One of the most acclaimed and powerful novels of modern Turkey is set across Europe but retains the Turkish Kurdish conflict at its heart. A mixture of thriller, love story, political and psycho-philosophical novel, this is a sobering, coruscating introduction to the potentially explosive situation that exists between the Kurds and the Turkish state. A bestselling author suffering from writer's block witnesses the accidental shooting of a young Kurdish woman who loses the baby she is carrying. He becomes involved with her, and the two families caught in the fallout of the Turkish Kurdish conflict eventually find a true understanding of the situation and rediscover his own creativity with a new moral certainty, stripped of any ideology or prejudice. But there are many gripping perspectives to this vital and ultimately uplifting story from one of Turkey's most acclaimed writers, now translated into English for the first time.
