Guidelines For Contemporary Catholics Sexuality Guidelines For Contemporary Catholics:

Human Sexuality in the Catholic Tradition Kieran Scott, Harold Daly Horell, 2007 Contemporary culture provides conflicting and confusing messages about the meaning and purpose of human sexuality and often sex education that is offered often does not promote a mature integrated understanding of sexuality Human Sexuality in the Catholic Tradition meets the great need for pastoral guidance in addressing moral issues of sexuality in both the Church and broader culture today Kieran Scott and Harold Horell explore with other leading scholars how to draw from the best Christian faith traditions to renew our understanding of sexuality explore the integration of our sexuality and our spirituality and develop life affirming and life sustaining ways of approaching contemporary sexual issues This book explores sexuality from spiritual psychological moral and ministerial perspectives and addresses specific issues such as sex and marriage celibacy homosexuality and cohabitation

Religious Freedom After the Sexual Revolution Helen Alvare, 2022-06-24 Laws mandating cooperation with the state's new sexual orthodoxy are among the leading contemporary threats to the religious freedom of Catholic institutions in the United States These demand that Catholic schools health care providers or social services cooperate with contraception cohabitation abortion same sex marriage or transgender identity and surgeries But Catholic institutions responses seem thin and uninspiring to many They are criticized as legalistic authoritarian bureaucratic retrograde and hurtful to women and to persons who identify as LGBTQ They are even called un-Christian They invite disrespect both for Catholic sexual responsibility norms and for religious freedom generally not only among lawmakers and judges but also in the court of public opinion which includes skeptical Catholics The U S Constitution protects Catholic institutions autonomy their authority over faith and doctrine internal operations and the personnel involved in personifying and transmitting the faith Other constitutional and statutory provisions also safeguard religious freedom if not always perfectly Catholic institutions could take far better advantage of all of these existing protections if they communicated first how they differ from secular institutions how their missions emerge from their faith in Jesus Christ and their efforts both to make his presence felt in the world today and to display the inbreaking of the Kingdom of God Second they need to draw out the link between their teachings on sexual responsibility and love of God and neighbor Drawing upon Scripture tradition history theology and empirical evidence Helen Alvar frames a more complete inspiring and appealing response to current laws attempts to impose a new sexual orthodoxy upon Catholic institutions It clarifies the ecclesial nature of Catholic schools hospitals and social services It summarizes the empirical evidence supporting the link between personnel decisions and mission and between Catholic sexual responsibility norms and human flourishing It grounds Catholic sexual responsibility teachings in the same love of God and neighbor that animate the existence operations and services of Catholic institutions

Affairs at Catholic Colleges and Universities ISACC this book is the first of its kind to focus not only on student affairs in Catholic higher education but on lay men and women who received training at secular institutions An essential book for administrators staff and faculty at Catholic institutions of higher learning Catholics in the Vatican II Era Kathleen Sprows Cummings, Timothy Matovina, Robert A. Orsi, 2018 For the first time this volume takes a global and comparative approach to the lived local history of Vatican II Uniform Trade List Annual , 1989 Christianity and Sexuality in the Early Modern World Merry Wiesner-Hanks, 2014-05-22 The book surveys the ways in which Christian ideas and institutions shaped sexual norms and conduct from the time of Luther and Columbus to that of Thomas Jefferson It is global in scope and geographic in organization with chapters on Protestant Catholic and Orthodox Europe Latin America Africa and Asia and North America All the key topics are covered including marriage and divorce fornication and illegitimacy clerical sexuality same sex relations witchcraft and love magic moral crimes and inter racial relationships Each chapter in this second edition has been fully updated to reflect new scholarship with expanded coverage of many of the key issues particularly in areas outside of Europe Other updates include extra analysis of the religious ideas and activities of ordinary people in Europe and new material on the colonial world The book sets its findings within the context of many historical fields the history of sexuality and the body women s history legal and religious history queer theory and colonial studies and provides readers with an introduction to key theoretical and methodological issues in each of these areas Each chapter includes an extensive section on further reading surveying and commenting on the newest English language secondary literature Irish women and the creation of modern Catholicism, 1850-1950 Cara Delay, 2019-03-26 This is the first book length study to investigate the place of lay Catholic women in modern Irish history It analyses the intersections of gender class and religion by exploring the roles that middle class working class and rural poor women played in the evolution of Irish Catholicism and thus the creation of modern Irish identities The book demonstrates that in an age of Church growth and renewal stretching from the aftermath of the Great Famine through the Free State years lay women were essential to all aspects of Catholic devotional life including both home based religion and public rituals It also reveals that women by rejecting negotiating and reworking Church dictates complicated Church and clerical authority Irish women and the creation of modern Catholicism re evaluates the relationship between the institutional Church the clergy and women positioning lay Catholic women as central actors in the making of modern Ireland More than a Monologue: Sexual Diversity and the Catholic Church J. Patrick Hornbeck II, Michael A. Norko, 2014-03-03 This volume like its companion *Voices of Our Times* collects essays drawn from a series of public conferences held in autumn 2011 entitled *More than a Monologue* The series was the fruit of collaboration among four institutions of higher learning two Catholic universities and two nondenominational divinity schools The conferences aimed to raise awareness of and advance informed compassionate and dialogical conversation about issues of sexual diversity within the Catholic community as well as in the broader civic worlds that the Catholic Church and Catholic people inhabit

They generated fresh rich sets of scholarly and reflective contributions that promise to take forward the delicate work of theological ethical and ecclesial development Along with *Voices of Our Times* this volume captures insights from the conferences and aims to foster what the Jesuit Superior General Fr Adolfo Nicolas has called the depth of thought and imagination needed to engage effectively with complex realities especially in areas marked by brokenness pain and the need for healing The volumes will serve as vital resources for understanding and addressing better the too often fraught relations between LGBTQ lesbian gay bisexual transgender and queer persons their loved ones and allies and the Catholic community Inquiry Thought and Expression explores dimensions of ministry ethics theology and law related to a range of LGBTQ concerns including Catholic teaching its reception among the faithful and the Roman Catholic Church s significant role in world societies Within the volume a series of essays on ministry explores various perspectives not frequently heard within the church Marriage equality and the treatment of LGBTQ individuals by and within the Roman Catholic Church are considered from the vantage points of law ethics and theology Themes of language and discourse are explored in analyses of the place of sexual diversity in church history thought and authority The two volumes of *More than a Monologue* like the conferences from which they developed actively move beyond the monologic voice of the institutional church on the subject of LGBTQ issues inviting and promoting open conversations about sexual diversity and the church Those who read Inquiry Thought and Expression will encounter not just an excellent resource for research and teaching in the area of moral theology but also an opportunity to actively listen to and engage in groundbreaking discussions about faith and sexuality within and outside the Catholic Church

Rønsdal,2021-05-30 This book reconstructs the connection between religion and migration drawing on post colonial perspectives to shed light on what religion can contribute to migrant encounters Examining the resources and motives for hospitality as lived in Christian contexts in the Nordic region it addresses the content of talk about religion in public discourse the concept having become something of an empty signifier in debates surrounding migration Multidisciplinary in approach this volume demonstrates that religion is not in fact an empty signifier but gains substance through practice and interpretation Considering the undeveloped potentiality of religion and the manner in which the unseen religious perspective in secularity becomes manifest in practice this volume will appeal to social scientists and scholars of religion with interests in migration refugee studies theology and Christian practice *The New Catholic Feminism* Tina Beattie,2004-06-01 It is hard to over estimate the challenge that feminism poses to Roman Catholicism Pope John Paul II s call for a new feminism has led to the development of a Catholic theological response to the so called old feminism The New Catholic Feminism sets up a dramatic encounter between the orthodox Catholic establishment and contemporary critical theory including feminist theology and philosophy queer theory and French psycholinguistics in order to explore fundamental questions about human identity personhood and gender From the naked bodies of Eden to the gay nuptials of liturgy it argues that the strange and volatile world of Catholic sexual symbolism cannot be tamed to meet the ideological agendas of either feminist theology or conservative Catholicism Only through a radical re evaluation of the sacramental significance of the sexed human body might the Catholic Church provide a redemptive response to the sexual politics of contemporary society **Juvenile Sexuality, Kabbalah, and Catholic Reformation in Italy** Roni Weinstein,2009-09-24 This book provides the first publication of the tract Tiferet Bahurim The Glory of Youth which was written in the mid seventeenth century by R Pinhas Barukh ben Pelatiah Monselic in Ferrara Italy The tract was written as a guide for young men about to marry regarding their family life and their sexual deportment By analyzing the Tiferet Bahurim Roni Weinstein addresses the following questions What was the source of the growing interest in sexuality and controlling juvenile sexuality How is this

tract related to centuries old Jewish ethical literature as well as literature in contemporary Catholic Italy Is the Tiferet Bahurim part of the religious and cultural fermentation of the Counter Reformation Finally did Jewish mysticism and pietism of Kabbalah tradition play a role in the composition of this tract **Catholic Education: Distinctive and Inclusive** J. Sullivan,2013-03-09 How coherent is the claim that Catholic education is both distinctive and inclusive This question so crucial both for the adequate articulation of a *raison d'être* for Catholic schools all over the world and also for the promotion of their healthy functioning has not hitherto been addressed critically Here it receives penetrating analysis and constructive resolution in a comprehensive treatment that integrates theological philosophical and educational perspectives The argument draws on wide ranging scholarship offering new insights into the relevance for Catholic education of thinkers whose work has been relatively neglected The advance in understanding of how distinctiveness relates to inclusiveness is underpinned by the author's lengthy experience of teaching and leadership in Catholic schools it is further informed by his extended and continuing dialogue with Catholic educators at all levels and in many different countries *The Critic* ,1985 **Pope Francis and the Transformation of Health Care Ethics** Todd A. concern with the body and sexuality The Catholic church is commonly believed to have always opposed birth control and abortion throughout the centuries Yet the Catholic encounter with modern sexuality has a more complex and interesting history What was the meaning of sexual purity Why did eugenics matter to Catholicism How did the Society of Jesus interpret the idea of overpopulation Why did Pius XI decide to issue the notorious encyclical *Casti connubii* on Christian marriage the first modern papal pronouncement on birth control abortion and eugenics In answering these questions Lucia Pozzi uncovers new archival and unpublished records to dig into Catholic responses to modern sexual knowledge showing the Catholic church at times resisting but also often welcoming scientific modernity
