## Hazing Reader:

*The Hazing Reader* Hank Nuwer, 2004-01-29 Despite numerous highly publicized incidents and widespread calls for reform hazing continues to plague many of the nation's institutions In this volume noted hazing researcher Hank Nuwer presents 15 essays that can help all of us parent and professional alike better understand the culture of hazing *Hazing* Hank Nuwer, 2018-03 When does becoming part of the team go too far For decades young men and women endured degrading and dangerous rituals in order to join sororities and fraternities while college administrators blindly accepted their consequences In recent years these practices have spilled over into the mainstream polluting military organizations sports teams and even secondary schools In *Destroying Young Lives Hazing in Schools and the Military* Hank Nuwer assembles an extraordinary cast of analysts to catalog the evolution of this dangerous practice from the first hazing death at Cornell University in 1863 to present day tragedies This hard hitting compilation addresses the numerous significant and often overlooked impacts of hazing including sexual exploitation mental distress depression and even suicide *Destroying Young Lives* is a compelling look at how universities the military and other social groups can learn from past mistakes and protect their members going forward **University Ethics** James F. Keenan, 2015-05-14 Stories about ethical issues at universities make headlines every day From sexual violence to racial conflict from the treatment of adjuncts to cheating students professors and administrators face countless ethical trials And yet very few resources exist to assist universities in developing an ethical culture *University Ethics* addresses this challenge Each chapter studies a facet of university life including athletics gender faculty accountability and more highlights the ethical hotspots explains why they occur and proposes best practices Professional ethics are a key component of training for numerous other fields such as business management medicine law and journalism but there is no prescribed course of study for the academy Professors and administrators are not trained in standards for evaluating papers colleagues boundaries or contracts *University Ethics* not only examines the ethical problems that colleges face one by one but proposes creating an integrated culture of ethics university wide that fosters the institution's mission and community In an environment plagued by university scandals *University Ethics* is essential reading for anyone connected to higher education today *How to Eradicate Hazing* Ronald W. Holmes, 2013-01-10 Hazing has been defined in a number of ways but the resulting consequences are the same ridicule humiliation embarrassment and abuse Despite contrary beliefs hazing impacts all ages and segments of society Society must therefore be engaged in educational strategies to understand the causes and effects of hazing and research based strategies for prevention that over time will eliminate the negative consequences The book by Dr Ronald Holmes provides a framework for K-20 educators and others to have an in depth look at hazing and begin to develop anti hazing strategies to overcome the negative consequences in our communities schools institutions and society It is a must read for those interested in using knowledge and collaborative strategies to understand and prevent hazing Dr George E Cooper former president of South

Carolina State University The time is now for all of us to become actively involved to tackle the problem and pain of violence on Black college campuses Black community and other communities I hope that this book will inspire and challenge us to do our level best to rid purge and root out hazing from our culture Make no mistake about hazing it didnt begin with Robert Champion but prayerfully it must end with the death of our drum major and other beloved children throughout the country Lets become a champion in this fight Reverend Dr R B Holmes Jr pastor of Bethel Missionary Baptist Church Founder Chair National Anti Hazing Anti Violence Task Force      *Cultures of Sport Hazing and Anti-Hazing Initiatives for the 21st Century* jay johnson, Jessica W. Chin, 2024-12-06 Providing a much needed cutting edge update on the last major publication on sport hazing practices published more than two decades ago chapters cover the continuation of potentially harmful traditional initiations and the cycle of status from initiated to initiator      **The Complete Idiot's Guide to Campus Safety** Alan Axelrod, PhD, Guy Antinozzi, J.D., 2008-04-01 A handbook that covers it all There are many issues surrounding campus safety that students should be prepared for This unique guide covers everything from dorm rules frat house myths and realities and protecting property to staying out of trouble on the Web at the ATM and elsewhere to drinking drugs dating spring break staying healthy how to handle different kinds of people and places and what to do in emergencies      *Hazing* Hank Nuwer, 2018-03-01 When does becoming part of the team go too far For decades young men and women endured degrading and dangerous rituals in order to join sororities and fraternities while college administrators blindly accepted their consequences In recent years these practices have spilled over into the mainstream polluting military organizations sports teams and even secondary schools In *Destroying Young Lives Hazing in Schools and the Military* Hank Nuwer assembles an extraordinary cast of analysts to catalog the evolution of this dangerous practice from the first hazing death at Cornell University in 1863 to present day tragedies This hard hitting compilation addresses the numerous significant and often overlooked impacts of hazing including including sexual exploitation mental distress depression and even suicide *Destroying Young Lives* is a compelling look at how universities the military and other social groups can learn from past mistakes and protect their members going forward      **The Politics of Humiliation** Ute Frevert, 2020 The story of how humiliation has been used as a means of coercion and control in the modern age from the shaving of the heads of alleged women collaborators in occupied France to the social media pillorying of the 21st century      *Encyclopedia of Military Science* G. Kurt Piehler, 2013-07-24 The *Encyclopedia of Military Science* provides a comprehensive ready reference on the organization traditions training purpose and functions of today s military Entries in this four volume work include coverage of the duties responsibilities and authority of military personnel and an understanding of strategies and tactics of the modern military and how they interface with political social legal economic and technological factors A large component is devoted to issues of leadership group dynamics motivation problem solving and decision making in the military context Finally this work also covers recent American military history since the end of the Cold War with a special emphasis on peacekeeping and

peacemaking operations the First Persian Gulf War the events surrounding 9 11 and the wars in Afghanistan and Iraq and how the military has been changing in relation to these events

**Handbook on Gender and War** Simona Sharoni, Julia Welland, Linda Steiner, Jennifer Pedersen, 2016-07-27 This interdisciplinary Handbook offers a comprehensive and detailed overview of the relationship between gender and war exploring the conduct of war its impact aftermath and opposition to it Offering sophisticated theoretical insights and empirical research from the First World War to contemporary conflicts around the world this Handbook underscores the centrality of gender to critical examinations of war

**Disrupting Fraternity Culture** Brandy Taylor Fink, 2010-08 Disrupting Fraternity Culture explores how young men and women perform male and female roles to fit in during the college or young adult years It is arguable that many young men perform the role of the hegemonic male to fit in among peers and that performing the hegemonic male is to perform acts of violence against women This project actively examines university organizations and institutions such as fraternities and sororities which can encourage anti female attitudes All of the narratives used in this study were given willingly and given primarily by peers The names of the individuals and the names of the fraternity and sorority houses the individuals belong to will not be revealed in this project Fraternities and sororities are useful institutions to study because so many young men and women desire to become a part of Greek culture and in order to fit in may not realize that they are contributing to and maintaining an institution of violence against women It is worthy to explore why so many young men and women choose to partake in this elective rite of passage especially considering the mental and physical hazing men and women endure Both men and women are telling stories and participating in rituals that objectify women and the attitudes and behaviors conveyed in these environments are ubiquitously contributing to views on troubling violence

*Black Greek-Letter Organizations 2.0* Matthew W. Hughey, Gregory S. Parks, 2011-02-18 At the turn of the twentieth century black fraternities and sororities also known as Black Greek Letter Organizations BGLOs were an integral part of what W E B Du Bois called the talented tenth This was the top ten percent of the black community that would serve as a cadre of educated upper class motivated individuals who acquired the professional credentials skills and capital to assist the race to attain socioeconomic parity Today however BGLOs struggle to find their place and direction in a world drastically different from the one that witnessed their genesis In recent years there has been a growing body of scholarship on BGLOs This collection of essays seeks to push those who think about BGLOs to engage in more critically and empirically based analysis This book also seeks to move BGLO members and those who work with them beyond conclusions based on hunches conventional wisdom intuition and personal experience In addition to a rich range of scholars this volume includes a kind of call and response feature between scholars and prominent members of the BGLO community

**Learning Privilege** Adam Howard, 2013-01-11 How can teachers bridge the gap between their commitments to social justice and their day to day practice This is the question author Adam Howard asked as he began teaching at an elite private school and the question that led him to conduct a six year study on affluent schooling

Unfamiliar with the educational landscape of privilege and abundance he began exploring the burning questions he had as a teacher on the lessons affluent students are taught in schooling about their place in the world their relationships with others and who they are Grounded in an extensive ethnographic account Learning Privilege examines the concept of privilege itself and the cultural and social processes in schooling that reinforce and regenerate privilege Howard explores what educators students and families at elite schools value most in education and how these values guide ways of knowing and doing that both create high standards for their educational programs and reinforce privilege as a collective identity This book illustrates the ways that affluent students construct their own privilege not fundamentally as what they have but rather as who they are

**The Misrepresented Minority** Samuel D. Museus, Dina C. Maramba, Robert T. Teranishi, 2023-07-03 While Asian Americans and Pacific Islanders AAPIs are growing faster than any other racial group in the U S they are all but invisible in higher education and generally ignored in the research literature and thus greatly misrepresented and misunderstood This book presents disaggregated data to unmask important academic achievement and other disparities within the population and offers new insights that promote more authentic understandings of the realities masked by the designation of AAPI In offering new perspectives conceptual frameworks and empirical research by seasoned and emerging scholars this book both makes a significant contribution to the emerging knowledge base on AAPIs and identifies new directions for future scholarship on this population Its overarching purpose is to provide policymakers practitioners and researchers in higher education with the information they need to serve an increasingly important segment of their student populations In dispelling such misconceptions as that Asian Americans are not really racial minorities the book opens up the complexity of the racial and ethnic minorities within this group and identifies the unique challenges that require the attention of anyone in higher education concerned with student access and success as well as the pipeline to the professoriate

**The Return to War and Violence** Jan Behrends, 2018-09-05 This volume includes five case studies on war and the military in the USSR Russia and Yugoslavia It argues that the armed forces were at the core of socialist statehood and that their role and their change in late socialism and post Communism are thus far understudied Discussing the similarities as well as the differences between the Soviet the Russian and the Yugoslav case the introduction seeks new explanations for war and military violence in these countries Rather than pointing exclusively to ethnic mobilization and nationalism it views the transformation and collapse of the Communist party state and its army as a precondition for violence and civil war It places these cases using innovative methodological approaches to the research on physical violence war and military These studies explore the experience and the representation of violence army service combat and war in late socialism and scrutinize individual actors and their behaviour within violent spaces In retrospect the emerging wars in the post Soviet space from Chechnya to the Donbas and in Yugoslavia are at least as crucial for the region as Gorbachev's reforms They help to better understand the conflicts of the present in the post Soviet space This book was originally published as a special issue of Nationalities Papers

Deviance and Crime in Colleges and Universities Mark Hickson, Julian B. Roebuck, 2009 This book provides potential answers to reduce deviant behavior and crime in colleges and universities Claiming that the Virginia Tech and Northern Illinois shootings were aberrations the authors have nevertheless uncovered offenses that presage major criminal incidents such as students engaging in cheating plagiarism binge drinking date rape assault and harassment To arrive at solutions the authors collaborated to develop an interdisciplinary comprehensive typology of deviant behavior and crime in academia Areas of discussion include fraternity and sorority deviance beyond the usual

*Identities for Life and Death* Robert J. Pellegrini, 2010-09 This book is all about stories The stories that shape our identities and how those identities shape our destinies for better or worse for good or evil in humanizing or dehumanizing ways Working from the Shakespearian metaphor All the world's a stage and all the men and women merely players Pellegrini argues that only by understanding how our storied selves develop can we acquire the tools to modify the roles they dictate for us to play on the stage in the theater of real life The author deconstructs a wide variety of what he calls toxic dehumanizing death oriented self scripts as well as creative humanizing life oriented narratives of groups as well as individuals Following the Native American parable of two wolves engaged in mortal combat within us one good the other evil the fundamental premise here is that our identity determines which of our inner wolves we feed and thus which of them will prevail Pellegrini maintains that what's at stake in this battle between humanity's collective inner wolves is not just the quality but the very survival of life on earth From this perspective as individual and group selves are humanizingly or dehumanizingly narrativized by the way we exercise our God given free will in the choices we make so shall life be impacted throughout the world To advance the cause of detoxifying identities in our global society the author presents a rationale and program for an international grass roots social movement aimed at achieving a universal sense of belongingness to a global life system You can watch and listen to a video in which Dr Bob Pellegrini talks about this book and why he wrote it by entering *Identities for Life and Death* in the search bar at youtube.com

**Crossing the Line** Simon J. Bronner, 2006 For centuries new sailors from European and North American countries have been subjected to an elaborate hazing at sea called crossing the line Typically initiated upon a crossing of the equator the beatings dunkings sexual play and drinking displays that constitute crossing the line have in recent decades been banned by some fleets but they have also been the subject of staunch defenses and fond reminiscences Crossing the Line studies the purpose and the changing meaning of the ceremony substantially revising long held assumptions

The Influence of Fraternity and Sorority Involvement: A Critical Analysis of Research (1996 - 2013) J. Patrick Biddix, Malinda M Matney, Eric M. Norman, Georgianna L. Martin, 2014-03-04 Despite negative connotations and empirical evidence to support detrimental aspects of fraternity and sorority membership decades of nationally representative data show students remain interested in joining This monograph reconsiders the value of membership based on scholarly research published since 1996 in the following ways Through identifying behavioral psychological and educational outcomes of fraternity sorority involvement By

differentiating outcomes between and among organizations Through recommending implications for policy and practice based on research Findings revealed an unexpected amount of scholarly research interest on fraternity and sorority involvement and membership correlates in the last two decades from a variety of disciplines Despite a disproportionate focus on behavioral correlates such as alcohol use hazing and sexual assault researchers in the past decade have slowly added psychosocial and educational considerations building toward a more holistic understanding of outcomes related to involvement
