Anne Taddeo, 2014-12-11 The international success of *Downton Abbey* has led to a revived interest in period dramas with older programs like *The Forsyte Saga* being rediscovered by a new generation of fans whose tastes also include grittier fare like *Ripper Street*. Though often criticized as a form of escapist conservative nostalgia, these shows can also provide a lens to examine the class and gender politics of both the past and present. In *Upstairs and Downstairs*, British Costume Drama Television from *The Forsyte Saga* to *Downton Abbey*, James Leggott and Julie Anne Taddeo provide a collection of essays that analyze key developments in the history of period dramas from the late 1960s to the present day. Contributors explore such issues as how the genre fulfills and disrupts notions of quality television, the process of adaptation, the relationship between UK and US television, and the connection between the period drama and wider developments in TV and popular culture. Additional essays examine how fans shape the content and reception of these dramas and how the genre has articulated or generated debates about gender, sexuality, and class. In addition to *Downton Abbey* and *Upstairs Downstairs*, other programs discussed in this collection include *Call the Midwife*, *Danger*, *UXB*, *Mr Selfridge*, *Parade*, *End Piece of Cake*, and *Poldark*. Tracing the lineage of costume drama from landmark productions of the late 1960s and 1970s to some of the most talked about productions of recent years, *Upstairs and Downstairs* will be of value to students, teachers, and researchers in the areas of film, television, Victorian studies, literature, gender studies, and British history and culture. **The New Historical**

Dictionary of the American Film Industry Anthony Slide, 2014-02-25 The *New Historical Dictionary of the American Film Industry* is a completely revised and updated edition of Anthony Slide's *The American Film Industry*, originally published in 1986 and recipient of the American Library Association's Outstanding Reference Book award for that year. More than 200 new entries have been added, and all original entries have been updated; each entry is followed by a short bibliography. As its predecessor, the new dictionary is unique in that it is not a who's who of the industry but rather a what's what: a dictionary of producing and releasing companies, technical innovations, industry terms, studios, genres, color systems, institutions, and organizations, etc. More than 800 entries include everything from Academy of Motion Pictures Arts and Sciences to Zoom Lens, from Astoria Studios to Zoetrope. Outstanding Reference Source, American Library Association. *Film and Television*

In-Jokes Bill van Heerden, 2015-09-02 In *Only the Lonely* (1991), Ally Sheedy appeases prospective mother-in-law Maureen O'Hara by going along to see the 1939 film *How Green Was My Valley*, starring Maureen O'Hara. Richard LaGravenese, slighted by critic Gene Siskel over his screenplay for *The Fisher King* (1991), wrote an unsavory character named Siskel into *The Ref* (1994). Movies and television shows often feature inside jokes. Sometimes there are characters named after crew members. Directors are often featured in cameo appearances: Alfred Hitchcock's silhouette can be seen in *Family Plot* (1976), for example. This work catalogs such occurrences. Each entry includes the title of the film or show, year of release, and a full description of the in-joke. Teletiteracy David Bianculli, 2000-07-01 The phenomena of television is examined from the historical context and television as an art form to television in various aspects of modern society, such as TV in the classroom and on the
