Healing Homosexuality Case Studies Of Reparative Therapy

Richard L Dayringer,H Newton Malony

Healing Homosexuality Case Studies Of Reparative Therapy:

Healing Homosexuality Joseph Nicolosi, Lucy Freeman, 1997-11 Albert The Little Boy Within Tom The Married Man Father John The Double Life Charlie The Search for the Masculine Self Dan The Angriest Man Steve The Seeker of Male Symbols Edward Agony of a Youth Roger Do I Really Want to Be Here Men Together How Group Therapy Heals How Reparative Therapy Works **Healing Homosexuality** Joseph Nicolosi, Lucy Freeman, 1993 These men are engaged in a two front war An internal assault against their own unwanted desires and an external battle against a popular culture that does not understand or value their struggle In their own words we hear these men s struggles to develop healthy non erotic male friendships We hear of their fear and anger toward the men in their lives and their strained relationships with the fathers they never understood Nicolosi contends that every man possesses aspects of these clients the frailty of Albert the integrity of Charlie the rage of Dan the narcissism of Steve and the ambivalence of Roger to list some of them Some readers of this book may be surprised by the directive style of Dr Nicolosi s therapeutic intervention In part this is due to the editorial synthesis of the transcript Case Studies in Society, Religion, and Bioethics Sana Loue, 2020-06-29 This book explores through case studies the interplay between religion culture government and politics in diverse societies on questions arising in the domain of bioethics The case studies draw from multiple disciplinary perspectives including history theology law bioethics public policy science and medicine The text s global perspective permits a comparison of the differing approaches adopted by countries facing similar bioethical quandaries and the extent to which religion has or has not been instrumental in addressing such dilemmas Secular and religious societies across the globe are being confronted with complex questions involving religious belief and the extent to which specific religious perspectives have in the past or should in the future be adopted as official policy Bioethical issues involving the interplay of religion and government have become particularly notable in recent years How these issues are resolved has major implications for individuals healthcare providers and the future of medical research and medical care Topics explored among the chapters include Homosexuality Sin Crime Pathology Identity Behavior Medical Error Truth-telling Apology and Forgiveness Refusal of Medical Treatment Medical Deportation Case Study Nazism Religion and Human Experimentation The New Frontier Cloning Case Studies in Society Religion and Bioethics will find an engaged audience among researchers and scholars in history religion theology medicine and bioethics interested in the influence of religion on bioethical decision making Students particularly upper level undergraduate and graduate students interested in bioethics humanities and theology will find the text helpful in understanding the processes through which religion may serve as a basis for both societal policy and law and individual decision making in health related matters A Natural History of Homosexuality Francis Mark Mondimore, 1996-10-30 Selected by Choice Magazine as an Outstanding Academic Title A terrible sin a gift from the gods a mental illness a natural human variation over the centuries people have defined homosexuality in all of these ways Since the word homosexual was coined in 1869 many scientists in a

variety of fields have sought to understand same sex intimacy Drawing on recent insights in biology and genetics psychiatrist Francis Mondimore set out to explore the complex landscape of sexual orientation The result is *A Natural History of Homosexuality* a generous work that synthesizes research in biology history psychology and politics to explain how homosexuality has been understood and defined from ancient times until the present Mondimore narrates tales of love and courage as well as discrimination and bigotry in settings as diverse as ancient Greece and Victorian England early America and fin de siecle Vienna He also tells fascinating stories about societies which accepted incorporated or institutionalized homosexuality into mainstream culture stories illustrating that same sex eroticism was often accepted as a normal aspect of human sexuality In twentieth century America researchers first recognized that homosexuality might not be pathological when Alfred Kinsey and Evelyn Hooker conducted the first studies of sexuality not biased by preconceived notions of normal sexual behavior After exploring sexual development in the human fetus Mondimore reviews current biological research into the nature of sexual orientation and examines recent scientific findings on the role of heredity and hormones as well as Simon LeVay s 1991 brain studies He then turns to a very important focus on people and their individual experiences He explores what happens between childhood and adulthood in an individual that makes him or her come to identify himself or herself as having a sexual orientation He also explains our current understanding of bisexuality and the transgender phenomena of transsexualism and transvestism Finally Mondimore analyzes the circumstances of such prominent scandals as the anti homosexual trials of Oscar Wilde and Philip von Eulenberg and recounts the Nazi persecution of homosexuals during the Holocaust This far reaching discussion includes a description of the ex gay ministries and reparative therapy as well as the Stonewall riots and AIDS ending with the emergence of gay pride and community

Pastoral Care and Counseling in Sexual Diversity Richard L Dayringer,H Newton Malony,2014-01-27 Learn to reach out to these hidden Christians Offering a wide variety of points of view from the welcoming to the traditional *Pastoral Care and Counseling in Sexual Diversity* addresses one of the crucial issues facing the church in these shifting times Pastors of all Christian churches whatever their denomination or theology are likely to be faced with pastoral care or counseling of someone who is lesbian gay bisexual or transgendered This valuable compendium examines various ways you can meet the spiritual and psychological needs of these members of your congregation *Pastoral Care and Counseling in Sexual Diversity* addresses the basic problems of sexual diversity including definitions of sexual orientations and issues of human development It offers wise guidance for offering pastoral care and counseling and it provides tested solutions for the problems counselors face in dealing with these individuals *Pastoral Care and Counseling in Sexual Diversity* offers thought provoking points of view on a wide range of issues including changes in attitudes toward homosexuality among mental health professionals the limits of confidentiality sexual diversity in the black church a developmental model for effective treatment of male homosexuality pastoral care and the formation of sexual identity Biblical perspectives on homosexuality counseling lesbians AIDS ministries and grief

counseling Pastoral Care and Counseling in Sexual Diversity is an essential resource for pastors pastoral counselors and therapists dealing with these vexing issues facing the Christian church in the new millennium The Unhappy Divorce of Sociology and Psychoanalysis Lynn Chancer, John Andrews, 2014-08-05 A collection of 18 contributions by well known scholars in and outside the US The Unhappy Divorce of Sociology and Psychoanalysis shows how sociology has much to gain from incorporating rather than overlooking or marginalizing psychoanalysis and psychosocial approaches to a wide range of social topics The Straight Line Tom Waidzunus, 2015-11-20 To be taken seriously therapies that claim to cure homosexuality wrap themselves in lab coats Even though the fit is bad and such therapies and their theorists now inhabit the scientific fringe the science of sexuality has made some adjustments too Tom Waidzunus tells us in this provocative work Intervening in the politics of sexuality and science The Straight Line argues that scientific definitions of sexual orientation do not merely reflect the results of investigations into human nature but rather emerge through a process of social negotiation between opposing groups The demedicalization of homosexuality and the discrediting of reparative therapies ex gay ministries and reorientation research have Waidzunus contends required scientists to enforce key boundaries around scientific expertise and research methods Drawing on extensive participant observation at conferences for ex gays reorientation therapists mainstream psychologists and survivors of ex gay therapy as well as interviews with experts and activists The Straight Line traces reorientation debates in the United States from the 1950s to the present following homosexuality therapies from the mainstream to the margins As the ex gay movement has become increasingly transnational in recent years Waidzunus turns to Uganda where ideas about the scientific nature of homosexuality influenced the passage of the Anti Homosexuality Act of 2014 While most studies treat the ex gay movement as a religious phenomenon this book looks at how the movement in its attempts to establish legitimacy has engaged with scientific institutions shaping virulent anti gay public policy **What Do I Do When Teenagers Question Their Sexuality?** Steven Gerali, 2010-06-23 When faced with a crisis the first words most people think are What do I do In this important series of books designed for anyone connected to teenagers Dr Steven Gerali addresses six daunting and difficult situations that when they do happen often leave youth workers and parents feeling unprepared With a background in adolescent counseling Dr Gerali provides valuable resources to help youth workers and parents through some of the most challenging situations they may face What Do I Do When Teenagers Question Their Sexuality helps youth workers and parents navigate the challenging waters created by this issue and offers tools to deal with the shifting views of sexuality in culture and in their teens lives What Do I Do When Teenagers Struggle with Eating Disorders offers insights to help youth workers and parents understand and recognize eating disorders in order to initiate helping strategies for teens dealing with this issue How White Evangelicals Think Dave Verhaagen, 2022-08-16 The majority of Americans have looked on in some combination of horror and befuddlement as many white Christians particularly evangelicals have revealed beliefs and opinions seemingly antithetical to the Christian faith

whether holding racist attitudes supporting conspiracy theories aligning with nationalistic and authoritarian movements or becoming hostile toward the different and marginalized Dr Dave Verhaagen a nationally board certified psychologist and author tackles the challenge of explaining the psychology behind what has become the unique mind of the modern white Christian Each chapter explores one or more robust psychological principles that help make sense of why white Christians think like they do

The Course of Gay and Lesbian Lives Bertram J. Cohler,Robert M. Galatzer-Levy,2000-08 The authors argue that there is little support for assuming that homosexuality has a biological basis Recognizing the many pathways that lead to same gender sexual orientation the authors conclude that the cause is much less important than understanding the meaning of being homosexual

When Your Spouse Has a Stroke Sara Palmer,Jeffrey B. Palmer,2011-04-15 A stroke can alter two people s lives in an instant For the person who has had a stroke simple tasks suddenly become difficult or impossible For that person s partner life seems to revolve mostly around the stroke survivor s needs Such a drastic change naturally requires making many sometimes taxing adjustments In this book two experts in stroke recovery help couples deal with the impact of stroke on their lives and their relationship Drs Sara and Jeffrey Palmer explain how to overcome three major challenges providing quality care for your partner maintaining or rebuilding your relationship caring for yourself as an individual The book invites you into the lives of real couples who are themselves coping with these challenges Their experiences model how you can improve essential aspects of your relationship including communication roles and responsibilities and sexuality A list of practical tips summarizes each chapter providing a handy reference guide to meeting each day s challenges More than just a discussion of the medical and practical aspects of stroke and stroke recovery this book focuses on the emotional psychological and social consequences of stroke and the deeply personal side of caregiving When Your Spouse Has a Stroke will relieve your burden and strengthen your partnership

Sexual Conversion Therapy Jack Drescher,Ariel Shidlo,Michael Schroeder,2018-10-08 Hear the other side of the story on sexual conversion therapy In their fervor to fix homosexuals practitioners of sexual conversion therapies have often overlooked or completely dismissed the possible psychological and social side effects of such treatments Sexual Conversion Therapy Ethical Clinical and Research Perspectives works to counterbalance the clinical and ethical omissions of overzealous therapists who have focused on efficacy and outcome at the expense of their patients self esteem Sexual Conversion Therapy features first person accounts of patients and clinicians including psychotherapists who themselves have undergone treatments ranging from psychoanalysis to religious faith healing to aversion behavior conditioning and even electroshock therapy In addition to examining the history and ethics of conversion therapy the book presents empirical data on current practice and recovery processes for survivors of failed conversion attempts Sexual Conversion Therapy presents current perspectives on the harmful impact of sexual orientation interventions including Cures A Gay Man s Odyssey Becoming Gay A Psychologist s Journey Through the Ex Gay Movement Therapeutic Antidotes Gay and Bisexual Men Recover from Conversion

Therapies in Your Handyman A History of Reparative Therapies Nearly 30 years after the American Psychiatric Association removed homosexuality from the Diagnostic and Statistical Manual of Mental Disorders a small but dedicated group of mental health practitioners continues to diagnose and treat homosexuality as a mental illness Sexual Conversion Therapy is an essential alternative to the bulk of published material that champions treatments that produce a handful of heterosexuals cured of their illness while inflicting emotional and psychological damage on countless gay and lesbian patients who failed to convert

Ex-Gay Research Jack Drescher, Kenneth J Zucker, 2013-04-03 Defenders and critics of the controversial Spitzer study analyze its methodologies and findings In 2001 Robert L Spitzer MD presented his study on sexual conversion therapy with its controversial findings that some homosexuals can change their sexual orientation The resulting media sensation and political firestorm enraged the study's critics and emboldened its supporters *Ex Gay Research Analyzing the Spitzer Study and Its Relation to Science Religion Politics and Culture* presents leading experts examining Spitzer's research methodology and findings to discern whether the study itself deserves deeper consideration or outright dismissal Every facet of the study is reviewed to discuss the positive or negative aspects of the results its significance in political and social terms and the implications for the future Dr Spitzer himself was an instrumental figure in the American Psychiatric Association's decision in 1973 to remove homosexuality as a mental illness listing from the Diagnostic and Statistical Manual III His later study that states that in some individuals homosexuality may be more fluid than previously thought stirred controversy in the psychiatric community and society at large His study is presented here to allow the reader to evaluate and consider it for themselves Leading experts then voice their own pro or con views on the methodology and findings *Ex Gay Research Analyzing the Spitzer Study and Its Relation to Science Religion Politics and Culture* fearlessly illustrates the sometimes fuzzy boundary between science and politics courageously spotlighting the culture wars now dividing our society *Ex Gay Research Analyzing the Spitzer Study and Its Relation to Science Religion Politics and Culture* discusses the ex gay movement the nature of scientific inquiry the relationship between science and politics the results of sexual conversion therapies gay and lesbian rights *Ex Gay Research Analyzing the Spitzer Study and Its Relation to Science Religion Politics and Culture* is essential reading for sex researchers mental health professionals pastoral counselors political activists and any person asking if one can truly change his or her homosexuality

Same-Sex Dynamics Among Nineteenth-Century Americans D. Michael Quinn, 2001-06-15 Winner of the Herbert Feis Award from the American Historical Association and named one of the best religion books of the year by Publishers Weekly D Michael Quinn's *Same Sex Dynamics among Nineteenth Century Americans* has elicited critical acclaim as well as controversy Using Mormonism as a case study of the extent of early America's acceptance of same sex intimacy Quinn examines several examples of long term relationships among Mormon same sex couples and the environment in which they flourished before the onset of homophobia in the late 1950s

Queer Christianities Kathleen T. Talvacchia, 2015 Queerness and Christianity often depicted as mutually

exclusive both challenge received notions of the good and the natural Nowhere is this challenge more visible than in the identities faiths and communities that queer Christians have long been creating As Christians they have staked a claim for a Christianity that is true to their self understandings How do queer identified persons understand their religious lives And in what ways do the lived experiences of queer Christians respond to traditions and reshape them in contemporary practice Queer Christianities integrates the perspectives of queer theory religious studies and Christian theology into a lively conversation both transgressive and traditional about the fundamental questions surrounding the lives of queer Christians The volume contributes to the emerging scholarly discussion on queer religious experiences as lived both within communities of Christian confession as well as outside of these established communities Organized around traditional Christian states of life celibacy matrimony and what is here provocatively conceptualized as promiscuity this work reflects the ways in which queer Christians continually reconstruct and multiply the forms these states of life take Queer Christianities challenges received ideas about sexuality and religion yet remains true to Christian self understandings that are open to further enquiry and to further queerness

Departing from Deviance Henry L. Minton, 2010-11-15 The struggle to remove the stigma of sickness surrounding same sex love has a long history In 1973 the American Psychiatric Association removed homosexuality from its diagnostic classification of mental illness but the groundwork for this pivotal decision was laid decades earlier In this new study Henry L. Minton looks back at the struggle of the American gay and lesbian activists who chose scientific research as a path for advancing homosexual rights He traces the history of gay and lesbian emancipatory research from its early beginnings in the late nineteenth century to its role in challenging the illness model in the 1970s By examining archival sources and unpublished manuscripts Minton reveals the substantial accomplishments made by key researchers and relates their life stories He also considers the contributions of mainstream sexologists such as Alfred C Kinsey and Evelyn Hooker who supported the cause of homosexual rights through the advancement of scientific knowledge By uncovering this hidden chapter in the story of gay liberation *Departing from Deviance* makes an important contribution to both the history of science and the history of sexuality

Seeing the Light Thomas DeGloma, 2014-11-26 The chorus of the Christian hymn *Amazing Grace* reads I once was lost but now am found Was blind but now I see Composed by a minister who formerly worked as a slave trader the song expresses his experience of divine intervention that ultimately caused him to see the error of his ways This theme of personal awakening is a feature of countless stories throughout history where the lost and the blind are saved from darkness and despair by suddenly seeing the light In *Seeing the Light* Thomas DeGloma explores such accounts of personal awakening in stories that range from the discovery of a religious truth to remembering a childhood trauma to embracing a new sexual orientation He reveals a common social pattern When people discover a life changing truth they typically ally with a new community Individuals then use these autobiographical stories to shape their stances on highly controversial issues such as childhood abuse war and patriotism political ideology human sexuality and religion Thus while

such stories are seemingly very personal they also have a distinctly social nature Tracing a wide variety of narratives through nearly three thousand years of history Seeing the Light uncovers the common threads of such stories and reveals the crucial little recognized social logic of personal discovery **The Bible and Homosexual Practice** Robert A. J.

Gagnon,2010-10-01 Gagnon offers the most thorough analysis to date of the biblical texts relating to homosexuality He demonstrates why attempts to classify the Bible s rejection of same sex intercourse as irrelevant for our contemporary context fail to do justice to the biblical texts and to current scientific data Gagnon s book powerfully challenges attempts to identify love and inclusivity with affirmation of homosexual practice the most sophisticated and convincing examination of the biblical data for our time J rgen Becker Professor of New Testament Christian Albrechts University **Gay Science** Timothy F. Murphy,1998-01-05 Gay Science is the first comprehensive examination of the ethical questions surrounding sexual orientation research Bioethicist Timothy Murphy presents the views of many gay men and women who detect ominous motives behind this research If a genetic marker were discovered for homosexual tendencies would genetic screening be used to further discriminate against gay people If a method for changing sexual orientation were developed would it would be forced upon gay adults or children whose parents suspected they might grow up to be gay Given the potential for its misuse is sexual orientation research fundamentally unethical Murphy acknowledges that much of sexual orientation research to date has been bad science questionable in its motives and methodologically unsound He examines the social and historical conditions from the 1880s to the present that spawned this research and reviews the findings that have often perpetuated confusion about homosexuality He assesses five major studies on sexual orientation undertaken in the 1990s from neuroanatomist Simon leVay s study of certain brain structures in gay men to the work of psychologist Joseph Nicolosi He questions the flawed and simplistic assumptions about sexuality made by much of this research Murphy argues that a true science of sexual orientation would not be focused exclusively upon homosexuality nor presuppose its pathology Throughout the book Murphy argues that concerns about the potential misuses of this research do not justify its prohibition Tackling gay science s most troubling aspects he contends that if this research leads to the development of effective sexual orientation therapies informed adults should have the choice to undergo them he also examines the factors that weigh in favor of a parental right to choose or attempt to influence the sexual orientation of a child and the ethical limits to such a right Pointing to the potential benefits of sexual orientation research as well as acknowledging its potential for harm Murphy ultimately defends gay science in the name of free scientific inquiry Gay Science argues that the way to ensure the future of gay people is not through censoring sexual orientation research but through working toward a society which uses research as a way of distinguishing myth from fact and not as an instrument of discrimination **Psychoanalytic Therapy and the Gay Man** Jack Drescher,2014-05-22 Do the conventional insights of depth psychology have anything to offer the gay patient Can contemporary psychoanalytic theory be used to make sense of gay identities in ways that are helpful rather than hurtful

respectful rather than retraumatizing In *Psychoanalytic Therapy and the Gay Man* Jack Drescher addresses these very questions as he outlines a therapeutic approach to issues of sexual identity that is informed by traditional therapeutic goals such as psychological integration and more authentic living while still respecting even honoring variations in sexual orientation Drescher's exploration of the subjectivities of gay men in psychoanalytic psychotherapy is more than a long overdue corrective to the inadequate and often pathologizing tomes of traditional psychoanalytic writers It is a vitally human testament to the richly varied inner experiences of gay men Drescher does not assume that sexual orientation is the entire or even major focus of intensive psychotherapy But he does argue passionately and convincingly that issues of sexual identity which encompass a spectrum of possibilities for any gay man must be addressed in an atmosphere of honest encounter that allows not only for exploration of conflict and dissociation but also for restitutive confirmation of the patient's right to be himself Through its abundance of first person testimony from both clinical and literary sources *Psychoanalytic Therapy and the Gay Man* provides the reader with an unforgettable grasp of what it is like to discover that one is gay in our society and then to find the courage and humanity to live with that knowledge Any mental health professional regardless of his or her sexual orientation who wishes to deal therapeutically with gay men will find Drescher's work indispensable But it will also be compelling reading for anyone seeking psychological insight into gay men's lives and concerns

Decoding **Healing Homosexuality Case Studies Of Reparative Therapy**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Healing Homosexuality Case Studies Of Reparative Therapy**," a mesmerizing literary creation penned with a celebrated wordsmith, readers attempt an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book is central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
