introductory essays shows fascinating insight into both the life and the theory of the author From Horace to Soyinka Corneille to Brecht this is an indispensable compendium of the greatest dramatic theory ever written Guillotine Robert Frederick Opie,1997-03-27 The guillotine is a most potent image of revolutionary France the tool whereby a whole society was redesigned Tracing the development of the guillotine this book recounts the stories of famous executions the lives of the executioners and the research into whether the head retained consciousness after it was separated from the body **Seeing**

**Justice Done** Paul Friedland,2012-06-14 A history of public executions in France from the medieval spectacle of suffering to the invention of the Revolutionary guillotine up to the last public execution in 1939 Paul Friedland explores why spectacles of public execution were staged as well as why thousands of spectators came to watch them *States of Terror* David

Simpson,2019-03-08 How have we come to depend so greatly on the words terror and terrorism to describe broad categories of violence David Simpson offers here a philology of terror tracking the concept s long complicated history across literature philosophy political science and theology from Plato to NATO Introducing the concept of the fear terror cluster Simpson is able to capture the wide range of terms that we have used to express extreme emotional states over the centuries from anxiety awe and concern to dread fear and horror He shows that the choices we make among such words to describe shades of feeling have seriously shaped the attribution of motives causes and effects of the word terror today particularly when violence is deployed by or against the state At a time when terror talk is widely and damagingly exploited by politicians and the media this book unpacks the slippery rhetoric of terror and will prove a vital resource across humanistic and social sciences disciplines Blood in the City Richard D. E. Burton,2018-10-18 The Terror of 1793 94 the Paris Commune of 1871

the Dreyfus Affair explosions of violence punctuated French history from the start of the Revolution until the Liberation at the close of World War II The distinguished scholar Richard D E Burton here offers a stunningly original account of these outbursts concluding that recourse to political violence was not occasional and abnormal but rather the usual pattern in

French history Instead of adhering to conventional chronological lines Blood in the City is structured topologically around a number of major Parisian sites of memory including Place de la Concorde Sacre Coeur and the Eiffel Tower For thirty years Burton has visited and revisited Paris criss crossing the streets on foot and lived with great nineteenth and twentieth century literary depictions of the city Drawing on historical literary visual anthropological and psychological sources he develops a wide ranging account of violence in modern French politics In so doing he provides powerful insights into political violence scapegoating the idea of sacrifice and the widespread French obsession with conspiracy Burton demonstrates that time and again the same basic scenario has been acted out on the streets of Paris one or more people would be singled out from the community and imprisoned exiled or more often subjected to violence by the crowd or the state In particular he explores how Catholicism in its extreme ultrareactionary form shaped the worldviews of Parisians and how the killing of a sacrificial victim came to be seen as a reenactment of the crucifixion of Christ **Little Demon in the City of Light** Steven

Levingston,2015-03-17 A delicious true crime account of a murder most gallic think CSI Paris meets Georges Simenon whose lurid combination of sex brutality forensics and hypnotism riveted first a nation and then the world In 1889 the gruesome murder of a lascivious court official at the hands of a ruthless con man and his pliant mistress launched the trial of the century When Toussaint Augustin Gouff entered 3 rue Tronson du Coudray expecting a delightful assignation with the comely Gabrielle Bompard he was instead murdered by Gabrielle and her lover Michel Eyraud An international manhunt chased the infamous couple from Paris to America s West Coast culminating in a sensational trial that investigated the power of hypnosis to possess control and even kill As the inquiry into the guilt or innocence of the woman the French tabloids dubbed the Little Demon intensified the most respected minds in France vehemently debated Was Gabrielle Bompard the pawn of her mesmerizing lover or simply a coldly calculating murderess capable of killing a man in cold blood Savage Pastimes

Harold Schechter,2005-03 In this cogent and well researched book Harold Schechter argues that unlike the popular conception of the media inciting violence through displaying it without these outlets of violence in the media a basic human need would not be met and would have to be acted out in much more destructive ways Schechter demonstrates how violent images saturated the earliest newspaper how art and disturbing images are not incompatible and how the demoralisation of comic books in the 1950s set up a pattern of equating testosterone fuelled entertainment with aggression **Beheaded by Hitler** Colin Pateman,2017-05-17 From 1933 during the Nazi era when Hitler refashioned the German judicial system in line with his oppressive regime many crimes became capital offences which led to a drastic increase in the number of executions In 1936 the Reich Minister of Justice Franz Gurtner acting upon Hitler s direction ordered that the fallbeil a variation on the guillotine replace the hand axe as the official method for all civil executions throughout Germany To meet this new demand for justice many prisons were designated as execution sites and equipped with a Tegel Fallbeil named after the inmates of the Tegel prison in Berlin who first built these atrocious contraptions Beheaded by Hitler Cruelty of the Nazis Judicial Terror

and Civilian Executions 1933-1945 provides the reader with a chilling insight into the judicial terror that took place and the harrowing stories of execution by guillotine of civilians who were convicted of domestic resistance to the Nazi regime, treason and other offences after so-called trials by the Volksgerichtshof or People's Court. This exceptionally well-researched book also explains the Nazi judicial system, the prisons selected for central execution sites and the Nazi officials and executioners that carried out Hitler's cleansing. Illustrations: 55 black and white photographs. The Dynamite Club John M.

Merriman, 2016-03-01 Distinguished historian John Merriman maintains that the Age of Modern Terror began in Paris on February 12, 1894, when anarchist Emile Henry set off a bomb in the Caf Terminus, killing one and wounding twenty French citizens. The true story of the circumstances that led a young radical to commit a cold-blooded act of violence against innocent civilians makes for riveting reading, shedding new light on the terrorist mindset and on the subsequent worldwide rise of anarchism. By deed, Merriman's fascinating study of modern history's first terrorists, emboldened by the invention of dynamite, reveals much about the terror of today. **Imprisoned by the Past** Jeffrey L. Kirchmeier, 2015 In 1987 the United States Supreme Court decided a case that could have ended the death penalty in the United States. Imprisoned by the Past: Warren McCleskey and the American Death Penalty examines the long history of the American death penalty and its connection to the case of Warren McCleskey, revealing how that case marked a turning point for the history of the death penalty. In this book, Jeffrey L. Kirchmeier explores one of the most important Supreme Court cases in history, a case that raised important questions about race and punishment and ultimately changed the way we understand the death penalty today. McCleskey's case resulted in one of the most important Supreme Court decisions in U.S. history, where the Court confronted evidence of racial discrimination in the administration of capital punishment. The case currently marks the last time that the Supreme Court had a realistic chance of completely striking down capital punishment. As such, the case also marked a turning point in the death penalty debate in the country. Going back nearly four centuries, this book connects McCleskey's life and crime to the issues that have haunted the American death penalty debate since the first executions by early settlers through the modern twenty-first century death penalty. Imprisoned by the Past ties together three unique American stories. First, the book considers the changing American death penalty across centuries, where drastic changes have occurred in the last fifty years. Second, the book discusses the role that race played in that history. And third, the book tells the story of Warren McCleskey and how his life and legal case brought together the other two narratives. The Terrorist Trap Jeffrey D. Simon, 2001-12-07 A book that traces the government response to terrorism from the days of Thomas Jefferson and the Barbary Pirates to George W. Bush and September 11th. The bombings of the Murrah Federal Building in Oklahoma City and of the World Trade Center in New York City have joined a long history of terrorists' acts against the United States. In this newly updated edition of his book, Jeffrey Simon reaches back to the founding days of the Republic to tell a story that is both instructive and alarming. Simon uncovers the dynamics of a deadly conflict that affects all Americans. His in-depth interviews

with terrorists and their victims with reporters government officials and others bring to life a tale of presidents and terrorists media and society all entangled in a drama of international violence The Terrorist Trap explores the psychological political and social elements that make terrorism unlike any other conflict With the end of the Cold War and the defeat of Saddam Hussein s army in the Gulf War many believed that the threat of terrorism had been significantly reduced But Simon shows how terrorism grows out of political economic and social grievances that can never be fully resolved as events in Israel and elsewhere continue to demonstrate Living with terrorism will be an inescapable part of life in the twenty first century Simon calls on officials to move away from the useless rhetoric of defeating terrorism and to focus instead on achievable goals in combating this global problem A solid commonsense look at a phenomenon capable of producing the strongest emotions
