Guilty Secrets:

Suspicious Readings of Joyce's "Dubliners" Margot Norris, 2010-11-24 Because the stories in James Joyce's *Dubliners* seem to function as models of fiction they are able to stand in for fiction in general in their ability to make the operation of texts explicit and visible Joyce's stories do this by provoking skepticism in the face of their storytelling Their narrative unreliabilities produced by strange gaps omitted scenes and misleading narrative prompts arouse suspicion and oblige the reader to distrust how and why the story is told As a result one is prompted to look into what is concealed omitted or left unspoken a quest that often produces interpretations in conflict with what the narrative surface suggests about characters and events Margot Norris's strategy in her analysis of the stories in *Dubliners* is to refuse to take the narrative voice for granted and to assume that every authorial decision to include or exclude or to represent in a particular way may be read as motivated *Suspicious Readings of Joyce's Dubliners* examines the text for counterindications and draws on the social context of the writing in order to offer readings from diverse theoretical perspectives *Suspicious Readings of Joyce's Dubliners* devotes a chapter to each of the fifteen stories in *Dubliners* and shows how each confronts the reader with an interpretive challenge and an intellectual adventure Its readings of *An Encounter* *Two Gallants* *A Painful Case* *A Mother* *The Boarding House* and *Grace* reconceive the stories in wholly novel ways ways that reveal Joyce's writing to be even more brilliant more exciting and more seriously attuned to moral and political issues than we had thought *Healing Pluto Problems* Donna Cunningham, 2023-12-04 Discover how understanding Pluto in your birth chart can help you understand aspects of your childhood adulthood and your life In *Healing Pluto Problems* Donna Cunningham explains how Pluto functions in the birth chart and shows how Plutonian problems can manifest throughout one's life Pluto's energy is extremely potent and powerful In astrology it is considered a generational planet the length of its orbit 248 years means it influences both individuals and entire generations as it travels through the zodiac Cunningham shows how transiting Pluto aspects can affect childhood adulthood and life in general Symbolically Pluto governs our compulsive behavior all those things we know we shouldn't do but feel compelled to do anyway It also represents the hidden dimension of our emotional lives all the parts of ourselves that we'd rather bury in our subconscious and not reveal to others With numerous case studies to bring her insights to life Cunningham's interpretations written with care and compassion are straightforward and easy to grasp She presents her material with warmth and empathy without avoiding the tough lessons that Pluto has to offer Cunningham addresses such topics as Guilt resentment and fear Emotional secrets and their contribution to self isolation Incest abuse and domestic violence Pluto and the need for power and control The psychology of being a victim Death and transformation The consequences of avoiding grief Interested not only in diagnosing Pluto problems Cunningham also gives us tools for healing those problems affirmations flower remedies exercises for working with the chakras and shows us how to use Pluto transits for growth This Weiser Classics edition includes a foreword by Lisa Stardust author of *Saturn Return Survival Guide* In

astrology Pluto represents destruction and creation Pluto is a dwarf planet that is always pushing us to evolve and grow so that we align with the times and themes of our lives This ultimate evolutionary experience brings us to our truest selves As lord of the underworld Pluto represents the juxtaposition between life and death that which defines transformation Donna Cunningham's *Healing Pluto Problems* was the first book I read on Pluto It helped me comprehend the depths and significance of Pluto and how to use the planet to my advantage Also it gave me a chance to see myself clearly and understand my feelings Not only that but I gained insight into my relationships I can honestly say that I have become a more mature and self aware person from reading this book Now I know why I act out when pushed to the limit and how to temper myself when I begin to seek such actions from the foreword

Do You Read Me? J.F. Miller, 2018-05-11 A fascinating and compelling exploration of the learning process for parents teachers and anyone with an interest in education Reading and writing are fundamentally about the communication of meaning Yet when a child has difficulty in learning to read and write the one area that is never seen as having any relevance is the child's life experiences The author's contention is that the concept of dyslexia is something that has been invented rather than discovered in order to evade the question of meaning and the understanding of the individual Based on the author's thirty years experience of both educational psychology and analytical therapy the book sets out a radical approach to learning difficulties in which the primary assumption is that there will usually be underlying emotional conflicts tensions and anxieties Any learning disability is thus more likely to be the symptom of less evident personal difficulties rather than a problem in itself The book examines with examples typical patterns of personal and emotional difficulty that give rise to learning problems

Harlan Ellison's Watching Harlan Ellison, 2015-03-10 An enjoyable irascible collection of smart and sometimes scathing film criticism from a famously candid author Library Journal Everyone's a critic especially in the digital age but no one takes on the movies like

multiple award winning author Harlan Ellison Renowned both for fiction A Boy and His Dog and pop culture commentary The Glass Teat Ellison offers in this collection twenty five years worth of essays and film criticism It s pure raw unapologetic opinion Star Wars Luke Skywalker is a nerd and Darth Vader sucks runny eggs Big Trouble in Little China A cheerfully blathering live action cartoon that will give you release from the real pressures of your basically dreary lives Despite working within the industry himself Ellison never learned how to lie So punches go unpulled the impersonal becomes personal and sometimes even the critics get critiqued as he shares his views on Pauline Kael or Siskel and Ebert Ultimately it s a wild journey through the cinematic landscape touching on everything from Fellini to the Friday the 13th franchise As Leonard Maltin writes in his preface I don t know how valuable it is to learn Harlan Ellison s opinion of this film or that but I do know that reading an Ellison essay is gong to be provocative infuriating hilarious or often a combination of the above It is never time wasted Let me assure you Harlan Ellison is never dull

Lying Minds: An Insider's Guide to Alcoholism David Horry,2020

Lying Minds An Insiders Guide to Alcoholism Alcoholics are not damaged faulty or broken and we aren t bad or weak people we are deceived deceived by our own minds Most people that drink heavily in their youth will mature out of it and those that drink to relieve some distress will moderate their drinking if that distress is removed but we do not Our minds do not spontaneously curb excessive drinking they do the opposite they encourage it Alcohol changes the way that we think lowers our mood and distorts our memory Our minds compel us to drink more and we become progressively more anxious depressed fearful alone and hopeless all of which are relieved by drinking Drinking seems to us that it brings relief from our problems whereas in fact it amplifies them so we drink more This is how our minds trap us into a self reinforcing pursuit of alcohol and that does not happen to most other people We are not broken or faulty but we are different All people are different in some way Some are tall some are short but we also all have unseen differences within us Some are bolder than others some more timid some artistic and some more analytical But we have differences that make us susceptible to addiction and once that susceptibility is engaged then it forms into an ever strengthening force that propels us towards our own destruction This book explains how our minds become deceived by alcohol and how it changes our motivation emotions memory and thinking If you want to understand the why s of alcoholism why we have to have that first drink why we can t stop at one why we drink more often than we intend why we keep drinking even though bad things happen and why we can t drink like normal people then this book will tell you It explains why we can never safely drink again and the deeper truth that we never could in the first place
