Henderson has published 165 free newsletters on natural cancer treatment to 38 000 subscribers all over the world starting in 1999 The information in these newsletters has now been incorporated into this his third book The book is up to date specific and accurate Bill and Dr Garcia inform you of over 140 web sites and dozens of other books and newsletters you can use to expand your knowledge of natural cancer treatment The self treatments they recommend are harmless enough that you can start them immediately without more research if you like They do not interfere with conventional cancer therapy if that is your choice In fact they offset most of the side effects of that treatment Cancer is not a disease says Bill It is a reaction to what your body has experienced Reverse those causes and the cancer goes away Continue what you did to reverse it and it stays away Bill explains that there are four common characteristics of all cancers These have been known since the 1920 s 1 Low oxygen uptake by the cells 2 A weak immune system 3 Toxins usually caused by diet and dental work 4 Acidity again usually caused by diet as well as stress and dental work Bill Henderson s and Dr Garcia s recommended regimen tracks with the knowledge for which Otto Warburg a famous German doctor and researcher won a Nobel Prize in 1931 He described the cancer cell and stressed the need to reverse the above four characteristics of the cancer in order to heal it None of these are addressed by conventional cancer treatment Bill s mission to help cancer patients heal started with his experience with his former wife Marjorie Her ovarian cancer was treated with conventional cancer treatment from 1990 to 1994 when she died Bill is convinced that the treatment killed her He wants to help as many people as possible avoid her fate Dr Garcia s mission is to help cancer patients heal themselves starting in a controlled clinical environment and continuing at home He has been doing this successfully for 15 years

Inglis Parsons,1893 **So-Called Alternative Medicine (SCAM) for Cancer** Edzard Ernst,2021-08-10 Cancer victims are bombarded with misleading information about alternative medicine Many such treatments try to sell false hope at inflated prices and many promise a cure without side effects This book explains why alternative cancer cures are a fallacious concept However it also outlines the important role of alternative medicine in supporting cancer patients and improving their quality of life *My Journey of Healing from Cancer* Rebecca Sanchez Ovitt,2006-10 It is a poignant and inspiring tale of how she embraced God s love peace mercy and grace as she accepted her diagnosis fought off the side effects of chemotherapy treatments and faced courageously yet another major surgery due to spreading infection *My Journey of Healing from Cancer* will strengthen the faith deepen the hope and lighten the hearts of those fighting cancer *Cancer Review* ,1927 **The New Cancer**

**Paradigm - Mobilizing the Mind to Heal the Body** Avinoam Lerner,2021-01-31 The New Cancer Paradigm introduces us to a new perspective on illness Cancer in particular Nearly all methods today both conventional and alternative focus on healing the body without healing the mind i e the person within this physical body This approach separates the person from the illness and often leaves the root cause of cancer and suffering unaddressed This book calls our attention to the body s innate ability to fight against and heal from illness and how we can strengthen its campaign by utilizing the connection

between the Subconscious Mind with the Immune System as it relates to Cancer In practical terms Lerner s breakthrough methodology which is grounded in the scientific study of Psychoneuroimmunology PNI is designed to maximize the efficacy of modern medical cancer treatments and improve the odds of a full recovery It highlights the multi dimensional nature of our being and the need for healing to take place not only on a physical level by treating the body but also on the level of the Mind which produced the internal environment in which cancer could flourish in the first place Offering the reader a new way to see and relate to their illness this book will inspire those who wish to actively participate in their own care with a goal oriented methodology to override fear self sabotage and negativity heal deep seated patterns of trauma boost immune function and ultimately develop a more favorable attitude toward treatment medicine and outcome
