*Hawker of Morwenstow* Piers Brendon, 1975      *Hawker Of Morwenstow* Piers Brendon, 2011-08-31 This illuminating biography of Robert Stephen Hawker 1803-75 unravels fully the famous Cornish parson poet's rich personality. Drawing on a mass of unpublished material Piers Brendon re-creates one of the most bizarre of Victorian lives revealing the mixture of truth over simplification and falsehood in the legend which has built up around him. The popular account depicts Hawker as a youth of wild high spirits who delighted in hoaxes and practical jokes. As an Oxford undergraduate he won the Newdigate Poetry Prize and married his rich 41-year-old godmother. In 1834 he became vicar of Morwenstow and spent the rest of his life in his desolate country parish on the storm-swept coast of north Cornwall. He was a charitable hard-working Anglo-Catholic but owing to the remoteness of his position and lack of sympathy from his parishioners his true genius became warped and he succumbed to wayward eccentricity. His dress was to say the least unorthodox and he became obsessed with antiquarian lore lending a haunting reality to the arcane superstitions which he cultivated. He entertained no doubt whatever about the active agency of demons and angels, ghosts and brownies. He talked to birds, invited his nine cats into church and excommunicated one of them when it caught a mouse on Sunday. Out of the timbers of wrecked ships he built a hut, a forbidding sanctuary perched on the high cliff edge where he invoked mystic visions and composed romantic poetry. Piers Brendon here rescues Hawker from legend and his fascinating book substitutes character for caricature. An even more interesting and idiosyncratic Hawker emerges, scarred and moulded by the stark isolation of his hostile seaboard. A benefice, a man of remarkable insight and compassion who submitted in strange ways to his calling and who it turns out proves to have been a true prophet in his yearning exclamation: what a life mine would be if it were all written and published in a book.

**Great British Eccentrics** S. D. Tucker, 2015-09-15 An entertaining guide to the most eccentric characters from British history      **Cornish Wrecking, 1700-1860** Cathryn J. Pearce, 2010 Shows how the image of Cornish wreckers as villains deliberately luring ships on to the rocks is a myth. Highly Commended in Class 6 Non-Fiction History and Creative Arts of the Hoyer and Gof Awards 2011. Although the popular myth of Cornish wrecking is well known within British culture this book is the first comprehensive systematic inquiry to separate out the layers of myth from the actual practices. Weaving in legal, social and cultural history it traces the development of wreck law, the right to salvage goods washed on shore and explores the responses of a coastal populace who found their customary practices increasingly outside the law, especially as local individual rights were being curtailed and the role of centralised authority asserted. This groundbreaking study also considers the myths surrounding wrecking, showing how these developed over time and how moral attitudes towards wrecking changed. Overall the picture of evil wreckers deliberately luring ships onto the rocks is dispelled to be replaced by a detailed picture of a coastal populace, poor and gentry alike, who were involved in a multi-faceted sophisticated coastal practice and who had their own complex popular beliefs about the harvest and salvage of goods washing ashore from shipwreck. A study of five novelists who write about the development of artistic talent: Lawrence Durrell, Doris Lessing, Patrick White, John Fowles, and John Barth. *The Romances of John Fowles* Simon Loveday, 1985-06-11. *Victorians and the Virgin Mary* Carol Engelhardt-Herringer, 2013-07-19. This interdisciplinary study of competing representations of the Virgin Mary examines how anxieties about religious and gender identities intersected to create public controversies that, whilst ostensibly about theology and liturgy, were also attempts to define the role and nature of women. Drawing on a variety of sources, this book seeks to revise our understanding of the Victorian religious landscape, both retrieving Catholics from the cultural margins to which they are usually relegated and calling for a reassessment of the Protestant attitude to the feminine ideal. This book will be useful to advanced students and scholars in a variety of disciplines, including history, religious studies, Victorian studies, women's history, and gender studies. **Epic** Herbert F. Tucker, 2012-11-29. Literary history has conventionally viewed Milton as the last real practitioner of the epic in English verse. Herbert Tucker's spirited book shows that the British tradition of epic poetry was unbroken from the French Revolution to World War I. **Bibliographies of Studies in Victorian Literature for the Ten Years 1975-1984** Richard Clark Tobias, 1991. This volume comprises publications on Victorian literature written in the period 1975-1984. The lists derive from the summer issues of the journal *Victorian Studies*, which are devoted to bibliography of the period. Also included is an index of names and subjects. **Acumen Magazine**, 2000.
