historian and native of Budapest here offers a rich and eloquent depiction of one of Europe's great cities at its height. He provides a cultural and historical portrait of Budapest: its sights, sounds, and inhabitants; the artistic community; its class dynamics and politics; the essential role played by its Jewish population; and a historical perspective that describes the ascendance of the city and its decline into the maelstrom of the twentieth century. A Checklist of Painters, C1200-1994 Represented in the Witt Library, Courtauld Institute of Art, London
Witt Library, 1995. The Witt Library of the Courtauld Institute of Art, London, is one of the world's greatest art history libraries. It contains some 1.7 million illustrations of the work of painters, draughtsmen, and engravers of the Western tradition, all of whom have been indexed by name, dates, and nationality. This new second edition of the Checklist of Painters is a transcription of the Witt index as it currently exists. The names of 66,000 artists, their dates, and their nationality or school are reproduced in alphabetical order. The Checklist of Painters is probably the most exhaustive work of its kind in existence; it now lists all painters known by art historians to have lived and worked from the year 1200 to 1994.
