Skaarup, 2000-09-04 Suppose you could communicate with a visitor who was not from this place time space or even this dimension What would you want to ask them The answers probably lie in what our own response would be if we were them This book is based on a collection of interviews I have had with a few individuals who may have actually had such an experience The idea is that if enough of us are ready to ask the questions and gain the answers then our collective knowledge and understanding of the multiverse about us can only continue to be enhanced Sometimes the responses that you will read here are similar often they are diametrically opposed to each other An open but highly skeptical mind is extremely necessary if you are going to sift through

the data that is presented in this book The intent is that it should peak your curiosity to learn more about visitors In this way we may be better informed and prepared and thus in some sort of coherent shape to deal with their arrival If you read this book you must be well prepared to choose for yourself what you will or will not believe *Energy Medicine* C. Religion of Christians is a book about the hidden history of the New Testament where it not only reveals the scripture's mysterious origin but also its very unique and clandestine creation. In this book the reader will learn that Christianity the religion that people sincerely believe and practice today is not the religion of Christ. Instead it is the religion of an overzealous disciple who was able to gain possession of every gospel and almost every epistle in addition to most of the other manuscripts related to early church affairs and then after the death of the apostolic authors edit and rewrite them to reflect his peculiar religious beliefs and philosophy. For instance he conflated Jesus with God and called him Lord. That disciple is identified as Lucius the Bishop of Cyrene who unfortunately never understood the spiritual nature of man, the spiritual resurrection of Christ or the purpose for why God sent Christ on a mission to Earth. As a consequence of ignorance and the lack of understanding by Lucius man has unknowingly accepted the false and unorthodox beliefs of Lucianity which have been incorporated into the creeds, gospels, epistles and a host of other bible-related documents. This newly discovered information was deciphered by a seasoned detective when he deconstructed the 2000-year-old biblical scripture line by line and verse by verse. All Christians who number in the billions today will be stunned and perplexed by his findings especially all the ministers who promote the Bible as the true word of God. Some of it is and some of it isn't nevertheless this book identifies God's true word in Isaiah and Daniel and it even illustrates the exactness and preciseness of His word plus other prophetic scripture by the use of numerous exhibits since the detective believes a picture is worth a 1000 words. Christ flipped over the tables of the money changers signifying the coming end to the desolation that existed in the Jewish Temple. In like manner the detective has upset an applecart full of false beliefs which will hopefully awaken people to the realization of Lucianity or modern-day desolation and usher in the resurrection of true Christianity. Christians will learn the unvarnished truth about their ascribed beliefs for probably the first time in 2000 years and more particularly how they have been bamboozled and conned by a very clever disciple. The Bible is the most sold and most read book in the entire world and yet not a single person in the world has recognized the fact that at least 75% of the scripture in the New Testament is really the prodigious work of a secretive behind-the-scenes apostolic era Bishop. In his writings Lucius used ancient manuscripts and even a book by Flavius Josephus to write various gospel chapters not the spoken words of Jesus. While looking over the Detective's shoulder the reader will see and learn exactly how he identified all the fraud implanted into the pages of the Bible via easy-to-understand scriptural analysis and a variety of exhibits. As such reading the New Testament is generally a waste of time unless one has the persistence capability and patience to do a thorough time-consuming focused multi-year forensic exam like the one contained inside the pages of the book Lucianity. No similar criminal investigation of the Bible has ever been completed and no similar book exists. If a person is searching for just the facts regarding their Christian faith then the Detective assures all seekers of truth that they will know more about the Bible God Moses Isaiah Daniel and Christ i.e. the Anointed One of God after reading Lucianity than they ever will by reading Biblical scripture. And more importantly if they

truly understand the message of Jesus Christ as revealed within the pages of this book they should also learn something about themselves no matter their status rank position race or sex their incarnation is not an accident of nature but a self chosen deliberate purposeful spiritual event Just like Christ every man woman and child has come to Earth in order to fulfill a spiritual mission not to fulfill a short sighted worldly aspiration for material goods and wealth **Nearing Death**

Awareness Mary Anne Sanders,2007-04-15 This book presents a variety of experience based perspectives on working in palliative care Emphasising the use of self and the importance of reflective practice in professional work the book will be of relevance to professionals in medical and social care who want to gain a deeper understanding of their work and of the motivation underlying it Claiming Knowledge Olav Hammer,2021-11-08 This volume deals with the transformation of

unchurched religious creativity in the late modern West It analyzes the ways in which the advance of science globalization and individualism have fundamentally reshaped esoteric religious traditions from theosophy to the New Age This publication has also been published in paperback please click here for details *Mountain Mysteries* Larry D. Thacker,2006-11 A near obsessive pursuit of ghost stories and odd superstitions cranks up this serious study of Appalachian tales of the supernatural and their origin in both old world customs and real historical events An effort to preserve and record one aspect of a dying way of life the book relies on interviews and historic documents to search for the facts behind local lore of murder witchcraft and weird hauntings Several campfire worthy ghost stories are recounted in their entirety including The Swinging Gate of Fern Lake Hollow and an unexpectedly large number of stories about aliens and UFOs provide an interesting comparison of three century old mysteries and those stirred up in comparatively recent times **To Be Oneself** Abdallah

Nacereddine,2008-05-13 This autobiography gives a detailed account of his childhood in a primitive society and the conditions prevailing during the Franco Algerian conflict and its aftermath The book describes his search for a place to settle and his quest to find a niche in society and his chosen profession tracing his philosophical and psychological course through life It portrays life in the Muslim community in the USA the author s relationships with people of all walks of life and origins and his teaching experiences in an international multicultural context Widely read in world philosophy and religions and psychology Abdallah Nacereddine provides a penetrating insight into human nature the world over with the accounts of his experiences from philosophical and psychological points of view and his comments on the international events in which he was caught up His life history is sometimes sad often funny but above all thought provoking **Aquatica: književnost,**
