*Health Care Alliances and Conversions* James R. Schwartz, H. Chester Horn, Jr., 1998-11-10 The guide for decision makers a how to do it manual for every nonprofit hospital director in America Our country's health care will be much improved if directors buy and read this book Phillip L Isenberg of counsel with the firm of Hyde Miller Owen Trost former California State Assemblyman and author of California's law regulating the sale or joint venturing of nonprofit hospitals with for profits Health Care Alliances and Conversions provides nonprofit directors trustees and executives with practical advice for understanding the numerous forms of conversions including the most controversial type of transactions joint ventures with for profit chains In concise and non legal language the authors explain directors fiduciary duties in these complex conversion transactions The book clarifies nonprofit directors and trustees responsibilities to the communities they serve and offers solid recommendations on how to manage the conversion process without damaging reputations The authors describe how to create marketing and valuation strategies that will meet the legal standards enforced by government regulators This book is filled with easy to understand charts and tables providing a summary of the legal duties that apply to these complex transactions

**On Being Nonprofit** Peter Frumkin, 2009-07 This concise and illuminating book provides a road map to the evolving conceptual and policy terrain of the nonprofit sector Drawing on prominent economic political and sociological explanations of nonprofit activity Peter Frumkin focuses on four important functions that have come to define nonprofit organizations The author clarifies the debate over the underlying rationale for the nonprofit and voluntary sector's privileged position in America by examining how nonprofits deliver needed services promote civic engagement express values and faith and channel entrepreneurial impulses He also exposes the difficult policy questions that have emerged as the boundaries between the nonprofit business and government sectors have blurred Focusing on nonprofits growing dependence on public funding tendency toward political polarization often idiosyncratic missions and increasing commercialism Peter Frumkin argues that the long term challenges facing nonprofit organizations will only be solved when they achieve greater balance among their four central functions By probing foundational thinking as well as emergent ideas the book is an essential guide for nonprofit novitiates and experts alike who want to understand the issues propelling public debate about the future of their sector By virtue of its breadth and insight Frumkin's book will be an invaluable resource for anyone interested in understanding the complex interplay of public purposes and private values that animate nonprofit organizations
