## Edwards Rule:

**Edward IV** Hannes Kleineke, 2025-08-11 Drawing together both recent research and original sources this concise and accessible biography reassesses the debates surrounding the life of King Edward IV The reign of King Edward IV occupies a pivotal place in late medieval English history marking the transition from a medieval to a renaissance monarchy yet there has been much controversy over the King's character Was Edward a vain and self-indulgent playboy or was his life cut tragically short Offering readers insight into the latest scholarship this second edition has been updated and revised to include a wider consideration of the role of women at Edward's court including his mother Cecily of York as well as Edward's own attitude to women and family Kleineke also includes an extended discussion of Edward's legacy the government of England in the 1470s and the cultural history of the period As fascinating a character now as he was for Shakespeare over four centuries ago Edward IV remains essential reading for all students of late medieval England the Wars of the Roses and all those interested in the history of monarchy more broadly Edward I and the Governance of England, 1272-1307 Caroline Burt, 2013 This study of Edward I's governance radically re-evaluates his motivations and achievements presenting an entirely new interpretation of his reign *Police Interrogation, Language, and the Law* Marianne Mason, 2023-12-21 An examination of the role of United States federal law in shaping the invocation game of police interrogation *The Young Jonathan Edwards* William S.
