**Suspicion Nation** Lisa Bloom,2015-02-10 Many thought the election of our first African American president put an end to the conversation about race in this country and that America had moved into a post racial era of equality and opportunity Then on the night of February 26 2012 a black seventeen year old boy walking to a friend s home carrying only his cell phone candy and a fruit drink was shot and killed by a neighborhood watch coordinator And in July 2013 the trial of Zimmerman for murder captivated the public as did his eventual acquittal In her provocative and landmark book Suspicion Nation Lisa Bloom who covered the trial from gavel to gavel posits that none of this was a surprise Our laws culture and blind spots created the conditions that led to Trayvon Martin s death and made George Zimmerman s acquittal by far the most likely outcome America today holds an unhealthy preoccupation with firearms that has led to the expansion of gun rights to surreal extremes America now has not only the highest per capita gun ownership rate in the world almost one gun per American but the highest rate of gun deaths Despite the strides America has made fighting a bloody Civil War to end slavery eradicating Jim Crow laws teaching tolerance and electing an African American president racial inequality persists throughout our country in employment housing education the media and most institutions And perhaps most destructively of all racial biases run deep in every level of our criminal justice system Suspicion Nation captures a court system and a country conflicted and divided over issues of race violence and gun legislation **Cia Tiger Shadow Assassination Association** Gary Lee

**Powder Wars** Graham Johnson,2011-03-04

An astonishing story Sunday Mirror The best gangster book of modern times Donal MacIntyre Gangster Paul Grimes was a one man crimewave with a breathtaking capacity to steal Any villains who got in his way were made to pay often with their blood But when his son died of a drugs overdose the old school mobster swore revenge on the new generation of Liverpool based heroin and cocaine dealers Against all odds he turned undercover informant The first gangster to fall foul of Grimes change of heart was Curtis Warren aka Cocky the wealthiest and most successful criminal in British history Grimes infiltrated his cocaine cartel and led Customs to the largest narcotics seizure on record putting Warren in the dock in the drugs trial of the twentieth century After turning his attention to heroin baron John Haase Grimes rose to become the boss of the villain s notoriously bloodthirsty security firm a professional gang of racketeers addicted to cocaine explosive violence and non stop criminality But as his net began to tighten Grimes was confronted with the ultimate dilemma He discovered his second son was now a rising star in the drugs business The life or death question was should he shoot him or not Powder Wars also reveals the secrets behind one of the most controversial episodes in British judicial history how former Home Secretary Michael Howard was duped into granting John Haase a Royal Pardon Today Paul Grimes has a 100 000 contract on his head and is a real life dead man walking Powder Wars is a riveting account of modern gangsters told in brutal detail The Secrets of an Aborted Decolonisation Carlson Anyangwe,2010-10-08 A remarkable feature of the collapse of the British Empire is that the British departed from almost every single one of their colonial territories invariably leaving behind a messy situation and an agenda of serious problems that in most cases still haunt those territories to this day One such territory is the Southern British Cameroons There the British Government took the official view that the territory and its people were expendable It opposed for selfish economic reasons sovereign statehood for the territory in clear violation of the UN Charter and the norm of self determination It transferred the Southern Cameroons to a new colonial overlord and hurriedly left the territory The British Governments bad faith duplicity deception wheeling and dealing and betrayal of the people of the Southern Cameroons is incredible and defies good sense Ample evidence of this is provided by the declassified documents in this book Among the material are treaties concluded by Britain with Southern Cameroons coastal Kings and Chiefs and the boundary treaties of the Southern Cameroons treaties defining the frontiers with Nigeria to the west and the frontier with Cameroun Republic to the east The book contains documents that attest to the Southern Cameroons as a fully self governing country ready for sovereign statehood These include debates in the Southern Cameroons House of Assembly and the various Constitutions of the Southern Cameroons The book also reproduces British declassified documents on the Southern Cameroons covering the three critical years from 1959 to 1961 documents which speak to the inglorious stewardship of Great Britain in the Southern Cameroons This book removes lingering doubts in some quarters that the people of the Southern Cameroons were cheated of independence Its contents are further evidence of their inalienable right and sacred duty to assert their independence No one who reads this book can possibly be indifferent to the just struggle of

the Southern Cameroons for sovereign statehood      *The First Code Talkers* William C.
