**An American Dictionary of the English Language** Noah Webster, 1849 The Death of the Messiah and the Birth of the New Covenant Michael J Gorman, 2014-12-25 In this groundbreaking book Michael Gorman asks why there is no theory or model of the atonement called the new covenant model since this understanding of the atonement is likely the earliest in the Christian tradition going back to Jesus himself Gorman argues that most models of the atonement over emphasize the penultimate purposes of Jesus death and the mechanics of the atonement rather than its ultimate purpose to create a transformed Spirit filled people of God The New Testament's various atonement metaphors are part of a remarkably coherent picture of Jesus death as that which brings about the new covenant and thus the new community promised by the prophets which is also the covenant of peace Gorman therefore proposes a new model of the atonement that is really not new at all the new covenant model He argues that this is not merely an ancient model in need of rediscovery but also a more comprehensive integrated participatory communal and missional model than any of the major

models in the tradition Life in this new covenant Gorman argues is a life of communal and individual participation in Jesus faithful loving peacemaking death Written for both academics and church leaders this book will challenge all who read it to re think and re articulate the meaning of Christ s death for us     *A Dictionary of the English Language* Samuel Johnson,1805

*Social and Cultural Lives of Immune Systems* James MacLynn Wilce,2003 This book introduces a provocative new branch of social theory the hypothesis that immunity and disease are in part socially constituted It suggests that immune systems function not only as material entities but also as social symbols     **Christian Examiner and Theological Review** ,1833

**Jezebel Unhinged** Tamara Lomax,2018-09-13 In *Jezebel Unhinged* Tamara Lomax traces the use of the jezebel trope in the black church and in black popular culture showing how it is pivotal to reinforcing men s cultural and institutional power to discipline and define black girlhood and womanhood Drawing on writing by medieval thinkers and travelers Enlightenment theories of race the commodification of women s bodies under slavery and the work of Tyler Perry and Bishop T D Jakes Lomax shows how black women are written into religious and cultural history as sites of sexual deviation She identifies a contemporary black church culture where figures such as Jakes use the jezebel stereotype to suggest a divine approval of the lady while condemning girls and women seen as hos The stereotype preserves gender hierarchy black patriarchy and heteronormativity in black communities cultures and institutions In response black women and girls resist appropriate and play with the stereotype s meanings Healing the black church Lomax contends will require ceaseless refusal of the idea that sin resides in black women s bodies thus disentangling black women and girls from the jezebel narrative s oppressive yoke
