peculiar sanity from Laurence Davies's foreword *The War Powers of the President* William Whiting, 1862 Global Cold War Literature Andrew Hammond, 2011-12-21 In countries worldwide the Cold War dominated politics society and culture during the second half of the twentieth century Global Cold War Literatures offers a unique look at the multiple ways in which writers from Asia Africa Europe and North and South America addressed the military conflicts revolutions propaganda wars and ideological debates of the era While including essays on western European and North American literature the volume views First World writing not as central to the period but as part of an international discussion of Cold War realities in which the most interesting contributions often came from marginal or subordinate cultures To this end there is an emphasis on the literatures of the Second and Third Worlds including essays on Latin American poetry Soviet travel writing Chinese autobiography African theatre North Korean literature Cuban and eastern European fiction and Middle Eastern fiction and poetry With the post Cold War era still in a condition of emergence it is essential that we look back to the 1945-89 period to understand the political and cultural forces that shaped the modern world The volume's analysis of those forces and its focus on many of the hot spots Afghanistan Iran North Korea that define the contemporary war on terror make this an essential resource for those working in Postcolonial American and English Literatures as well as in History Comparative Literature European Studies and Cultural Studies Global Cold War Literatures is a suitable companion volume to Hammond's Cold War Literature Writing the Global Conflict also available from Routledge

The British Police and Home Food Production in the Great War Mary Fraser, 2024-06-25 This book explores the role of the British Police in home food production during the First World War a critical time when decreasing food imports threatened population starvation around the country Drawing from the police's most popular weekly journal the book provides insights into policemen's lives the political context in which they worked and the pressures on police forces throughout Britain during the Great War Unlike neighbouring countries in Europe Britain avoided major food riots due to government control of farming from December 1916 which prioritised agriculture to feed the nation The police force released over 400 policemen in England and Scotland to serve as ploughmen from March 1917 for around two months Almost a third of policemen throughout Britain had previous agricultural backgrounds and so were welcomed by farmers as experienced workers This book illustrates not only why the food crisis arose and the state of British farming during the war but it also sheds light on how individual police forces were approached and encouraged to release their policemen at a time when police

forces themselves were critically short of staff due to recruitment into the war The author discusses how the release of policemen into agriculture as first responders benefitted the police and provided surveillance over home food production in the national interest **New York Magazine** ,1991-04-22 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Racial Imaginary of the Cold War Kitchen** Kate A. Baldwin,2015-12-22 This book demonstrates the ways in which the kitchen the centerpiece of domesticity and consumerism was deployed as a recurring motif in the ideological and propaganda battles of the Cold War Beginning with the famous Nixon Khrushchev kitchen debate Baldwin shows how Nixon turned the kitchen into a space of exception while contemporary writers artists and activists depicted it as a site of cultural resistance Focusing on a wide variety of literature and media from the United States and the Soviet Union Baldwin reveals how the binary logic at work in Nixon s discourse setting U S freedom against Soviet totalitarianism erased the histories of slavery gender subordination colonialism and racial genocide The Racial Imaginary of the Cold War Kitchen treats the kitchen as symptomatic of these erasures connecting issues of race gender and social difference across national boundaries This rich and rewarding study embracing the literature film and photography of the era will appeal to a broad spectrum of scholars **Speeches Concerning Politics and Government During the Civil War Period** ,1864 *Turkish Life in War Time* Henry Otis Dwight,2024-04-30 Reprint of the original first published in 1881 War on Crime Claire Bond Potter,1998 The first book to look at the structural legal and cultural aspects of J Edgar Hoover s war on crime in the 1930s a New Deal campaign which forged new links between citizenship federal policing and the ideal of centralized government WAR ON CRIME reminds us of how and why our worship of violent celebrity hero G men and gangsters came about and how we now are reaping the results 10 photos **North Carolinians in the Era of the Civil War and Reconstruction** Paul D. Escott,2008 Although North Carolina was a home front state rather than a battlefield state for most of the Civil War it was heavily involved in the Confederate war effort and experienced many conflicts as a result North Carolinians were divided over the issue of
