go to her personal Fanstasyland where we often deal with the things that are troubling her in a safe and self empowered way For this reason alone it was worth it to me Also I m a lifelong student of astrology and I loved his combination of these two worlds astrological archetypes and deep meditation Good stuff AT This a fun book to read Noel s writing style is informative and flows nicely I have the Kindle version Buy it you ll like it MK Digs deep into the issues of life be it struggles or challenges noel not only explains the roots of inner dragons but also describes how to identify them Living with Dragons is an insightful and practical look at the negative thoughts and emotions that can impede our lives on a daily basis This book will not only help you shed light on things you may have tried to hide but it will also guide you towards practical steps to slay your Dragons No matter what negativity fills your inner World Living with Dragons will help you move towards it face it head on and squash it C This work is a vital and necessary tool for anyone wishing to understand and confront their inner demons or dragons as Noel so aptly names them His prodigious experience as a clinical psychologist is clearly apparent here yet it is not couched in confusing medical terminology but instead with mythologies we all know and instructions on how to that are so very easy to read and to understand In fact he makes it hard not to want to attempt this journey inward and to meet those inner dragons that we all have somewhere within Herein he gives invaluable directions on ways in which to make this inward journey via trance and self hypnosis methods both safely and productively The examples he gives are not only fascinating but intensely engaging in every way This work is inspiring exciting and riveting and I strongly recommend it S
