Guilty Love:

Guilty Love Charlotte Lamb, 2012-07-16 Nowhere to Run Linzi York loved her husband but Barty had changed His rage and growing despair since the accident had taken a brutal toll Linzi was trapped in a nightmare And Ritchie Calhoun knew it Linzi and Ritchie s relationship had always remained on a cool professional level but now facades were beginning to crumble Needs and desires they were powerless to deny tormented them and it was Linzi who was paying the highest price Then a horrible tragedy shattered their lives and Ritchie s courage proved his love in a way that few men ever could **The Loves and Intrigues of Kings and Queens** Dennis O'Sullivan, 2025-08-10 Reprint of the original first published in 1882 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Love's Knowledge** Martha C. Nussbaum, 1992-04-02 This volume brings together Nussbaum s published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements **Inseparable** Emma Donoghue, 2010-05-25 From a writer of astonishing versatility and erudition the much admired literary critic novelist short story writer and scholar Dazzling The Washington Post One of those rare writers who seems to be able to work on any register any time any atmosphere and make it her own The Observer a book that explores the little known literary tradition of love between women in Western literature from Chaucer and Shakespeare to Charlotte Bront Dickens Agatha Christie and many more Emma Donoghue brings to bear all her knowledge and grasp to examine how desire between women in English literature has been portrayed from schoolgirls and vampires to runaway wives from cross dressing knights to contemporary murder stories Donoghue looks at the work of those writers who have addressed the unspeakable subject examining whether such desire between women is freakish or omnipresent holy or evil heartwarming or ridiculous as she excavates a long obscured tradition of inseparable friendship between women one that is surprisingly central to our cultural history Donoghue writes about the half dozen contrasting girl girl plots that have been told and retold over the centuries metamorphosing from generation to

generation What interests the author are the twists and turns of the plots themselves and how these stories have changed or haven't over the centuries rather than how they reflect their time and society Donoghue explores the writing of Sade Diderot Balzac Thomas Hardy H Rider Haggard Elizabeth Bowen and others and the ways in which the woman who desires women has been cast as not quite human as ghost or vampire She writes about the ever present triangle found in novels and plays from the last three centuries in which a woman and man compete for the heroine's love about how and why same sex attraction is surprisingly ubiquitous in crime fiction from the work of Wilkie Collins and Dorothy L Sayers to P D James Finally Donoghue looks at the plotline that has dominated writings about desire between women since the late nineteenth century how a woman's life is turned upside down by the realization that she desires another woman whether she comes to terms with this discovery privately comes out of the closet or is publicly outed She shows how this narrative pattern has remained popular and how it has taken many forms in the works of George Moore Radclyffe Hall Patricia Highsmith and Rita Mae Brown from case history style stories and dramas in and out of the courtroom to schoolgirl love stories and rebellious picaresques A revelation of a centuries old literary tradition brilliant amusing and until now deliberately overlooked [A History of French Literature](#) ,2019-08-20 This magnificent volume provides a complete history of the literature of France from its origins to the present day taking us beyond traditional definitions of literature into the world of the best seller and beyond words to graphic fiction and cinema Presents a definitive history of the literature of France from its origins to the present day Incorporates coverage of Francophone writing in Europe Canada the West Indies and North and Sub Saharan Africa Links the development of literature to the mentalities and social conditions which produced it Takes us beyond literature to study graphic fiction cinema and the bestseller Maps the rise of the Intellectual and in so doing charts a progression from literary doctrine to critical theory *Torquato Tasso* C. Elisabeth Hodges,2016-12-05 The city view forms the jumping off point for this innovative study which explores how the concept of the city relates to the idea of the self in early modern French narratives At a time when print culture cartography and literature emerged and developed together the city view a picture or topographic image of a city became one of the most distinctive and popular products of the early modern period Through a construct she calls urban poetics Elisabeth Hodges draws out the relationship between the city and the self showing the impact of the city in cultural production to be so profound that it cannot be extricated from what we know by the name of subjectivity Each chapter of the book brings focus to a crucial text that features descriptions of the self in the city by the writers Villon Corrozet Sc ve and Montaigne and investigate how representations of urban experience prepared the way for the emergence of the autonomous subject

Charting a course between cartography literary studies and cultural history this study opens new vistas on some of the period's defining problems the book the subject the city **Dante and Polish Writers** Andrea Ceccherelli, 2024-02-22

Dante and Polish Writers From Romanticism to the Present explores the phenomenon of Polish Danteism from a hermeneutic perspective The chapters shed light on a series of encounters of eminent Polish writers with Dante and the Divine Comedy resulting in original interpretations creative reworkings and a wealth of intertextual references testifying to a dialogue that has always been and still is alive not excluding antagonism and bitter controversy The contributors are all scholars of Polish literature with comparative expertise teaching in Italian and Polish universities which ensures a consistently focused point of view on the receptive context and the ways in which it is affected by the confrontation with Dante The hermeneutic horizon ranges from the Inferno like reading of the inhuman lands with which history abounds to the metaphysical yearning underlying Dante's poetics of transhumanizing to recent perspectives related to the posthuman and storytelling
