**Gotham Comes of Age** Peter Simmons, 1999 Arranged thematically the photographs showcased here are but a sampling from about 22 000 images produced by the Byron Company's New York City commercial studio over a 50 year period And for 40 of those years Mrs Joseph Byron oversaw the photo printing work for what is usually thought of as a father and son enterprise The Museum of the City of New York acquired the negatives and prints when the firm closed in 1942 Three earlier books on the Byron Collection failed to show the breadth of the collection which was recently revealed during an archiving project funded by the National Endowment for the Humanities With their large format cameras the Byrons went beyond the sheltered world of the upper classes in their elegant houses and ocean liners Also included are documentary images of Lower East Side tenements recently arrived steerage passengers and the African American neighborhood west of Columbus Circle The reproduction quality here is excellent and the interpretive captions lend meaning to these definitive views of early 20th century New York City Highly recommended for photography architecture and urban studies collections Kathleen Collins Bank of America Archives San Francisco Library Journal Dwellers in Gotham J. Wesley (James Wesley) Johnston, 2012-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy Dwellers in Gotham Annan Dale, 2015-07-03 Excerpt from *Dwellers in Gotham A Romance of New York* Now Vaughan as your guide philosopher and friend let me give you some good advice It is very evident that you don't understand Gallio this however is only natural as he was before your time It is a disadvantage to be either behind or before your age David Israel's favorite king had the good sense to serve his own generation which accounts for his general success These Utopian men who insist upon climbing the hills of futurity and planning for the interests of unborn millions are exceedingly tiresome It is true that Solomon did not say make hay while the sun shines but he did say The churning of milk bringeth forth butter which means practically the same thing Take my advice and churn milk Improve the breed and condition of the cows see that the pasturage is good get the latest and most improved churn let butter be your objective point The world insists upon your making butter and the more of it you can make and market the better for yourself and all concerned About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such
