Australian Rock Chronicles 1964-1969 Paul Vincent,2025-04-28 This is the sequel to my first book Australian Rock Chronicles 1955 1964 and delves into the next chapter of Australian rock music the second wave from 1964 to 1969 The first wave of rock music was heavily influenced by American artists whereas British group The Beatles ushered in a whole new direction in popular music around the world in early 1964 Their Merseybeat style of music revitalized the Australian live music scene which changed irrevocably and virtually overnight and without doubt became one of the most vibrant and exciting in the world Australians were switched on early to their music thanks in no small part to a nucleus of British immigrants The second wave consisted of two phases The beat boom between mid 1964 and 1967 was the first and

was without doubt one of the most vibrant and exciting live music scenes in the world and leading the charge of a whole new generation of local beat stars were Billy Thorpe and The Aztecs Ray Brown and The Whispers Tony Worsley and The Fabulous Blue Jays The Easybeats Normie Rowe and The Playboys and The Twilights just to name a few Dubbed The Scream Years of Australian pop music it produced some of the classics of Australian pop rock music culminating in the international chart success of The Easybeats Friday On My Mind in late 1966 Rhythm and blues or R B and blues rock were also popular genres during the period with the likes of The Purple Hearts The Missing Links The Throb Bay City Union and The Wild Cherries leading the way During the second phase between 1967 and the start of the Seventies popular music began to diversify with the rise of new genres of rock music like psychedelic rock acid rock progressive rock and bubblegum rock with artists like The Masters Apprentices Jeff St John and Copperwine Tamum Shud Chain Tully The Valentines The Flying Circus and Zoot rose to prominence The second wave also produced some of Australia s finest male and female solo pop singers including Normie Rowe Lynne Randell Johnny Young Bev Harrell Ronnie Burns Johnny Farnham and Russell Morris Additionally it produced two of Australia s most successful international acts The Seekers and The Bee Gees

Class a Member Gary Allen Shann,2021-05-28 In February 64 a new sound filled the airwaves Four young Englishmen arrived on American shores They were the British Wave s spearhead sparking the most prolific and diverse era in music history before or since Thinking all they needed were guitars drums and a few voices that could carry a tune thousands of thirteen year olds jumped on the bandwagon as the fever spread like wildfire across America It would be a time like no other Who imagined that the price of passage into rock n roll would eventually include their hearts souls and in some cases lives Or that a small club in an old resort town on the Jersey shore would become the epicenter

The Star of Bethlehem Mark Kidger,2017-03-14 Two thousand years ago according to the Bible a star rose low in the east and stopped high above Bethlehem Was it a miracle a sign from God to herald the birth of Christ Was there a star at all or was it simply added to the Bible to fulfill the Old Testament prophecy concerning the birth of the Messiah Or was the Star of Bethlehem an actual astronomical event For hundreds of years astronomers as prominent as Johannes Kepler have sought an answer to this last baffling question In The Star of Bethlehem Mark Kidger brings all the tools of modern science years of historical research and an infectious spirit of inquiry to bear on the mystery He sifts through an astonishing variety of ideas evidence and information including Babylonian sky charts medieval paintings data from space probes and even calculations about the speed of a camel to present a graceful original and scientifically compelling account of what it may have been that illuminated the night skies two millennia ago Kidger begins with the stories of early Christians comparing Matthew s tale of the Star and the three Magi who followed it to Bethlehem with lesser known accounts excluded from the Bible Crucially Kidger follows the latest biblical scholarship in placing Christ s birth between 7 and 5 B C which leads him to reject various

phenomena that other scientists have proposed as the Star In clear colorful prose he then leads us through the arguments for and against the remaining astronomical candidates Could the Star have been Venus What about a meteor or a rare type of meteor shower Could it have been Halley s Comet as featured in Giotto s famous painting of the Nativity Or as Kidger suspects was the Star a combination of events a nova recorded in ancient Chinese and Korean manuscripts preceded by a series of other events including an unusual triple conjunction of planets Originally published in 1999 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
