Inscribing Faith in Late Antiquity Sean V. Leatherbury,2019-07-26 Inscripting Faith in Late Antiquity considers the Greek and Latin texts inscribed in churches and chapels in the late antique Mediterranean c 300 800 CE compares them to similar texts from pagan Jewish and Muslim spaces of worship and explores how they functioned both textually and visually These texts not only recorded the names and prayers of the faithful but were powerful verbal and visual statements of cultural values and religious beliefs conveying meaning through their words as well as through their appearances In fact the two were intimately connected All of these texts Christian Jewish Muslim and pagan acted visually embracing their own materiality as mosaic paint or carved stone Colourful and artfully arranged the inscriptions framed human relationships with the divine encouraged responses from readers and made prayers material In the first in depth examination of the inscriptions as words and as images the author reimagines the range of aesthetic cultural and religious experiences that were possible in spaces of worship Inscripting Faith in Late Antiquity is essential reading for those interested in Roman late antique and Byzantine material and visual culture inscriptions and other texts and religious life in the ancient Mediterranean

Money and Faith Michael Schut,2008-08-01 Talking about money in a personal way remains more of a taboo than sex or politics This seems odd within a Christian context since Jesus addressed topics of money poverty and wealth more than any other concerns For many money becomes an idol we see it in our own culture as we pursue economic growth no matter the cost to the overall well being of God s creation When that happens enough is always more than we have right now and scarcity becomes the lens through which we see the world On a personal level this book opens up issues of scarcity and abundance idolatry and freedom on a societal level it invites exploration of greater equity and sustainability On both levels it empowers individuals and groups to apply

their faith's values in practical ways while taking pastoral and prophetic stances. The author suggests we need to experience the nurturing companionship of a wise compassionate pastor or spiritual guide in our relationship to money while also needing to experience the power, strength, anger, and call to repentance of an Old Testament prophet. People want to connect their values with everyday concerns while discovering ways to make a positive difference. This book helps them do both. Includes a comprehensive study guide within the book for groups and individuals. Contributors include Henri Nouwen, Dave Barry, Walter Brueggemann, David Boyle, Lynne Twist, Lewis Hyde, William Stringfellow, John Haughey, Ched Myers, Bill McKibben, Sallie McFague, William Greider, Leonardo Boff, Jean Bertrand Aristide, Victoria Tauli Corpuz, Maria Harris, Rich Lang, Wayne Muller, Sharon Parks, Rodney Clapp, Ted Nace, Lester Brown, Pete Barnes, Andy Loving, Edgar Cahn, Sarah Tarver, Wahlquist, Susan Wilkes, Jim Klobuchar.

The Impact of Culture and Faith in Dementia Care Michael Silbermann, Ann Berger, 2023-10-05. This book provides the reader with a deeper understanding of the symptoms and palliative care needs of patients with dementia and their families. The book addresses the unique role of different cultures throughout the world and how this impacts psycho-social-spiritual healing. By looking at how patients with dementia are cared for in low, middle, and high income countries, we can not only learn about cultures globally but learn from one another about unique and special models of care. Our hope is that by learning from different cultures, care for patients with dementia and their families will improve on a global scale. The book will be very useful for anyone involved in care for patients with dementia and their families, including neurologists, primary care physicians, psychiatrists, and physiotherapists, nurses, nurse practitioners, psychologists, spiritual ministry, social workers, and volunteers.

Sexual Identity and Faith Mark A. Yarhouse, 2019-02-20. Christians who struggle with a conflict between their sexual and religious identities have few therapeutic options available to them. Sexual orientation change efforts (SOCE) have rightly fallen out of favor and are no longer practiced by most clinicians. At the same time, the common approach of gay affirmative therapy (GAT) can at times present challenges and may not be a good fit when clients hold to conventional religious beliefs and values. An alternative to these methods is Sexual Identity Therapy (SIT), an approach that aims to provide individuals with a safe therapeutic space to explore the tension between their sexuality and their faith. Working within the SIT framework, clients are able to resolve their inner conflict to their personal satisfaction and to freely choose a coherent identity that enables them to move forward in life. SIT has several stages, each designed to enable the client to make meaning out of his or her same-sex sexuality. At no point in the process is the client encouraged to choose one sexual identity over another. The ultimate goal of SIT is congruence. Congruence is achieved when a person freely adopts an identity and lives it out in ways that are in keeping with his or her beliefs and values. The SIT model is brought to life throughout the book with the help of case studies drawn from the author's 20 years of experience. Written for both Christian and non-religious clinicians, *Sexual Identity and Faith* is an informed, respectful, and nuanced guide to help people navigate the difficult conflict between who they are sexually and what they believe religiously.
