providing pertinent suggestions about how preachers can proclaim this message to today's churchgoers **Leaves of Healing**, 1900 **The Gospel Trumpet** Enoch Edwin Byrum, 1913 *Worship for the Whole People of God, Second Edition* Ruth C. Duck, 2021-02-23 This revised edition of the popular textbook on worship by renowned hymn writer and professor Ruth C. Duck provides theological foundations for worship and explores the ways Christians have adapted worship to various cultures to help them live faithfully and to communicate the gospel to others. The author celebrates the many languages and cultural settings in which the gospel has been and is preached, sung and prayed. The goal of this volume is to support good pastoral and congregational reflection on what worship is and does. Consequently, Duck discusses many different forms of worship from several cultures: African American, Asian, Euro American, and offers advice on how to read a congregation and define its culture in order to plan culturally appropriate worship. She includes many practical suggestions for preparing and leading worship, including diverse ministries of music, movement and visual arts that are becoming more popular today. From worship's theological underpinnings, the book turns to worship leadership, forms of prayer, preaching, the sacraments, ordination and various other liturgies. Because of its emphasis on vital and Spirit-led worship, this comprehensive book on Christian worship will be used in years to come not only as a core textbook for seminarians and ministry students from a variety of cultures and traditions but also as a resource for local church pastors and laity who are dedicated to the enlivening of Christian worship. In this new edition, Duck updates and expands the recommended resources, updates the section on worship trends, enhances the section on multicultural worship and revises marriage information based on cultural and denominational changes. Highlights include stories of four churches that are developing creative ways to grow and meet the possibilities and challenges of these times, especially in seeking justice, serving people in their neighborhood and building bridges among cultures and religious groups. In addition, a new appendix by David Gambrell addresses the theological and practical questions surrounding online worship in the context of the Covid-19 pandemic and beyond **Feasting on the Word: Year B, Volume 4** David L. Bartlett, Barbara Brown Taylor, 2009-04-27 With this new lectionary commentary series Westminster John Knox offers the most extensive resource for preaching on the market today. When complete, the twelve volumes of the series will cover all the Sundays in the three-year lectionary cycle along with movable occasions such as Christmas Day, Epiphany, Holy Week and All Saints Day. For each lectionary text, preachers will find four brief essays, one each on the theological, pastoral, exegetical and homiletical challenges of the text. This gives preachers sixteen different approaches to the proclamation of the Word on any given occasion. The editors and contributors to this series are world-class scholars, pastors and writers representing a variety of denominations and traditions. And while the twelve volumes of the series will follow the pattern of the Revised Common Lectionary, each volume will contain an index of biblical passages so that nonlectionary preachers as well as teachers and students may make use of its contents *Living Liturgy* Joyce Ann Zimmerman, Kathleen Harmon, Christopher W. Sanctified by Grace Kent Eilers, Kyle C. Strobel, 2014-06-19 Books on the Christian life abound. Some focus on spirituality, others on practices, and others still on doctrines such as justification or forgiveness. Few offer an account of the Christian life that portrays redeemed Christian existence within the multifaceted and beautiful whole of the Christian confession. This book attempts to fill that gap. It provides a constructive, specifically theological interpretation of the Christian life according to the nature of God's grace. This means coordinating the Triune God, his reconciling, justifying, redemptive, restorative, and otherwise transformative action with those practices of the Christian life emerging from it. The doctrine of the Christian life developed here unifies doctrine and life, confession and practice within the divine economy of grace. Drawing together some of the most important theologians in the church today, *Sanctified by Grace* achieves what no other theological text offers: a shared work of dogmatic theology oriented to redeemed Christian existence.

The Challenge is in the Naming Lydia Neufeld Harder, 2018-06-04 This volume is built around a collection of previously published essays by the author over the course of thirty years, supplemented by current reflections and personal narratives that place these essays into a broader and engaging theological journey.
