Gothic Art 1140-c. 1450 Teresa Grace Frisch,1987-01-01 An anthology offering a chronological assessment of a whole range of technical documents on art written by and for clerks laymen churchmen lawyers city magistrates and guilds this text reveals differences in milieu customs resources and psychology during different periods First Published in 1971 by Prentice Hall *Gothic Art 1140-c. 1450* Teresa Grace Frisch,1997 **Early and High Gothic (1140 to C. 1270), from Gothic Art 1140 - C. 1450: Sources and Documents** Teresa G. Frisch, The Architecture of Medieval Churches John A.H. Lewis,2017-11-20 The Architecture of Medieval Churches investigates the impact of affective theology on architecture and artefacts focusing on the Middle Ages as a period of high achievement of this synthesis It explores aspects of medieval church and cathedral architecture in relation to the contemporary metaphysics and theology which articulated an integrated theocentric culture architecture and art Three modes of attention comprehension instruction and contemplation informed the builders intuition and intention The book s central premise reasons that love for God was the critical force in the creation of vernacular church architecture using a selection of medieval writings to provide a unique critique of the genius of architecture and art during this period An interdisciplinary study between architecture theology and philosophy it will appeal to academics and researchers in these fields Medieval Architecture Nicola Coldstream,2002 Medieval architecture comprises much more than the traditional image of Gothic cathedrals and the castles of chivalry A great variety of buildings synagogues halls and barns testify to the diverse communities and interests in western Europe in the centuries between 1150 and 1550 This book looks at their architecture from an entirely fresh perspective shifting the emphasis away from such areas as France towards the creativity of other regions including central Europe and Spain Treating the subject thematically Coldstream seeks out what all buildings both religious and secular have in common and how they reflect the material and spiritual concerns of the people who built and used them Furthermore the author considers how and why after four centuries of shaping the landscapes and urban patterns of Europe medieval styles were superseded by classicism Nothingness: Tadao Ando's Christian Sacred Space Jin Baek,2009-06-12 Based around an interview with Tadao Ando this book explores the influence of the Buddhist concept of nothingness on Ando s Christian architecture and sheds new light on the cultural significance of the buildings of one of the world s leading contemporary architects Specifically this book situates Ando s churches particularly his world renowned Church of the Light 1989 within the legacy of nothingness expounded by Kitaro Nishida 1870 1945 the father of the Kyoto Philosophical School Linking Ando s Christian architecture with a philosophy originating in Mahayana Buddhism illuminates the relationship between the two religious systems as well as tying Ando s architecture to the influence of Nishida on post war Japanese art and culture **The History of Western Architecture** Natasha Dhillon,2015-07-15 Architecture is far more than the construction of buildings Architects marry form and function to create structures that are particularly suited to a purpose while adding visual drama to landscapes and skylines For millennia

architects have fashioned homes religious shrines governmental spaces public facilities and more The evolution of architecture in many ways reflects the history of how we live think worship govern and form societies The progression of Western architectural thought and trends is chronicled in this comprehensive tome Profiles of some of the most remarkable structures in the West are also included exemplifying essential methods and practices

Renaissance and Renewal in the Twelfth Century Robert L. Benson, Giles Constable, Carol Dana Lanham, Charles Homer Haskins, 1991-01-01 Twenty seven authors approach the diverse areas of the cultural religious and social life of the twelfth century These essays form a basic resource for all interested in this pivotal century A reprint of the first edition first published in 1982

The Intellectual Life of the Early Renaissance Artist Francis Ames-Lewis, 2002-01-01 At the beginning of the fifteenth century painters and sculptors were seldom regarded as more than artisans and craftsmen but within little more than a hundred years they had risen to the status of artist This book explores how early Renaissance artists gained recognition for the intellectual foundations of their activities and achieved artistic autonomy from enlightened patrons A leading authority on Renaissance art Francis Ames Lewis traces the ways in which the social and intellectual concerns of painters and sculptors brought about the acceptance of their work as a liberal art alongside other arts like poetry He charts the development of the idea of the artist as a creative genius with a distinct identity and individuality Ames Lewis examines the various ways that Renaissance artists like Mantegna Leonardo da Vinci Raphael and Durer as well as many other less well known painters and sculptors pressed for intellectual independence By writing treatises biographies poetry and other literary works by seeking contacts with humanists and literary men and by investigating the arts of the classical past Renaissance artists honed their social graces and broadened their intellectual horizons They also experienced a growing creative confidence and self awareness that was expressed in novel self portraits works created solely to demonstrate pictorial skills and monuments to commemorate themselves after death
