Technical Writing 101 Alan S. Pringle, Sarah O'Keefe, 2003 Engineers' Guide to Technical Writing Kenneth G. Budinski, 2001-01-01 Annotation An engineer with experience in the automotive and chemical process industries Budinski has compiled material he used to train new engineers and technicians in an attempt to get his co-workers to document their work in a reasonable manner He does not focus on the mechanics of the English language but on the types of documents that an average technical person will encounter in business government or industry He also thinks that students with no technical background should be able to benefit from the tutorial c Book News Inc

A Concise Guide to Technical Communication Heather Graves, Roger Graves, 2020-11-06 This compact but complete guide shows that less is more with fewer extraneous details getting in the way of students trying to learn on the run it allows them to focus on the most important principles of effective technical communication The Concise Guide takes a rhetorical approach to technical communication instead of setting up a list of rules that should be applied uniformly to all writing situations it introduces students to the bigger picture of how the words they write can affect the people intended to read them Assignments and exercises are integrated throughout to reinforce and test knowledge
