Gottfried Benn

O. Classe

Gottfried Benn:

The Poetry of Gottfried Benn Martin Travers, 2007 This book is the first comprehensive study of Gottfried Benn's poetry to appear in English. It covers the entirety of Benn's verse from his early Morgue cycle 1912 and Expressionist poems through to the anthropological poetry of his middle period to the postmodern Phase II work after the Second World War. Against the background of the poet's theoretical writings, this study drawing upon the classic texts of Benn scholarship analyzes in detail the major themes of his verse and its distinctive idiom. In particular, this work focuses on Gottfried Benn's extended process of rhetorical self-fashioning, his use of classical iconography, color motifs and chiffres, his often confusing historical semantics, the seemingly self-constituting absolute poem and the colloquial idiom of his late verse. The book also engages with the multiplicity of voices in Benn's work and their varied textual forms, the hermeneutically variable positions of speech that they articulate and the often contradictory notion of selfhood to which they give rise. Primal Vision Gottfried Benn, 1971 These selected writings of Gottfried Benn or primal visions of the 1920s anticipated in certain ways the positions of such writers today as Beckett and Genet, the French antinovelists and the American Beats. *Gottfried Benn* Reinhard Alter, 1976 This is the first full-length investigation of the relationship between Benn's artistic theory, his cultural criticism and his political thinking. With the aid of a carefully applied inductive method and of historical documentation, the author provides a convincing picture of Benn's intellectual development until 1934. The latter's conception of art's autonomy is shown to be ambivalent and this ambivalence is placed in the concrete political context of the Weimar Republic. There are also illuminating comparisons with other writers, e.g. Nietzsche, Thomas Mann and Ernst Jünger. The argument is supported by previously unpublished quotations from Benn's Nachlass. **The Hour that Breaks** Martin Travers, 2015 This is the first biography in English of the major German poet Gottfried Benn 1886-1956. The book focuses both on the key events of Benn's personal and public life and on his development as a poet. There are detailed discussions of many of his poems, a number of which are translated here for the first time. *Gottfried Benn - Impromptus* Michael Hofmann, 2022-07-07 **Gottfried Benn in Transition** Gottfried Benn, Simona Draghici, 2003-01-01 Gottfried Benn. [With a Facsimile.] Helmut Uhlig, 1961 *Prose, Essays, Poems* Gottfried Benn, 1987 **Gottfried Benn's Static Poetry** Mark William Roche, 2020-05-01 This book consists of close readings of four poems illustrating Gottfried Benn's developing conception of stillness or stasis: *Trunkene Flut* 1927, *Wer allein ist* 1936, *Statische Gedichte* 1944 and *Reisen* 1950. Mark Roche pays particular attention to the interrelation of form and content and he uncovers previously overlooked allusions to thinkers such as Aristotle, Seneca and Meister Eckhart. Benn's supposedly pure poetry of stasis is in reality an expression of opposition to Nazi ideology, Roche argues, and should be viewed in the context of inner emigration. Nevertheless, Benn's opposition to Nazism unwittingly rests on the same decisionistic foundation as the power positivism he deplores. Benn's well-intentioned critique of Nazism is ultimately unsuccessful. The book concludes with a theoretical postscript that suggests ways in which intellectual history could

be made productive for literary interpretation and provides arguments in favor of an aesthetic analysis attentive to both formal structures and philosophical coherence Gottfried Benn Juergen Peter WALLMANN,1965 **Poems, 1937-1947** Gottfried Benn,1991 **Gottfried Benn: the Unreconstructed Expressionist** James MacPherson Ritchie,1972

Impromptus Gottfried Benn,2013-11-05 An extraordinary collection of poetry and prose from the master of German expressionism The first poem in Gottfried Benn s first book *Morgue* 1912 written in an hour published in a week and notorious ever after with its scandalous closing image of an aster sewn into a corpse by a playful medical student set Benn on the path to celebrity and notoriety And indeed mortality flowers and powerful aesthetic collisions typify much of his subsequent work Over the decades as Benn suffered the vicissitudes of fate the death of his mother from cancer the death of his first wife Edith his brief attempt to ingratiate himself with the Nazis followed by their persecution of him the suicide of his second wife Herta the harsh voice of the poems relented and mellowed His later poetry from which *Impromptus* is chiefly drawn many of the poems translated into English for the first time is deeply affecting it reflects the routines and sorrows and meditations of an intelligent pessimistic and experienced man Written in the low unupholstered monologue of the poet talking to himself these works are slender ribbons of speech on the naked edge of song and silence With this collection of poems and essays edited and translated by the award winning poet Michael Hofmann Benn at long last promises to attain the presence and importance in the English speaking world that he so richly deserves **Selected Poems and Prose** Gottfried Benn,2013 Gottfried Benn ranks among the most significant German poets of the twentieth century His early work with its shockingly graphic depictions of human suffering and degradation was associated with the Expressionist movement the overriding theme of his later work was the isolation and fragmentation of the human being adrift in a nihilistic world David Paisey here presents two selections of verse and prose respectively from Benn s large oeuvre ordered chronologically to enable readers to perceive the developments of Benn s art and thought In an important biographical introduction Paisey tackles the difficult question of Benn s compliance with the Nazi regime and its impact on his life and work *The Body in the Library* Iain Bamforth,2003-12-17 *The Body in the Library* provides a nuanced and realistic picture of how medicine and society have abetted and thwarted each other ever since the lawyers behind the French Revolution banished the clergy and replaced them with doctors priests of the body Ranging from Charles Dickens to Oliver Sacks Anton Chekhov to Raymond Queneau Fanny Burney to Virginia Woolf Miguel Torga to Guido Ceronetti *The Body in the Library* is an anthology of poems stories journal entries Socratic dialogue table talk clinical vignettes aphorisms and excerpts written by doctor writers themselves Engaging and provocative philosophical and instructive intermittently funny and sometimes appalling this anthology sets out to stimulate and entertain With an acerbic introduction and witty contextual preface to each account it will educate both patients and doctors curious to know more about the historical dimensions of medical practice Armed with a first hand experience of liberal medicine and knowledge of several languages Iain Bamforth has scoured the literatures of

Europe to provide a well rounded and cross cultural sense of what it means to be a doctor entering the twenty first century

Double Life Gottfried Benn,2002 **Beyond Nihilism** Susan Ray,2003 The ideas underlying Benn s Ausdruckswelt not only anticipate and parallel many of the assumptions now current in recent trends in literary criticism they also disclose their ultimate limitations Benn s poetics were founded on the intellectual crises of the early years of the twentieth century Following Nietzschean leads Benn sought to achieve in his person and his work a return to a primitive archetypal mode of perception which he felt would restore a purer more natural mentality to modern man whom he portrayed as being far ahead of his syntax By focusing on Benn s early Expressionist prose and what this study calls his fictive self the author traces the relationship between Benn s Weltanschauung and later critical theory Building upon the latest scholarship she analyses Benn s poetics as precursor of certain postmodernist ideas concerning language meaning and polysemy aesthetics personal identity authorial intention versus reader reception intertextuality and the role of art in society By paying specific attention to the concept of the autonomous self and its relation to language this study demonstrates that Gottfried Benn s aesthetic theories do not represent the end of German Expressionism but rather the beginning of the present post modernist period

The Voice Behind the Screen Gottfried Benn,1996 **Gottfried Benn** Hans Egon Holthusen,1986 **Encyclopedia of Literary Translation Into English: A-L** O. Classe,2000

As recognized, adventure as competently as experience about lesson, amusement, as competently as concord can be gotten by just checking out a ebook **Gottfried Benn** along with it is not directly done, you could take even more all but this life, something like the world.

We pay for you this proper as competently as easy showing off to get those all. We give Gottfried Benn and numerous ebook collections from fictions to scientific research in any way. in the midst of them is this Gottfried Benn that can be your partner.
