Edmonia Lewis:

Child of the Fire Kirsten Buick, 2010-02-17 *Child of the Fire* is the first book length examination of the career of the nineteenth century artist Mary Edmonia Lewis best known for her sculptures inspired by historical and biblical themes Throughout this richly illustrated study Kirsten Pai Buick investigates how Lewis and her work were perceived and their meanings manipulated by others and the sculptor herself She argues against the racist art discourse that has long cast Lewis's sculptures as reflections of her identity as an African American and Native American woman who lived most of her life abroad Instead by seeking to reveal Lewis's intentions through analyses of her career and artwork Buick illuminates Lewis's fraught but active participation in the creation of a distinct American national art one dominated by themes of indigeneity sentimentality gender and race In so doing she shows that the sculptor variously complicated and facilitated the dominant ideologies of the vanishing American the notion that Native Americans were a dying race sentimentality and true womanhood Buick considers the institutions and people that supported Lewis's career including Oberlin College abolitionists in Boston and American expatriates in Italy and she explores how their agendas affected the way they perceived and described the artist Analyzing four of Lewis's most popular sculptures each created between 1866 and 1876 Buick discusses interpretations of *Hiawatha* in terms of the cultural impact of Henry Wadsworth Longfellow's epic poem *The Song of Hiawatha* *Forever Free* and *Hagar in the Wilderness* in light of art historians' assumptions that artworks created by African American artists necessarily reflect African American themes and *The Death of Cleopatra* in relation to broader problems of reading art as a reflection of identity

Edmonia Lewis Charlotte Etinde-Crompton, Samuel Willard Crompton, 2019-12-15 Edmonia Lewis was a free woman of color who gained recognition as a sculptor during the Civil War Of black and Native American heritage she stood out in the largely white and male dominated art world At first she struggled to find sculptors willing to mentor her but Lewis was determined to succeed and opened an art studio in 1864 Her early works included busts of Native Americans and abolitionists a community that helped her career thrive Readers will learn that a move to Rome in 1866 raised her to international fame Against all odds she achieved unimaginable success as an artist Inspire readers by introducing them to Edmonia Lewis

The Indomitable Spirit of Edmonia Lewis. Albert Henderson, Harry Henderson, 2021-11-17 Winner of the eLit GOLD award Illuminating Digital Publishing Excellence Edmonia Lewis was the first famous colored sculptor and the first to idealize her African and American Indian heritages in stone She flourished from 1864 through 1878 and as an artist was a rare instrument for social change in the aftermath of the Civil War She pressed her case for equality from her studio in Rome Italy and with annual tours of the United States Our new narrative of Lewis's life and art updates many established facts well beyond erroneous birth and death dates with more than 100 000 words 50 illustrations 800 references bibliography index and a reference list of more than 100 works with notes on museum holdings It is based on private letters public

documents essays hundreds of news items reviews of her work museum collections and more than two dozen published interviews It reveals how a world biased against her color class gender and religion received her Of special interest to African American and American Indian studies as well as art women s and American history the narrative opens an abundance of previously unrecognized sources reinterprets important relationships names missing works and corrects the identification of an important portrait Students of the nineteenth century will find it a cool counterpoint to the bitter rage of Civil War and Reconstruction Readers familiar with her legendary icons of race may be surprised by her many portraits and her untold moves to Paris and London They will also find answers to long standing questions Where when and how did she die Why did her encounter with a bronze Ben Franklin leave her reeling Why did she idealize a woman with African features only once in her career Why did she never cite the now famous Forever Free after her first interviews in Rome Why did she have to stalk Henry Wadsworth Longfellow through the streets to make his portrait Where was her studio How often did she tour America How did she enter her work in the 1876 Centennial expo which had barred colored people absolutely What were her relationships with fans mentors and fellow sculptors Who were her rivals her best friends and her worst enemies Fresh evidence never before collected and collated argues a novel motive for her erotic masterwork the Death of Cleopatra which sits apart in her oeuvre like a hussy in a small town church Newly realized sources also change our view of her childhood and provide ample support to refute distortions of her personal character sexuality and appearance Harry Henderson was co author with Romare Bearden of the landmark History of African American Artists from 1792 Pantheon 1993 and 6 Black Masters of American Art Doubleday 1972 Albert Henderson has contributed to a number of learned journals and books

accounts of the period In this volume Woods restores their artistic legacies and redeems their memories introducing these significant artists to rightful new audiences

Pieces of Freedom Lee Ann Timreck, 2023-07-31 The history of racism in America is also the history of ordinary Black Americans who accomplished extraordinary things in their pursuit of freedom Faced with oppression throughout their journey they built vibrant communities and lived purposeful lives Pieces of Freedom The Emancipation Sculptures of Edmonia Lewis and Meta Warrick Fuller brings that history to life by analyzing the first fifty years of Black freedom through the emancipation sculptures of two nineteenth century African American sculptors Mary Edmonia Lewis 1844 1909 and Meta Warrick Fuller 1877 1968 Lewis's and Fuller's sculptures and their visual narrative of a people's strength and humanity in the face of oppression present a textured historical diorama of Black life during an era of transformative yet sorrowful events In this book Lee Ann Timreck integrates Lewis's and Fuller's visual narrative with oral narratives of the newly emancipated all set within the historical context of Reconstruction segregation and Jim Crow The sculptures also reflect the artists' gendered perspective of emancipation conveying a strong narrative on the contributions and sacrifices made by newly freed Black women These emancipation sculptures provide both a historical narrative of the Black emancipation experience and a moral narrative of America's failure to create a nation where all men are created equal Pieces of Freedom challenges the twenty first century reader to learn and accept this history so we might address our nation's lingering social and economic injustices
