In the Hide Gordon Buchanan, 2025-02-06 Our estate was built on land claimed from fields we were at the foot of those rolling Kilpatrick hills but over the roof of the school you could see more green fields and woods I felt grateful to be on the edge of all that countryside there was a magnetic pull towards what I thought that wild was or could be One day I m going to walk to those hills and woods I d think to myself Soon it would become a sanctuary Gordon Buchanan is probably the best known natural history cameraman the BBC has ever produced From wild snow wolf packs in Ellesmere and polar bears in Svalbard to leopards in Mumbai and equine therapy in Mongolia he has filmed in the world s most far reaching places for over 30 years His dedication to his craft means he often spends weeks inside a cramped camera hide tolerating extreme sleep deprivation and poor living conditions all in search of that one extraordinary shot But dangerous animals were not the only thing he was hiding from In the Hide is Gordon s emotionally honest and raw account of a challenging childhood in Dumbarton and on Mull and the escape and solace he found and continues to find in the natural world around him An intimate and inspiring account of resilience in the face of hardship In the Hide marks the arrival of a bold new voice in nature writing

The Making of the American Essay John D'Agata, 2016-03-15 For two decades essayist John D Agata has been exploring the contours of the essay through a series of innovative informative and expansive anthologies that have become foundational texts in the study of the genre The breakthrough first volume The Next American Essay highlighted major work from 1974 to 2003 while the second The Lost Origins of the Essay showcased the essay s ancient and international forebears Now with The Making of the American Essay D Agata concludes his monumental tour of this inexhaustible form with selections ranging from Anne Bradstreet s secular prayers to Washington Irving s satires Emily Dickinson s love letters to Kenneth Goldsmith s catalogues Gertrude Stein s portraits to James Baldwin s and Norman Mailer s meditations on boxing Across the anthologies D Agata s introductions to each selection intimate and brilliantly provocative throughout serve as an extended treatise collectively forming the backbone of the trilogy He uncovers new stories in the American essay s past and shows us that some of the most fiercely daring writers in the American literary canon have turned to the essay in order to produce our culture s most exhilarating art The Making of the American Essay offers the essay at its most varied unique and imaginative best proving that the impulse to make essays in America is as old and as original as the nation itself

The Book of Clifford Clifford Parker, 2019-08-23 The Book of Clifford is not about a dog but a man now in his mid sixties who is living life to the fullest He has over a thousand stories of his life and antics as a young boy growing up in South Texas His community of Hufsmith Texas just north of Houston was a typical small community and during his youth his freewheeling days of fun and laughter with his family and friends are bound to bring a smile on many faces He tells the stories as an adult about his life as a child through adulthood He has mentioned often that his stories are the kind of stories that you never told your momma until you were an adult because Momma always thought he was such an angel when his hair was really covering his devilish little horns His stories are short and easy to read and as many people have told him he writes like people talk It is safe reading for kids and adults will shake their head and recollect their own days of life in a simpler time Men will understand and chuckle and most moms would never believe their own sons would do some of the things in Clifford

s stories The book can be read in one sitting or simply used from day to day for a short laugh
