Traces the evolving musical reputations of Haydn and Mozart evaluating a wide range of scholarship biography criticism and fiction      **The Life of Haydn, in a Series of Letters Written at Vienna. Followed by the Life of Mozart, with Observations on Metastasio, and on the Present State of Music in France and Italy. Translated from the French [by R. Brewin]... With Notes, by the Author of the Sacred Melodies [i.e. William Gardiner].** Stendhal, 1817      The Lives of Haydn and Mozart L. A. C. Bombet, 1818      Stendhal: The Red and the Black Stirling Haig, 1989-06-22

Stendhal's great novel *The Red and the Black* published in 1830 is seen as one of the most distinguished monuments of literary realism. In this introductory study Stirling Haig shows how this realism derives from the incorporation of both history and legal reportage into the novel and how it combines autobiography with mimesis. Professor Haig locates the novel in the context of Stendhal's own experiences as a Commissariat officer in the Napoleonic army, journalist, opera lover, salon dandy and traveller in Italy and Restoration France and highlights the constant interpenetration of personal documentary and fictional elements in Stendhal's writings      **The Lives of Haydn and Mozart**, 2020-03-14      The Life of Haydn, in a Series of Letters Written at Vienna Stendhal, 2015-06-17

Excerpt from *The Life of Haydn in a Series of Letters Written at Vienna Followed by the Life of Mozart With Observations on Metastasio and on the Present State of Music in France and Italy*. The American Publishers herewith present the public with a work in which independently of the interest with which musical men will always regard whatever relates to names so eminent as those of Mozart and Haydn the general reader will find a variety of anecdote and an elegance of criticism on all subjects connected with the fine arts which can scarcely fail to gratify him. As explanatory of the origin and publication of the book the author says in his preface: I was at Vienna in 1808 whence I wrote to a friend some letters respecting the celebrated Haydn whose acquaintance an accidental occurrence had fortunately procured for me eight or ten years before. Historians

have long tried to place the music of Haydn and Mozart in the lineage of German Lutheran music In this book Daniel Heartz shows that the first Viennese school grew from a Catholic inheritance in Italian music and from local tradition with an admixture of French currents The generation of composers led by Haydn no longer trained in Italy By the time young Mozart joined the ranks of the Viennese school its accomplishments towered above all others of the time The author's approach can be compared to viewing a majestic mountain range in its totality the highest peaks take on even greater majesty when seen in their natural context of foothills and lesser peaks This is how Haydn and Mozart were viewed by their contemporaries whose world of perception Heartz recreates using among other things the visual art of the period His focus is on music as a part of cultural history at a particular time and place Stylistic terms and a priori periods matter less to him than the common denominators of geography culture and political history Book jacket      *The Life of Haydn, in a Series of Letters Written at Vienna. **Mozart's Music of Friends** Edward Klorman, 2016-04-21 In 1829 Goethe famously described the string quartet as a conversation among four intelligent people Inspired by this metaphor Edward Klorman's study draws on a wide variety of documentary and iconographic sources to explore Mozart's chamber works as the music of friends Illuminating the meanings and historical foundations of comparisons between chamber music and social interplay Klorman infuses the analysis of sonata form and phrase rhythm with a performer's sensibility He develops a new analytical method called multiple agency that interprets the various players within an ensemble as participants in stylized social intercourse characters capable of surprising seducing outwitting and even deceiving one another musically This book is accompanied by online resources that include original recordings performed by the author and other musicians as well as video analyses that invite the reader to experience the interplay in time as if from within the ensemble
