**Anti-apartheid Movement**

## **Guns For Hire How The Cia Us Army Recruit Mercenaries For White Rhodesia:**

**Guns for Hire** ,1977\* **From the Barrel of a Gun** Gerald Horne,2015-12-01 In November 1965 Ian Smith's white minority government in Southern Rhodesia now Zimbabwe made a unilateral declaration of independence breaking with Great Britain. With a European population of a few hundred thousand dominating an African majority of several million Rhodesia's racial structure echoed the apartheid of neighboring South Africa. Smith's declaration sparked an escalating guerrilla war that claimed thousands of lives. Across the Atlantic President Lyndon B. Johnson nervously watched events in Rhodesia, fearing that racial conflict abroad could inflame racial discord at home. Although Washington officially voiced concerns over human rights violations, an attitude of tolerance generally marked U.S. relations with the Rhodesian government. Sanctions were imposed but not strictly enforced, and hundreds, perhaps thousands, of American mercenaries joined white Rhodesia's side in battle with little to fear from U.S. laws. Despite such tacit U.S. support, Smith's regime fell in 1980 and the independent state of Zimbabwe was born. The first comprehensive account of American involvement in the war against Zimbabwe, this compelling work also explores how our relationship with Rhodesia helped define interracial dynamics in the United States and vice versa. *Adventure Capitalism* Raymond Craib,2022-07-05 Imagine a capitalist paradise. An island utopia governed solely by the rules of the market and inspired by the fictions of Ayn Rand and Robinson Crusoe. Sound far fetched? It may not be. The past half century is littered with the remains of such experiments in what Raymond Craib calls libertarian exit. Often dismissed as little more than the dreams of crazy rich Caucasians, exit strategies have been tried out from the southwest Pacific to the Caribbean, from the North Sea to the high seas, often with dire consequences for local inhabitants. Based on research in archives in the US, the UK, and Vanuatu, as well as in FBI files acquired through the Freedom of Information Act, Craib explores in careful detail the ideology and practice of libertarian exit and its place in the histories of contemporary capitalism, decolonization, empire, and oceans. *Adventure Capitalism* is a global history that intersects with an array of figures: Fidel Castro and the Koch brothers, American segregationists and Melanesian socialists, Honolulu-based real estate speculators and British Special Branch spies, soldiers of fortune and English lords, Orange County engineers and Tongan navigators, CIA operatives and CBS news executives, and a new breed of techno-utopians and an old guard of Honduran coup leaders. This is not only a history of our time but, given the new iterations of privatized exit, seasteading, free private cities, and space colonization, it is also a history of our future. **Revolutionaries for the Right** Kyle Burke,2018-04-13 Freedom fighters, Guerrilla warriors, Soldiers of fortune. The many civil wars and rebellions against communist governments drew heavily from this cast of characters. Yet from Nicaragua to Afghanistan, Vietnam to Angola, Cuba to the Congo, the connections between these anticommunist groups have remained hazy and their coordination obscure. Yet as Kyle Burke reveals, these conflicts were the product of a rising movement that sought paramilitary action against communism worldwide. Tacking between the United States and many other countries, Burke offers an international history

not only of the paramilitaries who started and waged small wars in the second half of the twentieth century but of conservatism in the Cold War era. From the start of the Cold War, Burke shows leading U.S. conservatives and their allies abroad dreamed of an international anticommunist revolution. They pinned their hopes to armed men, freedom fighters who could unravel communist states from within. And so they fashioned a global network of activists and state officials, guerrillas and mercenaries, ex-spies and ex-soldiers to sponsor paramilitary campaigns in Asia, Africa and Latin America. Blurring the line between state-sanctioned and vigilante violence, this armed crusade helped radicalize right-wing groups in the United States while also generating new forms of privatized warfare abroad.

*Fighting and Writing* Luise White, 2021-02-08. In *Fighting and Writing*, Luise White brings the force of her historical insight to bear on the many war memoirs published by white soldiers who fought for Rhodesia during the 1964-1979 Zimbabwean liberation struggle. In the memoirs of white soldiers fighting to defend white minority rule in Africa long after other countries were independent, White finds a robust and contentious conversation about race difference and the war itself. These are writings by men who were ambivalent conscripts, generally aware of the futility of their fight, not brutal pawns flawlessly executing the orders and parroting the rhetoric of a racist regime. Moreover, most of these men insisted that the most important aspects of fighting a guerrilla war—tracking and hunting, knowledge of the land and of the ways of African society—were learned from black playmates in idealized rural childhoods. In these memoirs, African guerrillas never lost their association with the wild, even as white soldiers boasted of bringing Africans into the intimate spaces of regiment and regime.

*Combatants in African Conflicts* Simon David Taylor, 2022-05-10. This book focuses on the different types of combatants in conflicts in Africa, exploring the fine lines between what might be classified as a militia in one conflict, a rebel in another, or a terrorist in a third. Drawing on the work of Carl von Clausewitz, this book provides a conceptually stable and analytically sound new typology of combatants. Analysing the relationships between state and society and drawing on Clausewitz's Trinity of passion, chance and reason, the book presents a set of five types of armed actors: Professionals, Praetorians, Militias, Insurgents and Mercenaries. Each type is developed through a close reading of foundational theoretical texts, reviews of contemporary studies and a historical analysis of their unique characteristics. Unlike a reductionist binary perspective, this typology accounts for the dynamic, complex and evolving relationships of these actors with the state and society. A typology of combatants in conflicts in Africa can provide avenues for more in-depth analysis of such conflicts and holds implications for Security Sector Reform projects and other peace-building programmes. As such, this book will be an essential reference for scholars and students of African Politics and Military and Security Studies.

**The Political Economy of U.S. Policy Toward South Africa** Kevin Danaher, 1982. *Zimbabwean Political Materials Published in Exile, 1959-1980*, 1987.

*Washingtons Söldner* Klaas Voß, 2014-03-12. In den letzten Jahren fand eine stetige Privatisierung von Kriegen statt, nicht zuletzt durch den Einsatz von Söldnerfirmen wie Blackwater. Heute Academi in Afghanistan und im Irak. Doch es ist ein weit verbreiteter Irrglaube, dass Söldner erst mit dem

Aufstieg der großen Militärdienstleister nach dem Ende des Kalten Krieges wieder zu einem wichtigen Konfliktakteur wurden. Tatsächlich fanden sie in der Konfrontation der Supermächte mit ihren verdeckten Operationen und Stellvertreterkriegen eine ideale Basis. Während man in Washington glaubte, dass Soldner risikofreie Interventionen in der Dritten Welt ermöglichen, brachte ihr Einsatz zugleich eine erhebliche politisch-moralische Hypothek mit sich und bot eine perfekte Angriffsfläche für kommunistische Propaganda. Weit verbreitete Annahmen zu Geheimdiensten, verdeckten Operationen und dem Management öffentlicher Meinung werden in diesem Buch hinterfragt. Der Einsatz von Soldnern verweist darauf, dass echte Geheimhaltung weitaus weniger wichtig war als die Möglichkeit für die amtierende US-Administration, zumindest formal die Verantwortung für die inoffiziellen Kriege im Ausland abstreiten zu können. Klaas Voerz holt die wenig beachtete Vorgeschichte der aktuellen Rückkehr des Soldnertums und erinnert an die Schlachtfelder halbvergessener Konflikte des Kalten Krieges im Kongo, in Angola, Rhodesien und Nicaragua.

**Final Report of the Conference in Solidarity with the Liberation Struggles of the Peoples of Southern Africa, October 9-11, 1981, Riverside Church, New York City**, 1981     *The Scourge of Secrecy* Richard Harger, 1980     *Africa Today*, 1980     **Fireforce Exposed** Anti-apartheid Movement, 1979     *A Current Bibliography on African Affairs*, 1962     **South Africa and the United States** Kevin Danaher, 1979     *Dartmouth and Southern African Investments* Upper Valley Committee for a Free Southern Africa, 1979     **Political Affairs** Earl Browder, 2002 A theoretical and political magazine of scientific socialism     *Newsweek*, 1986     *The Bulletin*, 1986-11
