Good News About Injustice Gary A. Haugen, 1999-05-01 **Beyond Retribution** Christopher D. Marshall, 2001 Recently a growing number of Christians have actively promoted the concept of restorative justice and attempted to develop programs for dealing with crime based on restorative principles But is this approach truly consistent with the teaching of Scripture To date very little has been done to test this claim *Beyond Retribution* fills a gap by plumbing the New Testament on the topics of crime justice and punishment Christopher Marshall first explores the problems involved in applying ethical teachings from the New Testament to mainstream society He then surveys the extent to which the New Testament addresses criminal justice issues looking in particular at the concept of the justice of God in the teachings of Paul and Jesus He also examines the topic of punishment reviewing the debate in social thinking over the ethics and purpose of punishment including capital punishment and he advocates a new concept of restorative punishment The result of this engaging work is a biblically based challenge to imitate the way of Christ in dealing with both victims and offenders Publisher

Christian Ethics (Revised Edition) Wayne Grudem, 2024-09-18 What Does the Bible Teach about How to Live in Today s World How should Christians live when the surrounding culture is increasingly hostile to Christian moral values Granted the Bible is our guide but how can we know if we are interpreting it rightly with regard to ethical questions about wealth and poverty marriage and divorce birth control abortion euthanasia homosexuality ethical business practices environmental stewardship and dozens of

other issues And on a very practical level how can we know God's will in the ordinary decisions of life To address questions like these Wayne Grudem author of the bestselling book Systematic Theology draws on 40 years of teaching classes in ethics to write this wide ranging introduction to biblical moral reasoning organized according to the structure of the Ten Commandments He issues a challenging call for Christians to live lives of personal holiness and offers a vision of the Christian life that is full of joy and blessing through living each day in a way that is pleasing to God Written by Wayne Grudem Bestselling author of Systematic Theology and the What the Bible Says About series Biblical and Applicable Teaches readers how to protect 7 central tenets of God's law God's honor human authority life marriage property truth and purity of heart Accessible An ideal textbook for Christian college and seminary ethics classes with straightforward language and a bibliography for the topic at the end of each chapter Replaces ISBN 978 1 4335 4965 6 **A New Gospel for Women** Kristin Kobes Du Mez, 2015 A work of history biography and historical theology A New Gospel for Women tells the remarkable story of Katharine Bushnell 1855 1946 an internationally known social reformer and author of God's Word to Women a startling reinterpretation of the Christian Scriptures that even today stands as one of the most innovative and comprehensive feminist theologies ever written **Handbook of Sex Trafficking** Lenore Walker, Giselle Gaviria, Kalyani Gopal, 2018-12-24 This definitive reference assembles the current knowledge base on the scope and phenomena of sex trafficking as well as best practices for treatment of its survivors A global feminist framework reflects a profound understanding of the entrenched social inequities and ongoing world events that fuel trafficking including in its lesser known forms Empirically sound insights shed salient light on who buyers and traffickers are why some survivors become victimizers and the experiences of victim subpopulations men boys refugees sexual minorities as well as emerging trends in prevention and protection resilience and rehabilitation These powerful dispatches also challenge readers to consider complex questions found at the intersections of gender race socioeconomic status and politics A sampling of topics in the Handbook An organizational systems view of sex trafficking Vulnerability factors when women and girls are trafficked Men boys and LGBTQ invisible victims of human trafficking Organized crime gangs and trafficking Human trafficking prevention efforts for kids NEST Treating victims of human trafficking core therapeutic tasks From Trafficked to Safe House C SAFE The Handbook of Sex Trafficking will interest a wide professional audience particularly mental health workers legal professionals and researchers in these and related fields Public health and law enforcement professionals will also find it an important resource Brokered Subjects Elizabeth Bernstein, 2019-01-01 Brokered Subjects digs deep into the accepted narratives of sex trafficking to reveal the troubling assumptions that have shaped both right and left wing agendas around sexual violence Drawing on years of in depth fieldwork Elizabeth Bernstein sheds light not only on trafficking but also on the broader structures that meld the ostensible pursuit of liberation with contemporary techniques of power Rather than any meaningful commitment to the safety of sex workers Bernstein argues what lies behind our current vision of trafficking victims is a

transnational mix of putatively humanitarian militaristic interventions feel good capitalism and what she terms carceral feminism a feminism compatible with police batons Head, Heart & Hands Dennis P. Hollinger, 2009-09-20 As Christians we are to love God with all of our being heart mind soul and strength But many of us tend to overemphasize one aspect or another and as a result our faith becomes imbalanced Some of us have an intellectual faith but lack compassion or spiritual discipline Others of us have a vibrant heartfelt relationship with God but lack commitment to truth or doctrine And many of us overlook translating our faith into service and ministry In this book ethicist Dennis P Hollinger presents a holistic integrative vision for reuniting Christian thought passion and action He shows how individuals churches and movements throughout history have focused on either the head or the heart or the hands often to the exclusion of other expressions But by linking our intellect emotions and actions Hollinger points us toward a whole faith for the whole person where each dimension feeds nurtures and sustains the others **Studying the Image** Eloise Meneses, 2019-03-26 The field of

anthropology provides rich insights into the world of people and cultures But it also presents challenges for Christians in the areas of cultural relativism evolutionary theory race and ethnicity forms of the family governments and war life in the global economy the morality of art and religious pluralism Most significantly it raises questions regarding the truth and how we can know it This book provides the opportunity to investigate such questions with both the informed understanding of anthropological theory and ethnography and the larger framework and commitment of Christian biblical and theological studies So equipped readers are encouraged to investigate for themselves the depths and intricacies of topics in anthropology that are especially relevant for Christians What's Best Next Study Guide Matt Perman, 2019-12-10 By anchoring your understanding of productivity in God's plan the What's Best Next Study Guide gives your study group or class a practical approach for increasing effectiveness in work and life There are a lot of myths about productivity what it means to get things done and how to accomplish work that really matters In our current era of innovation and information overload it may feel harder than ever to understand the meaning of work or to have a sense of vocation or calling So how do you get more of the right things done without confusing mere activity for actual productivity Matt Perman has spent his career helping people learn how to do work in a gospel centered and effective way What's Best Next explains his approach to unlocking productivity and fulfillment in work by showing how faith relates to work even in our everyday grind The What's Best Next Study Guide a companion to What's Best Next and the What's Best Next Video Study offers a practical approach for improving productivity in all areas of life It will help you better understand How to create a mission statement for your life that's actually practicable How to delegate to people in a way that really empowers them How to overcome time killers like procrastination interruptions and multitasking by turning them around and making them work for you How to process workflow efficiently and get your email inbox to zero every day How to have peace of mind without needing to have everything under control How generosity is actually the key to unlocking productivity This twenty four session study guide

includes Reflection questions for group and personal study Video teaching notes Frequent Bible references and quotes from Christian thinkers Ample space for notetaking Closing prayers at the end of each session Productivity isn't just about getting more things done It's about getting the right things done the things that count make a difference and move the world forward You can learn how to do work that matters and how to do it well Health, Healing, and Shalom Bryant L. Myers, Erin Dufault-Hunter, Isaac B. Voss, 2015-11-17 Frontiers and Challenges for Christian Healthcare Missions Ever since Jesus's proclamation in word and deed as the Great Physician his followers in mission have assumed that salvation and health are intertwined Yet for every age Christians need to examine how they can best announce the gospel message of God's healing in word and deed in their own context In our era we are often simultaneously grateful for modern medicine and frustrated by its inability to care for the whole person in effective affordable ways In this edited volume authors with an interest in health missions from a wide variety of experiences and disciplines examine health and healing through the theological lens of shalom This word often translated peace names a much more complex understanding of human well being as right relationships with one another with God and with creation Reading various aspects of healthcare missions through these glasses not only yields much needed correctives to current practice but also exposes the Spirit's invitation to participate in God's ongoing work of tending caring and healing our broken world Facing West David R. Swartz, 2020-04-09 The dramatic growth of Christianity around the world in the last century has shifted the balance of power within the faith away from the traditional strongholds of Europe and the United States to the Global South While we typically imagine Western missionaries carrying religion to the ends of the earth David R. Swartz shows that the line of influence has often run the other way Evangelicals in nations such as Korea India and Uganda have shaped the American church from abroad Swartz tells stories of evangelicals crossing national boundaries offering new insights into a tradition that imagines itself as simultaneously American and part of a global communion **A New Vision, a New Heart, a Renewed Call** David Claydon, 2005 When Necessary Use Words Mike Pilavachi, Liza Hoeksma, 2007-05-07 Deep down we know it There has to be more than singing songs on Sunday morning handing out tracts at work or helping out at the soup kitchen How do we integrate worship evangelism and justice into our lives as a whole rather than compartmentalizing all three Mike Pilavachi wants to see all three elements come together With humorous prose and fascinating stories he shows how the natural outflow of worship is telling people about Jesus and compassionately helping them navigate the injustices of the world We can't invite someone to church and ignore their physical needs nor can we give out food at the local church pantry and disregard people's spiritual hunger Says Pilavachi A life of passionate worship means feeding the hungry standing up for those who suffer injustice We must preach the gospel at all times speaking and acting out God's love to a hurt and broken world Welcome to College Jonathan Morrow, 2008 To help the upcoming student Jonathan Morrow provides this engaging guide packed with advice on all manner of issues from dating and friends classes and homework to avoiding the temptation to just check out

spiritually while in school Morrow gives personal advice and anecdotes draws examples from Scripture and offers additional resources for further insights from publisher description Cross-Examined Mark Meynell, 2021-03-18 The crucifixion of Jesus a dreadful mistake A tragic failure Irrelevant Absurd An embarrassment The cross of Christ is in fact at the centre of God's plan for men and women This book explains why With freshness and clarity Mark Meynell explores the Bible's teaching to show how God himself cross examines us in the death of Jesus At the cross God exposes our deepest need meets it fully and enables us to live transformed lives This revised and expanded edition includes new chapters on union with Christ and leadership
