Virginia Berridge

Health And Society In Britain Since 1939

Elsbeth Heaman

Health And Society In Britain Since 1939:

Health and Society in Britain Since 1939 Virginia Berridge, 1999-05-27 British health policy has undergone enormous change in the post war era The NHS established in the post war period has been constantly reorganised and the role of doctors and associated medical professions has radically changed This book considers the changes in health policy and in the service provided by the NHS and examines in detail the mixed economy of health care and the role of different providers of health care as well as their relationships both with recipients of care and the state In doing so Professor Berridge sheds light on the increasingly important part that lay people especially women have played in the provision of health care and looks at community care and the shifting balance of power within the medical profession The book provides a guide to changes in health and health policy during and since World War II giving an authoritative analysis of the most recent research A

History of Modern Britain Ellis Wasson, 2016-01-26 Now available in a fully revised and updated second edition A History of Modern Britain 1714 to the Present provides a comprehensive survey of the social political economic and cultural history of Great Britain from the Hanoverian succession to the present day Places Britain in a global context charting the rise and fall of the British empire and the influence of imperialism on the social economic and political developments of the home country Includes revised sections on imperialism and the industrial revolution that have been updated to reflect recent scholarship a more reflective view on New Labour since its demise and an all new section on the performance of the Conservative Lib Dem coalition that came into office in 2010 Features illustrations maps an up to date bibliography a full list of Prime Ministers a genealogy of the royal family and a comprehensive glossary explaining uniquely British terms acronyms and famous figures Spans topics as diverse as the slave trade the novels of Charles Dickens the Irish Potato Famine the legalization of homosexuality coalmines in South Wales Antarctic exploration and the invention of the computer Includes extensive reference to historiography

Health and Society in Twentieth-century Wales Pamela F. Michael, Charles Webster, 2006 This book offers an illuminating introduction to many aspects of health and society in twentieth century Wales ranging from public health to personal lifestyles and household budgets birth control and the incidence of deaths from child birth Chapters variously feature the life of an eminent doctor and refugee doctors who came to Wales and describe the training of nurses under the close supervision of matron in a district hospital in north Wales The book analyses changes both from above and below Drawing on newly released official government papers the official historian of the NHS reveals the full extent of the negotiations which preceded the devolution of health administration powers to the Welsh Office in 1969 The former Director of NHS Wales explains how Wales began to forge its own independent approach to health service matters pioneering innovations which were subsequently adopted elsewhere in the UK A retired general practitioner offers his view from below of the health problems and inadequate services in Wales Finally a sociologist and a social policy analyst each provide a wider picture and offer a framework which will enable the reader to appreciate the distinctiveness of Wales s own story of health

and the health service in the twentieth century **Disability and Social Policy in Britain since 1750** Anne Borsay, 2004-11-17 This approachable study explores experiences of physical and mental impairment in Britain since the Industrial Revolution Using literary visual and oral sources to complement documentary evidence Anne Borsay pays particular attention to the testimonies of disabled people Disability and Social Policy in Britain since 1750 Places disability policies within their historical context examines citizenship and social exclusion from a historical perspective Sketches the key characteristics of modern industrial societies Focuses on the shifting mixed economy of welfare the development of social rights and the construction of identity Assesses institutional living in workhouses hospitals asylums and schools Appraises community living with reference to employment financial relief and community care Reviews social policies post 1979 Borsay argues that disabled people were excluded from the full rights of citizenship because they were marginal to the labour market and suggests that history may play a role in raising personal and political consciousness Containing illustrations and clearly structured this book is an ideal guide for all those with an interest in the history of disability and social policies

Healthcare in the UK Ian Greener, 2009 This book contends that attempts to reform the NHS can only be understood by reference to both the wider social and political contexts and to the organisational and ideational legacies present within the NHS itself It aims to take students beyond a basic understanding of the historical development of health policy in the UK to one that demonstrates an appreciation of the interactions between health policy organisation and society The book is aimed at third year and postgraduate students of politics public management and health studies It provides a theoretically inspired account of the development of health policy and organisation in the UK which will also be of interest to academics and researchers in the field BOOK JACKET **Single Mothers in Twentieth-century Ireland and Britain** Lorraine

Grimes, 2025-08-21 Throughout the Twentieth Century many women in Ireland and Britain endured shame and institutionalisation for becoming pregnant outside of marriage In this welcome study Lorraine Grimes examines the journeys made by hundreds of pregnant Irish women to Britain as they fled to escape their local communities Their experiences in Britain however were not free of stigma and Grimes's book analyses the nuances of the institutional networks both in Britain and Ireland which these women utilised Single Mothers in Twentieth Century Ireland and Britain focuses on the experiences of women from 1926-1973 in cities with high Irish emigrant populations including London Liverpool Birmingham and Glasgow Unlike official narratives such as Ireland's Commission of Investigation into the Mother and Baby Homes this book prioritises the experiences of the survivors and ensure that women's experiences are central to the narrative It also incorporates original interviews with children born in institutions and for the first time interviews with religious and medical staff are also included in the historiography Using archival research and oral history Grimes reveals the methods British and Irish institutions developed from forced adoption to repatriation and the impacts of this on the women and children's lives Grimes makes a significant contribution to the historiography surrounding the movement of women and children across

international borders through repatriation and adoption between institutions on both sides of the Irish Sea From extensive archival research this book reveals cases of Irish single mothers seeking assistance in Britain as well as cases of rape incest and domestic violence within the institutional records In addition archival cases expose prejudice towards women from other colonial countries in institutions in Britain particularly from the 1960s A first for the field Single Mothers includes a chapter on the experiences of single fathers Sensitive to the underlying issues of class and gender politics the book also shows that women often enacted a large degree of agency to improve their situation If you are interested in women s political and social history and the history of the institutional relationships of Britain and Ireland this book is essential reading **Modern**

Britain Third Edition Edward Royle,2016-05-16 Praise for the first edition Royle calls on an impressive range of materials supported by an excellent bibliography to offer a judicious review of most of the issues currently confronted by social historians His agenda contains both traditional and novel elements all are presented with admirable clarity and balance A volume which shows an astonishing command of such a wide range of material will long prove essential reading Times Literary Supplement This popular work provides an in depth historical background to issues of contemporary concern tracing developments over the past two and a half centuries It promotes accessibility by adopting a thematic approach with each theme treated chronologically Major themes are chosen partly by their importance to an understanding of the past and partly by their relevance to students of contemporary Britain rather than by imposing current fashions in historical study on the past Thoroughly revised the third edition of Modern Britain reviews and brings up to date the content to take account of developments since 1997 and reconsiders emphases and interpretations in light of more recent scholarship It incorporates new currents in historical writing on matters such as the language of class the position of women and the revolution worked by the Internet and mobile technologies Modern Britain is vital reading for students of history and the social and political sciences

The Oxford Handbook of the History of Medicine Mark Jackson,2011-08-25 The Oxford Handbook of the History of Medicine celebrates the richness and variety of medical history around the world In recent decades the history of medicine has emerged as a rich and mature sub discipline within history but the strength of the field has not precluded vigorous debates about methods themes and sources Bringing together over thirty international scholars this handbook provides a constructive overview of the current state of these debates and offers new directions for future scholarship There are three sections the first explores the methodological challenges and historiographical debates generated by working in particular historical ages the second explores the history of medicine in specific regions of the world and their medical traditions and includes discussion of the global history of medicine the final section analyses from broad chronological and geographical perspectives both established and emerging historical themes and methodological debates in the history of medicine

Approved Schools for Girls in England, 1933-1973 Jessamy Carlson,2024-08-12 This book provides a detailed study of approved schools for girls which operated in England and Wales between 1933 1973 Through original

archival research it traces shifting perceptions of and policy responses to girls delinquency and vulnerability during a period of remarkable social change It examines the transition of provision for girls and young women in trouble from the large scale post Victorian reformatories to the therapeutic Community Homes for Education and the emergence of a diagnostic shift in the provision of care for children in the juvenile secure estate Through examining the experiences of younger children it provides a more nuanced understanding of the role approved schools played for girls in need of care protection or control during this period evidencing the gendered use of care or protection orders throughout and the policing of child and family behaviours under the guises of the Education Act The Western Medical Tradition W. F. Bynum,2006-03-20 This book first published in 2006 is an authoritative description of the important changes in Western medicine over the past two centuries

20th Century Britain Nicole Robertson,John Singleton,Avram Taylor,2022-12-30 20th Century Britain provides an authoritative and accessible survey of contemporary research on economic activity society political development and culture Written by leading academics it examines recent advances in scholarship and gives a grounding in established approaches and topics The first part comprises thematic essays covering the whole of the twentieth century including chapters on the economy economic management big business parliamentary politics leisure work health international economic relations and empire It uncovers key areas of equality and diversity in chapters on women living standards social mobility ethnicity and multiculturalism and gender and sexuality The most recent subfields of historical studies are also explored including disability history and environmental economic history The second part focuses on seismic events and topics covering shorter timeframes including the World Wars interwar Depression Britain and European integration sexual behaviours civil society the 1960s cultural revolution and resisting racism This collection provides an essential guide to current academic thinking on the most important elements of twentieth century British history and is a useful tool for all students and scholars interested in modern Britain *Food, Science, Policy and Regulation in the Twentieth Century* Jim Phillips,David F. Smith,2013-04-15

This highly topical book offers a comprehensive study of the interaction of food politics and science over the last hundred years A range of important case studies from pasteurisation in Britain to the E coli outbreak offers new material for those interested in science policy and the role of expertise in modern political culture A Companion to Early Twentieth-Century Britain Chris Wrigley,2008-04-15 This Companion brings together 32 new essays by leading historians to provide a

reassessment of British history in the early twentieth century The contributors present lucid introductions to the literature and debates on major aspects of the political social and economic history of Britain between 1900 and 1939 Examines controversial issues over the social impact of the First World War especially on women Provides substantial coverage of changes in Wales Scotland and Ireland as well as in England Includes a substantial bibliography which will be a valuable guide to secondary sources **Miners' Lung** Arthur McIvor,Ronald Johnston,2016-04-22 Arthur McIvor and Ronald Johnston explore the experience of coal miners lung diseases and the attempts at voluntary and legal control of dusty

conditions in British mining from the late nineteenth century to the present In this way the book addresses the important issues of occupational health and safety within the mining industry issues that have been severely neglected in studies of health and safety in general The authors examine the prevalent diseases notably pneumoconiosis emphysema and bronchitis and evaluate the roles of key players such as the doctors management and employers the state and the trade unions Throughout the book the integration of oral testimony helps to elucidate the attitudes of workers and victims of disease their machismo work culture and socialisation to very high levels of risk on the job as well as how and why ideas and health mentalities changed over time This research taken together with extensive archive material provides a unique perspective on the nature of work industrial relations the meaning of masculinity in the workplace and the wider social impact of industrial disease disability and death The effects of contracting dust disease are shown to result invariably in seriously prescribed lifestyles and encroaching isolation The book will appeal to those working on the history of medicine industrial relations social history and business history as well as labour history

Companion Encyclopedia of Medicine in the Twentieth Century Roger Cooter, John Pickstone, 2016-02 This book contains over forty authoritative essays focusing on the political economy of medicine and health understandings of the body and transformations of some of the theatres of medicine

Medicine in the Twentieth Century Roger Cooter, John Pickstone, 2020-08-26 During the twentieth century medicine has been radically transformed and powerfully transformative In 1900 western medicine was important to philanthropy and public health but it was marginal to the state the industrial economy and the welfare of most individuals It is now central to these aspects of life Our prospects seem increasingly dependent on the progress of bio medical sciences and genetic technologies which promise to reshape future generations The editors of *Medicine in the Twentieth Century* have commissioned over forty authoritative essays written by historical specialists but intended for general audiences Some concentrate on the political economy of medicine and health as it changed from period to period and varied between countries others focus on understandings of the body and a third set of essays explores transformations in some of the theatres of medicine and the changing experiences of different categories of practitioners and patients

Health And Society In Britain Since 1939 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Health And Society In Britain Since 1939 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong

learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Health And Society In Britain Since 1939 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Health And Society In Britain Since 1939 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
