Gun Control Threat To Liberty Or Defense Against Anarchy

Michael Hoelscher

Gun Control Threat To Liberty Or Defense Against Anarchy:

Gun Control Wilbur Edel, 1995-04-30 Federal restrictions on the sale and possession of some firearms were introduced during Prohibition when illegal rumrunners battling for territorial rights commonly used machine guns to destroy the opposition More sweeping legislation was not passed until 1968 and from that time on the struggle has been between pro and anti control forces with more controls created at state and local levels than at the federal level However the mood in Washington has turned and the question now is how the country can be weaned away from the violence that pervades every aspect of living from lawlessness to literature entertainment and even children s toys This book traces the history of these gun control measures from the early days to our own violent age This is a study of a part of American history that deals not just with gun control as such but with basic concepts of personal liberty government responsibility and the fear of tyranny All three of these influenced the people who took up arms in the American Revolution and who for decades afterward resisted every effort of the central government to substitute a standing army for the armed militia of the states As the nation grew in size and population the need for a standing army became apparent and the nature of the militia changed from that of a purely state organization to an adjunct of the regular army Still the view that private individuals were entitled to purchase and keep firearms for their personal use persisted That this was not a constitutional right was made clear by the Supreme Court in a series of cases beginning as early as 1876 Federal restrictions on the sale and possession of some firearms were introduced during Prohibition when illegal rumrunners battling for territorial rights commonly used machine guns to destroy the opposition More sweeping legislation was not passed until 1968 and from that time on the struggle has been between pro and anti control forces with more controls created at state and local levels than at the federal level However the mood in Washington has turned and the question now is how the country can be weaned from the violence that pervades every aspect of living from lawlessness to literature entertainment and even children s toys [The Changing Politics of Gun Control](#) John M. Bruce, Clyde Wilcox, 1998 In recent years political discourse about gun control and the Second Amendment has become increasingly volatile and this collection of original essays by top scholars illuminates the various reasons why Gun lobbies such as the National Rifle Association are more organized and aggressive and their issue agenda has evolved as new and more powerful weapons and militia appear On the other side of the debate the critical wounding of James Brady gave gun control advocates a visible martyr with strong ties to Republican conservatives In sum gun control and the right to bear arms have become hotly disputed issues where political alignments are constantly shifting The contributors chart these changes and explore how Congress the courts the President and individual states are currently addressing the issue of gun control This book which includes profiles and examinations of relevant interest groups the gun control coalition recent Supreme Court decisions and public opinion surveys will be of great interest to classes in political science American government law and sociology **Gun Control** Robert J. Spitzer, 2009-03-20 Gun control is one of the most enduringly controversial issues in

modern American politics For the first time this book compiles a comprehensive array of documents that explain and illuminate the historical and contemporary context of the modern gun debate Bringing together over 50 documents from the colonial era to the present including early colonial laws founding documents letters political debates federal and state laws federal and state court cases and various political documents this book is an indispensable reference work for those seeking to understand the origins and modern consequences of American gun policy including the Second Amendment's right to keep and bear arms Accompanying commentary and analysis is included to help the reader fully understand the meaning of these documents Numerous bibliographic sources provide additional resources for interested readers Ideal for undergraduate and high school students this collection of primary documents surrounding one of America's oldest controversial issues is a must have for library shelves Contrary to popular impression gun laws are as old as the country and reflect the intersection of citizens personal gun habits and the country's early need to defend itself by citizen militias who were required to arm themselves The nation's gun policies evolved as its needs and resources changed Old style militias gave way to a modern professional American military and the settling of the American frontier ushered in modern gun laws In the past century political assassinations and gun related mass violence spurred both new gun control efforts and a burgeoning modern gun rights movement Students will be able to read and analyze primary documents surrounding these events including the Federalist Papers early hunting laws Supreme Court rulings federal and state regulations and recent political platform statements Ideal for undergraduate and high school students this collection of primary documents surrounding one of America's oldest controversial issues is a must have for library shelves

Gun Control in the United States Gregg Lee Carter, 2017-01-23 This up to date second edition work will stimulate and clarify readers thinking on the key issues surrounding guns in the United States especially on the debate over gun control Most public debate and discussion about guns in U S society is rarely guided by research not surprising as most individuals have a personal opinion on this highly inflammatory topic based on their upbringing or personal experiences Additionally most research about gun use in America is confusing and contradictory making it difficult for citizens to gain much from their attempts to investigate the topic objectively This book offers concise understandable coverage of all aspects of the issue including incidence of gun violence gun control gun rights government regulation legislation and court decisions gun organizations for gun control and for gun rights gun enthusiast subcultures for example hunters target shooters and collectors and U S attitudes toward guns Many of the covered topics are placed in historical and cross cultural perspective The new edition of *Gun Control in the United States A Reference Handbook* enables the reader to navigate and interpret the research to become sufficiently educated on any specific aspect of the gun issue to make an informed decision for example whether to support stricter or more lenient gun control whether to become a gun owner whether to support a particular political party or candidate or whether to develop or to refine a particular philosophy regarding guns Other aspects of the contemporary gun debate that are addressed include

whether the Supreme Court's ruling that the Second Amendment guarantees an individual right will withstand future challenges whether the strong gun regulations used in Europe would be effective and applicable in reducing gun violence in the United States and whether the diversity explosion created by the high rate of immigration from countries where guns are strictly controlled will soon change the politics of the U S gun control debate

Gun Violence in American Society Lisa A. Eargle, Ashraf Esmail, 2015-11-17 Gun Violence In American Society Crime Justice and Public Policy provides an in depth multidisciplinary investigation into one of society's major social public health and political concerns death injury and destruction from the use of firearms Contributors employ a variety of theoretical methodological and data analysis frameworks to address different gun violence issues They explore how gun violence is created and perpetuated in society as well as the various forms and social contexts in which it appears The impacts of gun violence on different social groups communities and social institutions are also delineated Moreover possible solutions to gun violence are presented

Shots in the Dark William J. Vizzard, 2000 Starting with Columbine school shootings have brought the issue of gun control to the forefront of the American consciousness Why it won't rise to the top of the political agenda is an important part of the story that Will Vizzard tells Drawing on Congressional hearings interviews thirty years of research and personal experience as a special agent of the Bureau of Alcohol Tobacco and Firearms the author takes a step back from both advocates and opponents of gun control to survey the U S gun landscape What he finds there is a scene dominated by policy and public opinion extremism as well as a powerful combination of history and symbolism that impede the resolution of this conflict Neither a call for gun prohibition nor a diatribe against gun control this book is intended for those with a particular interest in firearms as well as serious students of public policy and criminal justice In addition to covering a century of gun control policy the author addresses such current issues as assault weapons right to carry and concealed carry laws school shootings and recent elections Unlike its several counterparts SHOTS IN THE DARK sheds light on a balanced and pragmatic approach to gun control legislation

Deterrence Thom Brooks, 2019-11-11 Deterrence is a theory which claims that punishment is justified through preventing future crimes and is one of the oldest and most powerful theories about punishment The argument that punishment ought to secure crime reduction occupies a central place in criminal justice policy and is the site for much debate Should the state deter offenders through the threat of punishment What available evidence is there about the effectiveness of deterrence Is deterrence even possible This volume brings together the leading work on deterrence from the dominant international figures in the field Deterrence is examined from various critical perspectives including its diversity relation with desert the relation of deterrence with incapacitation and prevention the role deterrence has played in debates over the death penalty and deterrence and corporate crime

Gun Violence in America Alexander DeConde, 2003 An in depth analysis of the folklore surrounding gun use and the state of the debate in today's political climate

The Right to Bear Arms Robert J. Spitzer, 2001-11-28 An objective examination of the Second Amendment focusing on the intentions of

its authors its evolution from America's beginnings to the present and the views expressed by the courts In *The Right to Bear Arms Rights and Liberties under the Law* the first volume in ABC CLIO's America's Freedoms series political scientist Robert J Spitzer combats hysteria and rhetoric with simple facts He takes no position on whether more or fewer gun control laws are needed or whether guns are good or bad Instead he traces the roots of the Second Amendment analyzes the opinions and intentions of its authors follows its application and evolution from its beginnings and explores the views expressed by the courts He then carefully compares the intended and the implied meaning of this amendment with the views expressed by the entire spectrum of groups involved in the gun control issue Armed with the facts readers can decide for themselves

Tinder-Box Criminal Aggression Nathaniel J. Pallone, James J. Hennessy, 1996-01-01 The authors refine amplify and extend the conceptual model for understanding tinder box criminal aggression they first introduced in *Criminal Behavior* This work integrates relative contributions made by such intrapersonal characteristics as the need for serial stimulation impairment in foresight and planfulness and the acquisition of a taste for risk on the one hand with such factors as child rearing practices vicarious conditioning sub cultures of violence and the availability of mood altering chemical substances on the other hand *Controversies in American Public Policy* John A. Hird, Michael Reese, Matthew Shilvock, 2004 Features debates selected from political and academic journals such as the *Nation* *Commentary* and the *American Prospect* the readings supply important factual context for each debate and represent the best argument from each position

Encyclopedia of Gun Control and Gun Rights Glenn H. Utter, 2000 A listing of the court cases personalities laws and groups involved in the regulation of guns The book begins with an essay on the issues in the gun control battle and a short guide to the court cases and groups involved placing them in the opposing camps The entries which are balanced and well written include photographs and charts Libr J **The Gun Control Movement** Gregg Lee Carter, 1997 Examines American attitudes about gun control how those attitudes reflect the gun control movement and the future of gun control in the United States **Gun Control** Wilbur Edel, 1995-04-30 Federal restrictions on the sale and possession of some firearms were introduced during Prohibition when illegal rumrunners battling for territorial rights commonly used machine guns to destroy the opposition More sweeping legislation was not passed until 1968 and from that time on the struggle has been between pro and anti control forces with more controls created at state and local levels than at the federal level However the mood in Washington has turned and the question now is how the country can be weaned away from the violence that pervades every aspect of living from lawlessness to literature entertainment and even children's toys This book traces the history of these gun control measures from the early days to our own violent age This is a study of a part of American history that deals not just with gun control as such but with basic concepts of personal liberty government responsibility and the fear of tyranny All three of these influenced the people who took up arms in the American Revolution and who for decades afterward resisted every effort of the central government to substitute a standing army for the armed militia of the states As the nation grew in

size and population the need for a standing army became apparent and the nature of the militia changed from that of a purely state organization to an adjunct of the regular army Still the view that private individuals were entitled to purchase and keep firearms for their personal use persisted That this was not a constitutional right was made clear by the Supreme Court in a series of cases beginning as early as 1876 Federal restrictions on the sale and possession of some firearms were introduced during Prohibition when illegal rumrunners battling for territorial rights commonly used machine guns to destroy the opposition More sweeping legislation was not passed until 1968 and from that time on the struggle has been between pro and anti control forces with more controls created at state and local levels than at the federal level However the mood in Washington has turned and the question now is how the country can be weaned from the violence that pervades every aspect of living from lawlessness to literature entertainment and even children s toys

Hamline Journal of Public Law and Policy ,1999 **The Government Taketh Away** Leslie A. Pal,R. Kent Weaver,2003-04-01 Democratic government is about making choices Sometimes those choices involve the distribution of benefits At other times they involve the imposition of some type of loss a program cut increased taxes or new regulatory standards Citizens will resist such impositions if they can or will try to punish governments at election time The dynamics of loss imposition are therefore a universal if unpleasant element of democratic governance The Government Taketh Away examines the repercussions of unpopular government decisions in Canada and the United States the two great democratic nations of North America Pal Weaver and their contributors compare the capacities of the U S presidential system and the Canadian Westminster system to impose different types of losses symbolic losses gun control and abortion geographically concentrated losses military base closings and nuclear waste disposal geographically dispersed losses cuts to pensions and to health care and losses imposed on business telecommunications deregulation and tobacco control Theory holds that Westminster style systems should all things being equal have a comparative advantage in loss imposition because they concentrate power and authority though this can make it easier to pin blame on politicians too The empirical findings of the cases in this book paint a more complex picture Westminster systems do appear to have some robust abilities to impose losses and US institutions provide more opportunities for loss avoiders to resist government policy in some sectors But in most sectors outcomes in the two countries are strikingly similar The Government Taketh Away is essential for the scholar and students of public policy or comparative policy It is also an important book for the average citizen who wants to know more about the complexities of living in a democratic society where the government can give but how it can also sometimes painfully taketh away Gun Control Herbert M. Levine,1998 Provides information on both sides of the gun control issue discussing crime suicides accidents the Constitution and government regulations **The Antiquated Right** Andrew Carlson,2002 Over two hundred years ago the United States enacted a constitutional amendment ensuring the ability of states to form militias Although the militia has become obsolete over 30 000 Americans die every year by gunfire Both pro gun and pro control advocates put forth credible proposals for

reducing gun violence but all too often this public policy debate gets sidetracked by invocation of the Second Amendment right to bear arms which improperly makes a constitutional issue out of a public policy matter This book argues for the repeal of the Second Amendment because this amendment no longer serves its original constitutional purpose and it disrupts the contemporary gun debate Professional Journal of the United States Army ,1999 **Constitutional Amendments:**
Amendments 1-8 Tom Pendergast,Sara Pendergast,John Sousanis,2001 This volume discusses existing amendments to the United States Constitution as well as looking at amendment proposals

Gun Control Threat To Liberty Or Defense Against Anarchy Introduction

In today's digital age, the availability of Gun Control Threat To Liberty Or Defense Against Anarchy books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Gun Control Threat To Liberty Or Defense Against Anarchy books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Gun Control Threat To Liberty Or Defense Against Anarchy books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Gun Control Threat To Liberty Or Defense Against Anarchy versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Gun Control Threat To Liberty Or Defense Against Anarchy books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Gun Control Threat To Liberty Or Defense Against Anarchy books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Gun Control Threat To Liberty Or Defense Against Anarchy books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and

technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Gun Control Threat To Liberty Or Defense Against Anarchy books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Gun Control Threat To Liberty Or Defense Against Anarchy books and manuals for download and embark on your journey of knowledge?

FAQs About Gun Control Threat To Liberty Or Defense Against Anarchy Books

1. Where can I buy Gun Control Threat To Liberty Or Defense Against Anarchy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Gun Control Threat To Liberty Or Defense Against Anarchy book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
