**Guide to Thomas Aquinas** Josef Pieper, 2011-06-10 One of the great philosophers of the 20th Century Josef Pieper gives a penetrating introduction and guide to the life and works of perhaps the greatest philosopher ever St Thomas Aquinas Pieper provides a biography of Aquinas an overview of the 13th century he lived in and a wonderful synthesis of his vast writings Pieper shows how Aquinas reconciled the pragmatic thought of Aristotle with the Church proving that realistic knowledge need not preclude belief in the spiritual realities of religion According to Pieper the marriage of faith and reason proposed by Aquinas in his great synthesis of a theologically founded worldliness was not merely one solution among many but the great principle expressing the essence of the Christian West Pieper reveals his extraordinary command of original sources and excellent secondary materials as he illuminates the thought of the great intellectual Doctor of the Church The purpose of these lectures is to sketch against the background of his times and his life a portrait of Thomas Aquinas as he truly concerns philosophical minded persons today not merely as a historical personage but as a thinker who has something to say to our own era I earnestly hope that the speculative attitude which was Thomas most salient trait as Christianity's universal teacher will emerge clearly and sharply from my exposition Josef Pieper [Guide to Thomas Aquinas](#) Josef Pieper, 1962

**Aquinas** Edward Feser, 2009-09-01 Charting the life and thought of this hugely influential medieval thinker One of the most influential philosophers and theologians in the history of Western thought St Thomas Aquinas established the foundations for much of modern philosophy of religion and is infamous for his arguments for the existence of God In this cogent and multifaceted introduction to the great Saint's work Edward Feser argues that you cannot fully understand Aquinas philosophy without his theology and vice versa Covering his thoughts on the soul natural law metaphysics and the interaction of faith and reason this will prove a indispensable resource for students experts or the general reader

**Thomas Aquinas's Summa Theologiae** Brian Davies, 2014-06-18 Following a scholarly account of Thomas Aquinas's life Davies explores his purposes in writing the Summa Theologiae and works systematically through each of its three Parts He also relates their contents and Aquinas's teachings to those of other works and other thinkers both theological and philosophical The concluding chapter considers the impact Aquinas's best known work has exerted since its first appearance and why it is still studied today Intended for students and general readers interested in medieval philosophy and theology Davies's study is a solid and reflective introduction both to the Summa Theologiae and to Aquinas in general **Guide to**

**St. Thomas Aquinas** Brenda Jackson, Penguin Books Staff, Ronald L McDonald, 1960-01-01 [Summary of Josef Pieper's Guide to Thomas Aquinas](#) Everest Media, 2022-06-22T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The thirteenth century was the specifically Occidental century It was a time of crisis for Christian intelligence as it was learning its own limits in the most forceful way Christianity had been severely challenged by the Arab world which had thrust itself into old Europe through translations from the Arabic into Latin 2 During the thirteenth century

Christendom was being shaken politically from top to bottom The universities were founded to assimilate classical ideas and philosophy and to a large extent they accomplished this The mendicant orders took the lead in moving out into the world beyond the frontiers of Christianity 3 The best introduction to the spirit of St Thomas is the book by G K Chesterton St Thomas Aquinas This is not a scholarly work but it is journalistic and it will give you a good understanding of the era 4 Thomas was born around 1225 in the castle of Roccasecca near Aquino a small town between Rome and Naples He was an Italian but his writings reflect the rapid and energetic speech of south Italians
