that there is an overabundance of information available today and only a small percentage of people ever really learn anything. Most of them quit because they get overloaded with all the lessons, tips, tricks, advice. They don't know where to begin and what to work on in order to get the exact skills needed to play something that interests them and then quickly burn out. When new guitar players don't get the wanted results, they start thinking it's because of their lack of talent and they start losing inspiration. All that leads to having more and more excuses to not practice, eventually losing interest and quitting. While having the correct mindset when learning any new skill is very important, the biggest issue is usually in the lack of a proper structure, a step by step information which is exactly what this book gives you. It takes you step by step in detail from the beginning to mastering the basics on guitar. Mastering guitar basics can be divided into four stages: 1. Learning about How guitars work, How to choose and buy the best first guitar, Essential guitar accessories, Guitar parts, Ideal mindset for learning guitar and failing to quit ever. 2. Learning the very basic music theory and how it applies on guitar and practical aspects of getting started on guitar, Learning about the note circle, Where does guitar tuning come from, Names of the open strings, How to find notes on guitar, How to read tabs and chord boxes, How to hold a pick and correct body posture. 3. Learning how to play the basic chords on guitar, 3 main types of chords, Learning the basic Major, Minor, and Dominant chords, How to play more advanced barre chords, How to build up the necessary finger strength and finger stretching capabilities in order to play all these chords, How to master the chord changes. 4. Developing your rhythm skills, Understanding the time signature, Learning how to strum a guitar, Playing chords with strumming patterns, Playing with a metronome. This book explains 15 basic chords that will get you started and keep you busy for awhile and it gives you the best exercises with a routine to build up your finger strength, master the chord changes and work on your finger stretching abilities in order to be able to play guitar chords. Learning guitar chords obviously isn't enough. If you want to play songs, you'll have to know how to strum them too and keep the rhythm going. That's why the last stage is all about strumming and developing your rhythm skills. This is the secret to really sounding good on guitar. Having amazing rhythm skills will make a difference from sounding mediocre to sounding like a professional guitar player. This is a comprehensive 100 page guide book with pictures, illustrations, chord diagrams, and tabs that will help you learn guitar as fast as possible. Tags: how to play guitar, guitar book, music theory, guitar exercises, guitar beginner.

**Guitar for Beginners** Guitar Head, 2019-07-16. It Took Me 3 Months to Play My First Song But You'll Be Doing That in Less Than A Week. It wasn't because I was slow or bad at guitar. Neither was it because I practiced less. I was simply misguided like every other person to ever pick up the guitar. I took the traditional method of learning where you learn all the chords and all the theory behind it before you get to the fun part. This also involves months of practice and learning boring theory. This book is here to end that, to simplify things, to make things so simple that you'll be playing your first melody on day 1 and your first song within 7 days. How can this book do that? You would have heard people say, "You need to learn theory to be a real guitarist." Well, Wrong. Not everyone needs to know theory.

why do you need to learn all the boring theory if it s of no use to you Why is this forced upon all guitarists This book cuts out all the cr p and gives you a streamlined process of mastering guitar Even if you failed every exam at school and you have never picked up a single instrument in your life you will be able to become a proficient guitar player without years and years of expensive guitar lessons With the right strategy you will get addicted to your guitar and the songs you are able to play How long will I have to practice Now I know you have other commitments in life and cannot spend 25 hours a day practicing guitar No one wants to do that This book has been designed with exactly that in mind It will give you goals for each of your 7 days with step by step instructions on what to play each day You won t have to worry if you re practicing too less or too much the book will tell you what you need to be accomplishing each day Commit a few hours a day for 7 days and you ll make your friends and family jealous when you pull your guitar out It doesn t matter if you just enter primary school or you are about to retire This calculation applies to all 6 8 billion people between 6 and 80 years of age in this world In **Guitar for Beginners** you ll discover A practical day by day guide to own yourself and your guitar in less than 7 days How you be your guitar teacher and progress into the league of the big players The chords that will allow you to play your favorite songs A beyond beginners guide to prepare you for your musical journey Free audio tracks to help you with the charts Real photos to make sure you are not making any mistakes as you go And much more Many people buy a guitar and just look up their favorite songs on Youtube tutorials Unfortunately one of the most frustrating things about learning to play guitar is ironing out old mistakes Don t skip the basics and pick up bad habits that will become almost impossible to break later If you want to throw out your air guitar and impress everyone with your guitar skills then scroll up and click the Add to Cart button right now

**Folk Guitar for Beginners** Paul Howard,2005-05-03 For music lovers who always wanted to play folk guitar but have been put off by traditional guitar methods this book will get you playing right away without having to pick through heavy theory and music reading lessons first Enduring and beautiful folk songs are taught in a clear and easy to understand fashion that is perfect for every beginner You ll learn basic strumming fingerpicking and a variety of accompaniment styles Lyrics to the songs are included

**Beginner Guitar** Christian J. Triola,2018-07-23 There s something irresistible about guitar It s music and art Modern and classic Beautiful and rugged It s time alone and time with friends It s timeless It s for everyone It s a whole lot of fun And now it s easier to learn than ever before Learn at your own pace You open the book flip past the section about the various types of guitars and equipment You re on a mission You re thinking of that guitar you ve had sitting in the corner The one you promised yourself you d learn how to play You pick it up turn to the section on tuning and before long you re ready to go Next you follow the tabbed pages to the section on chords In minutes you ve learned how to read rhythm slashes and you re successfully strumming a couple of chords On a high you flip to the section on note reading Minutes later you can play three notes on the first string and for the first time ever you re reading the notes on a staff and keeping time This is fun You flip to the tablature section Woah this looks different but you read through the brief instructions and once

again you find you can do it Now you re playing notes on multiple strings and wait did I just play a song Why didn t I start playing years ago you ask yourself That s because you never had Beginner Guitar the newest book in The Missing Method for Guitar family It s everything you need to get started Beginner Guitar is not just another method book it s a guide to entering the world of guitar for yourself Each section allows you to move step by step through everything you ll need to become a confident player Explore the basics of the instrument including different types of guitars and equipment Learn to play chords including power chords and progressions Discover how much fun it can be to use tablature read notes or play by ear Practice fingerpicking techniques Try out various playing styles country rock folk jazz blues and classical Learn how to care for your instrument and change strings And much more You choose where to place your focus and when We ll provide the instruction photos and diagrams to make it easy Experience you can trust The Missing Method for Guitar is dedicated to creating high quality instructional materials that inspire and empower all levels of guitar player from absolute beginners to professional guitarists Author Christian J Triola has a BA in Music Jazz Studies a Master s degree in Education over a dozen published guitar books and 15 years experience teaching hundreds of students of all ages to play guitar It s time Join the millions of people who have discovered the joy of playing guitar Scroll up order your copy and get started today Need a left handed edition We have that too Search Beginner Guitar Left Handed Edition The All in One Beginner s Guide to Learning Guitar
