Howard, Betty Fry Williams, Denielle Miller, Estee Aiken, 2013-08-16 This title is only available as a loose leaf version with Pearson eText or an electronic book Once again the author team of Vikki F Howard Betty Fry Williams Denielle Miller and Estee Aiken have written a comprehensive introduction to early childhood special education and early intervention resource for professionals preparing to work with infants toddlers and preschool children with disabilities and their families Very Young Children with Special Needs A Foundation for Educators Families and Service Providers Loose Leaf Version 5 e remains a foundational text that is practical offering readers a thorough review of early intervention and early childhood special education and the most detailed information available about the causes of disabling conditions in young children Readers will be provided with best practices for supporting diverse families five philosophical issues important to effective intervention and support to young children and their families and unique coverage of typical child development across physical emotional language and cognitive domains

*Young Children with Special Needs* Stephen Hooper, Warren Umansky, 2013-08-27 This title is only available as a loose leaf version with Pearson eText The definitive resource for early interventionists for over thirty years Young Children with Special Needs 6 e is the field s classic book on early childhood special education Taking a unique perspective it offers readers a solid foundation in child development and addresses how children with special needs develop differently Rich with expertise this edited work features contributions from leading educators within each developmental domain Chapters explore assessment and early intervention and the role diversity and technology play in both New to this edition are two expert authors an increased emphasis on family partnerships and a separate chapter dedicated to fine motor and oral motor development

**Educating Young Children with Autism Spectrum Disorders** Erin E. Barton, Beth Harn, 2014-01-07 According to the CDC one in fifty American children is diagnosed as having an autism spectrum disorder This means more school aged children are entering classrooms with ASDs and teachers are being called upon to help facilitate their learning Educating Young Children with Autism Spectrum Disorders is aimed at providing strategies for teachers school counselors and psychologists to help address the needs of children on the spectrum as well as their families

Erin E Barton and Beth Harn draw on current research and practices to discuss the possible causes of autism and to help prepare educators not only for teaching children in the classroom but also for providing families with the tools necessary to continue the educational process at home Included are topics such as Improving communication and socialization Developing instructive lessons Assessing students progress Including families in educational goals Finding students special interests and using those to help facilitate learning Managing challenging behavior And more Including forms charts and a range of classroom activities this is the only resource you will need to gain the insight and tools for making a difference in the educational lives of young children with autism

**Sharing Perspectives for Educating Young Children with Disabilities** Nancy Sall, Catherine Hall Rikhye, Darnell Carr Newsum, Samreen Hoda, 2024-09-06 This important book is an exploration of the ways parents teachers and academics view the development and schooling of young children with disabilities It offers an in depth examination of the common and critical issues that emerge as children and their families first enter the school system navigate the educational landscape and learn to advocate for their rights Each chapter of the book presents a parent s perspective of significant issues followed by a teacher s perspective From their stories numerous themes are identified and connected to the academic literature The experiences shared and the literature reviewed address the challenges successes and opportunities for increased understanding that emerge as parents and educators work together toward a common goal *Sharing Perspectives for Educating Young Children with Disabilities* is essential reading for all pre service and in service early childhood and special education professionals and parents engaging in the process of listening carefully to others with the aim of supporting the education of young children

**Special Educational Needs in the Early Years** Ruth Wilson, 2003-10-04 This volume adopts a holistic approach and focuses on the child with special educational needs as an active learner rather than on how to cope with a disability Young children with special needs can be very active learners when provided with environments that encourage alternative ways to explore and experience the world around them

**Entertaining and Educating Young Children** Caroline Young, 2015-04-01 An easy to use guide filled with activities and play ideas for every stage of a child s development up to the age of five Covers a wide range of topics including painting and drawing music books and stories food and active play

*An Introduction to Young Children With Special Needs* Richard M. Gargiulo, Jennifer L.
