'Drag' Harlan Charles Alden Seltzer, 2019-11-26 In *Drag Harlan* Charles Alden Seltzer crafts a compelling narrative that delves into the gritty realities of the American West during the early 20th century. Through vivid depictions of life on the frontier, Seltzer examines themes of isolation, resilience, and the moral complexities of survival in a lawless land. His engaging prose combines elements of rugged realism with a cinematic flair, allowing readers to visualize the stark landscapes and intricate social dynamics of the period. The novel not only reflects the adventurous spirit prevalent in early Western literature but also challenges the archetypal portrayal of heroes and villains, showcasing the shades of grey in human nature. Charles Alden Seltzer, a prominent figure in early 20th-century American literature, was profoundly influenced by his experiences in the West, having lived in various frontier towns. His background in journalism provided him with keen observational skills, which he adeptly translates into his character-driven storytelling. Seltzer's works often draw from his firsthand encounters, revealing a deep understanding of the hardships and aspirations of the people in this transformative era. *Drag Harlan* is an essential read for those interested in Western literature and the exploration of human resilience within hostile environments. It is a thought-provoking tale that invites readers to reflect on the complexities of morality and the indomitable spirit of the human condition, making it a remarkable addition to any literary collection.

Add these up and throw in a few gunmen who are happy to give the Bonita women training and a good dose of loving, and you've got yourself a hell of a fight. And a hell of a story.

Under the Diehard Brand L. Ron Hubbard, 2009-10-22 In the classic western movie *The Searchers*, Jeffrey Hunter plays a young man with a mission in his heart and a chip on his shoulder. The character might well have been modeled on eighteen-year-old Lee Thompson, a trail hand on a mission of his own to save his dad, Diehard Thompson, the aging sheriff of Wolf River, Montana. Old Diehard's lost control of his town, and it seems every outcast and outlaw west of the Mississippi is on the prowl in Wolf River. Now Lee's come all the way from Texas to stand up for his father, a man who hasn't seen him since he was a boy, and who doesn't know him from Adam. Lee's plan is a dangerous one: mix in with the desperadoes and risk death at their hand. Under the Diehard Brand. But sometimes the only way to restore the rule of law is to break it. Most of the Westerns published in the all-fiction magazines of the first half of the twentieth century were written by authors more familiar with the streets of New York than the cattle trails of Texas. Hubbard bucked the trend and, in the process, changed the face of the Western adventure. He grew up in a time and a place where the Old West, though fading, still lived. His unique knowledge of

the frontier of its ways and its people made him an authentic voice of this unique American experience Also includes the Western adventures Hoss Tamer in which a circus horse trainer turned bronco buster has to figure a way to tame a gang of outlaws and The Ghost Town Gun Ghost the story of an old prospector who seems to have lost his wits but is he crazy or crazy like a fox Rife with action and adventure and laced with melodramatic undertones Library Journal Great Brand Blunders Rob Gray,2014-02-25 What causes some marketing campaigns to go spectacularly wrong Why might new product launches publicity stunts or rebranding exercises be doomed to failure How can you prevent a social media backlash spiralling out of control When should you apologise cut your losses make a U turn Great Brand Blunders takes an informed and at times acerbic look at the worst marketing and social media disasters of all time and treats them as an amazing learning opportunity The first book for several years to examine brand failures and the first with a special focus on social media Great Brand Blunders offers a mix of entertaining commentary and authoritative advice and features several first hand interviews with those involved A fascinating roll call of over 150 A list brands in sticky situations the book will be required reading not only for professional marketers academics and students but for anyone interested in the gritty stories and testing challenges that lie behind the polished brand images marketers hope to present to the public From awful advertising to ridiculous brand extensions via misguided sales promotions and ill conceived social media activity Great Brand Blunders pulls no punches putting rash decisions under the microscope and offering advice on how to avoid landing in the same foul mess yourself Twentieth-century Western Writers ,1982 Lists writers of western fiction with a biography a bibliography of the writer s works and a critical essay on each writer Sometimes comments by the author himself are included *Gunman's Pass* Ralph Cotton,2022-04-26 A keen judge of horseflesh takes a wild ride in this suspenseful new Western by USA Today bestselling author Ralph Cotton Two deputies fresh from a hard won gunfight with the gang of notorious outlaw Dolan Coyle stroll into a saloon in the dusty little town of Broken Hat inquiring after one Will Summers The men are looking to swap out their exhausted horses and they could use extra men too Just on the outskirts of town Axel Coyle waits with the remnants of his brother s crew ready to shoot down the men who captured their leader The deputies offer Summers a paid position in the posse escorting Dolan into federal custody If they only knew how well acquainted the horse trader once was with the killer chained up out front they might second guess their proposal Dolan had chosen a reckless trail for himself like Summers and many others had done in their early years Summers could not say exactly what had directed him off that trail before it managed to settle into his blood but he s grateful He just doesn t know if that resolution will hold now that his past has landed on him out of a clear blue sky More than four million Ralph Cotton books in print *Gunman's Tally* L.
