Some of the questions asked and answered in *THE YOUNG CHRISTIAN S SURVIVAL GUIDE* are You claim the Bible is inspired because it says it is right 2 Tim 3 16 Isn t that circular reasoning You claim the Bible was inspired but there was no inspired list of which books that is true of So how can we know which ones to trust With so many different copies of manuscripts that have 400 000 variants errors how can we even know what the Bible says Why can t the people who wrote the four Gospels get their story straight Didn t the Council of Nicaea just arbitrarily pick the books for the Bible that they agreed with and suppress all the rest with political power People used to believe in miracles because they didn t understand science Don t we know better than that now That a man rose from the dead takes a lot of believing How could you ever have enough evidence for a belief like that Science has proved that human beings evolved over millions of years rather than being created in six days Why are you still clinging to ancient myths Just because the Bible is true for you why does that make it true for me How can you base your modern life on a book that was written for a primitive culture Doesn t the Bible support genocide Doesn t the Bible support racism Doesn t the Bible support slavery Doesn t the Bible support homophobia Doesn t the Bible support the oppression and abuse of women There are so many religions all sincerely seeking the same goal What makes you Christians so arrogant that you think yours is the only way What about those who have never heard the Gospel If God is a God of love why did he let my loved one die How can it be just for God to impose an infinite punishment Hell forever for finite sins These questions will be asked and answered with reasonable rational Scriptural answers

What the emergent church movement is all about and why it matters to the future of Christianity Following on the questions raised by Brian McLaren in *A New Kind of Christian* Tony Jones has written an engaging exploration of what this new kind of Christianity looks like Writing dispatches about the thinking and practices of adventurous emergent Christians across the country he offers an in depth view of this new third way of faith its origins its theology its views of truth Scripture and interpretation and its hopeful and life giving sense of community With the depth of theological expertise and broad

perspective he has gained as a pastor writer and leader of the movement Jones initiates readers into the emergent conversation and offers a new way forward for Christians in a post Christian world With journalistic narrative as well as authoritative reflection he draws upon on site research to provide fascinating examples and firsthand stories of who is doing what where and why it matters

**A New Creation in Christ** T. Michael Christ,2024-08-08 What is the most important book on sanctification For John Murray it was Walter Marshall s *The Gospel Mystery of Sanctification* William Cowper praised Marshall I think Marshall one of the best and most spiritual expositors of Scripture The Marrow men also commended Marshall Even Andrew Murray believed *Gospel Mystery* to be the one book admitted by all to be the standard on sanctification Marshall s enduring value is well established yet scarcely any resources explain Marshall s theology T Michael Christ s *A New Creation in Christ* fills this void by exploring Marshall s theology in the context of the antinomian and neonomian controversies of Marshall s day At a time when interlocutors where pushing one another to further extremes Marshall achieves balance because he grounds sanctification in the believer s union with Christ and deploys two limiting concepts that discourage using one error to refute the other He insists both that some measure of assurance of salvation must precede actual works of holiness refuting neonomianims and that holiness is a necessary part of salvation countering antinomianism *A New Creation in Christ* explores how these limiting concepts translate into practical help for those who as Marshall says pursue holiness under the guilt and power of indwelling sin

**Jesus and Christian Origins** Ben Wiebe,2019-02-26 There has been a varied range of studies on Jesus Though now it seems there is a pause and perhaps opening to new orientation with the aim not simply to cover old ground or repeat past mistakes This is a study of Jesus and Christian origins with a primary focus on the Gospels There have been comprehensive and important contributions like N T Wright s *The New Testament and the People of God* At the same time more defined studies have appeared The purpose here is not to develop particular New Testament themes as such Rather in this volume the writers take up Gospel related topics in the context of the early church in order to illuminate specific baselines for New Testament interpretation and to discern directions toward a new paradigm There is much to do The need to take account of reception history and so of the external evidence for the New Testament documents also eyewitness and oral tradition as embodied in the Gospel accounts The genre of the Gospels with reference to biography or history has its own importance The reception and authority of the Gospels in the early church marks another baseline Jesus in his Jewish context and in relation to emerging Christianity is also a critical baseline for interpretation
