Healing Through The Shadow Of Loss:

Healing Through the Shadow of Loss Deborah Morris Coryell, 2004-04-21 In *Healing Through the Shadow of Loss* Deborah Morris Coryell describes grief as the experience of not having anywhere to place our love. She reminds us that all losses must be grieved and that paying attention to even the most minute experience of loss can help us to be more in tune with ourselves, allowing us to once again join the rhythm of life from which we have become disconnected. **Good Grief** Deborah Morris Coryell, 2007-08-02 A compassionate guide to the experience of loss as an essential growth process. Explores the nature of loss as a profound mystery shared by all human beings. Offers sensitive and practical advice for experiencing grief and preparing for the healing journey that follows. Includes CD of the author reading selections from the text. We grieve only for that which we have loved and the transient nature of life makes love and loss intimate companions. In *Good Grief* professional grief educator Deborah Morris Coryell describes grief as the experience of not having anywhere to place our love of losing a connection, an outlet for our emotion. To heal grief we have to learn how to continue to love in the face of loss. In this compassionate guide Coryell gives inspiring examples of how embracing our losses allows us to awaken our most profound connections to other people. Though our society tends to rank losses in a hierarchy of grief, she reminds us that all losses must be grieved in their own right and on their own terms and that we must honor the small losses as well as the big ones. Paying attention to even the most minute experiences of loss can help us to be more in tune with our responses to the greater ones, allowing us to once again become part of the rhythm of life from which we have become disconnected. This 10th anniversary edition includes a 60 minute CD of the author reading select passages from the text. [A Long-Shadowed Grief](#) Harold Ivan Smith, 2007-01-25 In the aftermath of suicide, friends and family face a long road of grief and reflection. With a sympathetic eye and a firm hand, Harold Ivan Smith searches for the place of the spirit in the wake of suicide. He asks how one may live a spiritual life as a survivor and he addresses the way faith is permanently altered by the residue of stigma that attaches to suicide. *Living in the Shadow of the Ghosts of Your Grief* Alan D. Wolfelt, 2007-06-01 Explaining how multitudes of North Americans are carrying the pain of all types of loss, not just the deaths of loved ones but also the loss of a spouse through divorce, children who leave home and the decline of health as they age or get sick, this balanced resource empowers mourners and grief counselors to turn grief into an experience to be learned from. Defining the varieties of heartache and its consequences, this effective guide explores how to inventory, understand, embrace, and reconcile one's accumulated sorrow through a five-phase catch-up mourning process.
