Guinness World Records Celebrating 60 Years Guinness World Records,2015-01-05 For 60 years Guinness World Records has celebrated the world's most remarkable human and animal achievements, natural wonders and feats of innovation. In doing so, it has inspired generations of record setters and GWR fans alike and has set its own record for all-time bestselling annual publication, over 130 million copies sold. In this special diamond anniversary book, we share 60 of the most iconic heart-warming and world-changing records year by year from 1955 to today. Illustrated with stunning photography, these records show how Guinness World Records has acted as a mirror to the evolving world around us. From pioneering space exploration and unrivalled sporting achievements to supersized animals and incredible human bodies, there's something here for everyone. Perhaps it will even inspire the next generation of record breakers.

Guinness World Records 2025 Guinness World Records, No Author Supplied, 2024 Join us in celebrating the platinum anniversary of the world's biggest-selling annual book. To mark GWR's 70th birthday, we're throwing a party starting off with a feast of retro features in the opening chapter that look back over our last seven decades. Of course, we're also highlighting the very best of record-breaking from the past 12 months. This new edition, fully revised and updated with 1,000 plus images, salutes our milestone while continuing the annual tradition of serving up thousands of awesome facts and feats for the whole family to enjoy. GWR are celebrating our landmark year by bestowing platinum-grade ICON status on a select group of record breakers, including Taylor Swift and LeBron James, who epitomize what it means to be a Guinness World Records title holder. Poster-style Flashback features within each chapter explore the history of one key record category. We also speculate about the ultimate limits of record-breaking: for instance, will we ever see a sub-3-second Rubik's Cube solve? Look out for our Dear GWR features throughout the book. We've delved into our archives to find some never-before-seen record applications that didn't quite make the cut. It's our affectionate tribute to human inventiveness and the evergreen fascination with securing a hallowed GWR certificate. Cover art: This year's exciting new cover design by 3D digital artist Chris Labrooy resonates with the latest addition to the Guinness World Records mission statement: to find the fun. Informed by his interest in twisting familiar everyday things into new typographic and sculptural forms, Chris's lively artwork offers up an appetite-whetting taster for the chapters in *GWR 2025*. You'll spot references to the sporting world, engineering, exploration, gaming, and flora and fauna among others on this year's cover.
