Healing for Horses Margrit Coates,2002-05 Presents a guide for healing horses using natural therapies like hands on energy transfer using crystals and gemstones for healing and other natural therapies *Natural Healing for Cats, Dogs, Horses, and Other Animals* Lisa Preston,2012-01-05 In addition to traditional veterinary treatments a wide range of alternative approaches to are becoming more main stream Natural Healing for Cats Dogs Horses and Other Animals will help pet owners and caretakers understand their options The author provides valuable advice and shows how to select a practitioner and to determine whether more than one alternative therapy is appropriate We all want to give our pets the happiest healthiest life possible here is a book that shows the way Hands-On Healing For Pets Margrit Coates,2012-06-30 This phenomenal book by Margrit Coates the world s leading animal healer will teach you how to make a real difference to your pet s happiness and well being through hands on energy healing Energy healing is a non invasive complementary yet very effective therapy that can be used to help improve your pet s health and behaviour In this fascinating guide Margrit Coates provides practical advice on when where and how to use hands on healing to treat your pet Whether you are caring for a dog or cat rabbit or gerbil bird or even a pet reptile or injured wild animals the essential steps are given here along with sections on other alternative treatments such as crystals massage and flower remedies and pet horoscopes Throughout Margrit shares case studies of animals who have been helped by hands on healing THE SKEPTIC PSYCHIC: An Autobiography Into The Acceptance Of The Unseen Suzy Graf,2010-01-18 I started to write in the fall of 2004 during the night in order to return to sleep I was learning developing as a medium and an animal communicator and I learned that if I wrote my dreams or what my pretend friends were telling me through dreams then I would be left alone and could return to sleep No I was not crazy just a struggling would be psychic searching to understand the unknown and when I began this path my searching I found little literary assistance Yes the celebrity psychics all had their autobiographies in print but something was missing I needed to learn HOW they learned not WHAT they learned I needed to understand the beginning phases of mediumship not the perfected exercises of the adept With this mission in mind I journaled my experiences and edited them

into *The Skeptic Psychic an Autobiography into the Acceptance of the Unseen* *The Skeptic Psychic* has two purposes first it entices the reader to expand their imagination beyond what we currently perceive as reality and it offers my experiences and my reactions my fear to these situations as a comfort and encouragement for the reader to challenge their own suspicions and limitations I am now a working psychic offering animal readings or mediumship as well as leading meditations teaching classes and offering energy healing and my students and clients often comment how at peace and naturally talented I am and I smile For I know that I had lived through a myriad of experiences that with time had taught me to acclimate and accept the unseen But I am far from naturally talented and I feel that *The Skeptic Psychic* could help aspiring psychics or anyone contemplating the unknown to better understand that they are not alone in what they are experiencing I composed *The Skeptic Psychic* from chronological journal entries that span from August of 2005 through March of 2006 The book opens just after I attended a weekend retreat that posed the possibility that adults could believe in fairies and aliens The more I questioned if fairies could exist the more I discovered that they did Later that year I confronted my apprehension when sensing that aliens were near as well And as 2005 changed into 2006 I learned to overcome my fears and to accept the unseen I realize that my story and the fact that aliens and fairies do exist sounds rather unbelievable but read my book follow the path the reasoning of how I learned to overcome my fears and understand that the result was a peace a knowing that we are not alone in our reality that there are unseen beings guides are another term that are present to enlighten protect and serve I close this book description the way I close all my journal entries with the salutation Namaste defined through WIKPEDIA as I respect that divinity within you that is also within me Namaste Suzy Graf

Reiki Chris Parkes,Penny Parkes,2010-12-15 Reiki is a Japanese word meaning Universal Life Force Energy Drawing on ancient practices which are said to have dated back to Buddha Reiki balances the energy in the body renewing vitality and bringing about a powerful feeling of serenity and relaxation through the laying on of hands Reiki can be used to relieve the problems associated with stress tension chronic illness and post operative pain In this revised and updated edition Chris and Penny Parkes explain what to expect from a treatment how it works and how it can be of benefit and even show how you too can train very easily to practice Reiki Written by one of the few Reiki masters in the UK and featuring the original Usui method this practical and accessible book reveals the fascinating story behind the discovery of Reiki **Breast Cancer** Robert Duffy,2020-07-27 Breast cancer is the most common cancer in women in the UK there are approximately 45 000 new cases every year A new diagnosis can be very frightening and many people will have no prior knowledge of the disease This

book is for women and their families who are looking for a comprehensive but plain language guide to breast cancer and its treatments. Many people find that doctors, although highly qualified and well meaning, can forget how little the layperson knows about medical procedures and terminology. Starting with the basics, this guide will look at what breast cancer is and how it's diagnosed, right through to support options, the treatment available, and how to care for your carers. The emotional after-effects of being a survivor are also covered in detail. Written by a survivor of breast cancer and peer-reviewed by a breast cancer specialist, this book will provide everything women need to know about breast care, being diagnosed with breast cancer, and the road to recovery.
