**Innovations in Play Therapy** Garry L. Landreth, 2013-06-17 This book is unique in exploring the process of conducting short term intensive group play therapy and the subsequent results It focuses on play therapy with special populations of aggressive acting out children autistic children chronically ill children traumatized children selective mute children disassociative identity disorder adults with child alters and the elderly The book addresses such vital issues as How play therapy helps children Confidentiality in working with children How to work with parents What the play therapist needs to know about medications for children The difficult dimension of diagnosis is clarified through specific descriptions of how the play therapist can use play behaviors to diagnose physical abuse sexual abuse and emotional maladjustment in children

**Personal Process in Child-Centred Play Therapy** David Le Vay, Elise Cuschieri, 2022-09-02 Personal Process in Child Centred Play Therapy provides a very specific exploration of the play therapy process from the personal perspective of the play therapist This volume examines the personal challenges opportunities losses and gains and numerous obstacles that one has to negotiate through the course of both training to become a play therapist and working as a qualified clinician with children who have complex life difficulties The book aims to offer a forum within which the role function and process of the personal within play therapy can be explored Bringing together a number of experienced play therapists the book shares often deeply personal accounts of their experience of training and clinical practice Chapters challenge the unspoken therapist taboos of shame childhood trauma vulnerability and grief shining a light on the more hidden areas of therapist

experience Clinical issues around the unconscious process are also explored but once again from the personal position of the play therapist rather than the child With a unique and distinct perspective on the therapeutic process this book is specifically intended for both trainee and experienced play therapists but will be relevant to all psychotherapists involved in working therapeutically with children and young people The Handbook of the Study of Play James E. Johnson, Scott G.

Eberle, Thomas S. Henricks, David Kushner, 2015-02-05 The Handbook of the Study of Play brings together in two volumes thinkers whose diverse interests at the leading edge of scholarship and practice define the current field Because play is an activity that humans have shared across time place and culture and in their personal developmental timelines and because this behavior stretches deep into the evolutionary past no single discipline can lay claim to exclusive rights to study the subject Thus this handbook features the thinking of evolutionary psychologists ethologists and biologists neuroscientists developmental psychologists psychotherapists and play therapists historians sociologists and anthropologists cultural psychologists philosophers theorists of music performance and dance specialists in learning and language acquisition and playground designers Together but out of their varied understandings the incisive contributions to The Handbook take on vital questions of educational policy of literacy of fitness of the role of play in brain development of spontaneity and pleasure of well being and happiness of fairness and of the fuller realization of the self These volumes also comprise an intellectual history retrospective looks at the great thinkers who have made possible the modern study of play **Play Therapy**
