Edge Of Certainty Dilemmas On The Buddhist Path:

The Edge of Certainty Peter G. Fenner, 2002 This intriguing book challenges common conceptions and misconceptions about traveling the Buddhist path to enlightenment The author asks the questions that some dare not Is spiritual freedom gained through effort and struggle or by giving up our need for things to be different How do we really know if our spiritual activities are moving us closer to our goal or just keeping us from experiencing freedom in the here and now Does our need for spiritual guidance point us in the right direction or is it simply an expression of our habitual and futile need to know what cannot be known Peter Fenner approaches these questions by first providing clear and illuminating summaries of the orthodox and unorthodox ways of the many different Buddhist traditions He traces his own experiences with such practices as mindfulness meditation Vipassana the transformational tools of Tantra and the natural meditations of the Dzogchen tradition He contrasts the traditional approach of change through practice with the non traditional Western need for immediacy Fenner shows us how the paradoxes that emerge on the spiritual path can be used to deconstruct our fixations about getting it or losing it if I give up everything will I gain fulfillment Ultimately he provides answers that are as proactive as his questions

Between Certainty and Finitude Aucke Forsten, 2006 This book confronts two ways of approaching an Indo Buddhist text with one another The first is the historico philological method which takes the Cartesian ideal of certainty as its starting point The second approach follows the lead of the philosophy of Hans Georg Gadamer This approach assumes that all human understanding is finite In this light it raises questions such as what are the preliminary assumptions with which a buddhologist addresses a buddhist text In analogy with these two ways of looking at a text the book is divided into two parts Part One is a historico philological study of the Sanskrit compound sva citta dr sya matra as it is represented in the second chapter of the Indo Buddhist text Lankavatara sutra fifth century Part Two then examines the unquestioned acceptances of this buddhological research from a philosophical point of view The book opens up an entirely new perspective on methodological problems concerning any study of an alien culture *The Noble Eightfold Path* Bhikkhu Bodhi, 2010-12-01

The Buddha's teachings center around two basic principles One is the Four Noble Truths in which the Buddha diagnoses the problem of suffering and indicates the treatment necessary to remedy this problem The other is the Noble Eightfold Path the practical discipline he prescribes to uproot and eliminate the deep underlying causes of suffering The present book offers in simple and clear language a concise yet thorough explanation of the Eightfold Path Basing himself solidly upon the Buddha's own words the author examines each factor of the path to determine exactly what it implies in the way of practical training Finally in the concluding chapter he shows how all eight factors of the path function in unison to bring about the realization of the Buddhist goal enlightenment and liberation **Satan and Mara** Boyd, 2018-11-13 [How to Meditate on the Stages of the Path](#) Kathleen McDonald, 2024-11-12

Deepen your meditation by diving into the practices of the lamrim the stages of the path to enlightenment Buddhist tradition tells us that enlightenment is possible for each and every one of us It's actually the best thing we can do for others and for the world but also the best thing we can do for ourselves because it means being free from all misery pain depression dissatisfaction and negative emotions and abiding forever in peace joy love and compassion What could be more wonderful than that Kathleen McDonald Sangye Khadro a Western nun with decades of experience and author of the bestselling book *How to Meditate* guides us through the next step in our meditation practice the transformative meditations on the Tibetan lamrim stages to enlightenment She helps us see that the whole purpose of meditation is to transform our mind in a constructive way For this to happen we need to become so thoroughly familiar with the lamrim topics that they become our natural way of thinking and living our life This warm and encouraging guide takes us through meditations on these lamrim topics such as impermanence refuge karma the four noble truths bodhichitta the six perfections giving ethics patience joyous effort concentration and wisdom *How to Meditate on the Stages of the Path* offers practical advice support and step by step guidance on how to meditate on the stages of the path to enlightenment that will transform the practice of new meditators and seasoned practitioners alike **The End of Divine Truthiness: Love,**

Power, and God Paul Joseph Greene,2017-08-01 In *The End of Divine Truthiness* Paul Joseph Greene confronts stark realities of terrifying theologies that make a mockery out of divine love With urgent resolve Greene answers Martin Luther King Jr s pointed challenge to overcome reckless and abusive power without love and sentimental and anemic love without power Too many theologies cast God either as the tyrant whose loveless power lifts up the mighty or the victim whose powerless love sends the poor away empty Wielding Stephen Colbert s word truthiness as a scalpel Greene slices out one perilous theology after another to restore the wholesome truth that God is love Supported by three world religions Buddhism Christianity and Taoism he discovers a remarkably harmonious and revolutionary divine power that is fully aligned with divine love To reunify love and power here in the world as King challenges it is time to abandon ideologies of divine power that devastate divine love and promote atrocities Greene s call for the end of divine truthiness heralds a new day for the God whose love is power and whose power is love
